FLEXIBLE TUITION

Our commitment to educational equity is a fundamental component of the Fuqua School philosophy and a core belief of Mr. J.B. Fuqua when he founded the School. Managing the cost of tuition is a consideration for every family. To help, we use an easy and accessible approach called "Flexible Tuition" that bases tuition on how much a family can contribute toward a child's tuition. Flexible tuition is based on the principle that a family's financial commitment should be in equitable proportion to its financial resources.

To help us objectively assess what a family is able to contribute to educational expenses, Fuqua uses FACTS as a trusted third-party resource. We use these calculations as the baseline for our Flexible Tuition determinations. To learn more and complete the Flexible Tuition application, please visit FACTS online at factsmgmt.com.

Notification of tuition determinations will be released only after the application is completely verified through FACTS. Decisions about admission and flexible tuition are two processes that are distinctly separate. It is our goal to provide you with a confidential and transparent process that allows you to evaluate your ability to manage this investment and sustain your child's enrollment at Fuqua School.

Flexible Tuition determinations are made on a first come first serve basis and the funding for this program is limited. It is important for families to complete both the application/enrollment process and the Flexible Tuition process as early as possible in the enrollment season while funds are still available.

Can you pay your Fuqua School tuition with a Virginia529 Savings Plan?
