

# Notification Settings

Notification settings allow users to opt out of receiving specific kinds of notifications and establish thresholds for those they want to receive. Set thresholds to only receive notifications when a grade or score falls below the selected percentage or a lunch balance falls below the selected dollar amount. Click the arrows to change the threshold or click and drag the dot.

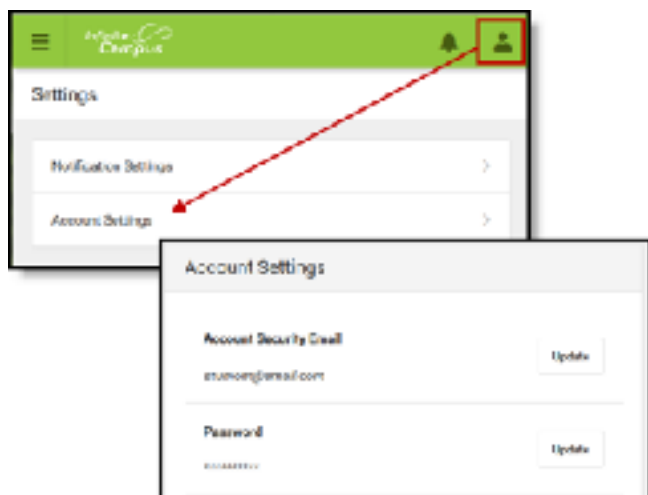

Notifications are not sent for any tools that have been disabled by the district. Only districts using Campus Food Service receive low balance notifications.

# Account Settings

Account settings allow users to update their security email on record or to change their Password and E-Signature PIN.

- The Account Security Email is the email used if a user forgets their username or password.
- Strong passwords are enforced, meaning that passwords should have a mix of letters, number, and characters to make them more secure.

# Contact Preferences

Manage your contact preference by selecting the desired language and when you receive message, and how you receive that message (phone call, email, or text message). If your school has turned on certain options, you may be able to modify your phone numbers and email addresses.

From the **User Menu**, select **Settings**, then select **Contact Preference**. Review existing contact information (phone numbers and email addresses), enter any updates, and mark your desired Messenger Preferences. When phone and email changes are made, an email notification acknowledging the change is sent to the individual, alerting them to changes they may not have made.

**Message Preferences**  
 For each notification type, select how you prefer to receive messages by checking Voice, Text (SMS), or Email.  
 If the Text (SMS) option is enabled, message and data rates may apply. Charges are dependent on your service plan, which may include fees from your carrier to send and receive text messages. To opt out, uncheck the Text (SMS) box at any time.
