ABOUT THE PROJECT

The Connecticut Veterans Memorial—West Hartford is a unique testimonial dedicated to all members of the Armed Services who served the United States beginning with the earliest conflict in our country's history, the King Philip War, up to the present War on Terror. It will be located in Veterans Park, opposite the Town Green in West Hartford Center.

This Veterans Memorial is a sculptural expression of time and emotion that commemorates the history of all wars. The memorial is a circular **Wall of Peace** that salutes those who gave their lives for our country. The wall is a timeline, constructed of blocks of polished black granite in the form of a circle. At each point along the timeline when our Armed Forces went into conflict, the smooth circular wall is violently broken, and the names of the West Hartford Veterans who gave their lives during that conflict are engraved on the **Wall of Peace**.

An important feature of the memorial's design for the community is a **Walk of Honor**. This walkway adjacent to the wall, is composed of solid granite pavers, dedicated to those who served their country. The name of any veteran who served in the United States Armed Services may be engraved on these stones. The Wall of Peace leads to the green lawn, an inner space of reflection and peace.

To bind the past forever with the future, soils from battlefields and waters from war zones around the world will be combined with Connecticut earth in the center of the memorial—The **Court of Honor**. In the quiet ambience of the memorial, when water bubbles from a fountain and soft lights illuminate the grounds, one almost can hear a soft whisper from those we honor . . . "Remember me!"

The memorial and walkway serve as a monument to the spirit, sacrifice and commitment of the American people to the common defense of our Nation and the greater good of world peace and freedom. Please join us in this dedication to make this memorial become a reality.
