SCHOOLS

# THE SOURCE 2020

A directory of products and services for  
high-quality international British schools overseas

In partnership with:

Department for  
International Trade

[www.cobis.org.uk](http://www.cobis.org.uk)

Working alongside the UK Department of International Trade  
to promote export and inward investment to global businesses.

# The Source

## Your 2020 Guide to COBIS Supporting Member Services

The Council of British International Schools (COBIS) is a membership association representing over 500 member British international schools and corporate organisations of global quality.

A fundamental aim of COBIS is to support its members through the delivery of a range of different services and to represent their interests in Britain and overseas, particularly with Government, education authorities and educational associations. COBIS is committed to advancing the aims of British schools overseas and the commercial organisations that export education resources, products and services.

The Source is a yearly publication of the directory of COBIS Supporting Members and the services they provide. This publication is just one of the ways in which we make these introductions, alongside online webinars, email campaigns, the COBIS blog and of course, our fantastic COBIS Annual Conference exhibition.

Choosing the right commercial partner for your school is an important decision and at COBIS, we hope this tool will help make your search easier.

---

Jestico & Whites, established in 1977, is an award winning architecture and interior design practice with offices in London and Prague. At the forefront of innovation and design excellence, the practice has won over one hundred national and international awards. The Practice has completed a wide range projects throughout Europe, India and China and has won over 100 international and national design awards. The practice works across a range of disciplines including hotels, restaurants, cinemas, museums, cultural centres, public buildings, transport, residential and education, working with both new and historic buildings. Each project shows the same careful, consistent approach with a strong commitment to design excellence and considered use of the earth's resources, across a diverse portfolio.

## Scott Brownrigg

Scott Brownrigg is an award winning international design practice providing architecture, masterplanning, urban design, town planning and interior design services across all major sectors.

The practice has UK offices in London, Battersea, Guildford, Cardiff and Edinburgh, and overseas offices in New York, Singapore, Hong Kong and Moscow. This together with strategic alliances in the Middle East enables the practice to serve its growing international client and project base.

Scott Brownrigg is working with independent schools in the UK and overseas on projects ranging from estate strategy development and masterplanning, to new build, remodelling and refurbishment. It has extensive primary school, secondary school, further and higher education design experience and an impressive portfolio.

The practice has a track record that spans all major UK Government school development programmes including PSPB, other EFA framework projects, BSF and earlier PFI initiatives - covering school models including UTC's, free schools, through-schools, academies, studio schools and SEN.

## Cambridge International Examinations

Cambridge Assessment International Education prepares school students for life, helping them develop an informed curiosity and a lasting passion for learning. We are part of the University of Cambridge. Our Cambridge Pathway gives students a clear path for educational success from age 5 to 19. Schools can shape the curriculum around how they want students to learn – with a wide range of subjects and flexible ways to offer them. It helps students discover new abilities and a wider world, and gives them the skills they need for life, so they can achieve at school, university and work.

## Educater

Educater is a smart software solution for schools, consisting of tracking & assessment, home to school communication and electronic SEND paperwork management.

Educater fully integrates with many leading school's information management systems to reduce the time and effort required to administer assessment, SEND documentation and whole-school progress monitoring. It is accessible through both desktop and mobile devices so that information is available in any classroom setting. The system can generate a variety of documents for both internal and external use, such as EHC Plans, progress reports and letters & texts sent home, providing a one-stop-shop for school administration requirements.

## Classroom Monitor

Wherever you are, Classroom Monitor has the flexibility to fit your local needs. That's why our community of British international schools is growing fast.

Classroom Monitor gives overseas schools a way to track progress against the English National Curriculum and any other framework you need to follow. It gives you instant data reports to meet the demands of your local and international inspectorates.

You'll find Classroom Monitor in over 30 countries because it's so adaptable. All you need is an internet connection – you can use it anywhere, any time and on any device.

As an international school, it's likely that you teach a very broad range of subjects, including native languages. All subjects can be added to Classroom Monitor for your formative assessment. You can even import summative test data from any source for tracking and analysis.

### GL Education

For 40 years, GL Education has been a provider of high-quality, research-based assessments for children's education, mental health and wellbeing. We aim to provide schools with the tools to deliver personalised learning that improve attainment and ensure that every student reaches their potential; a 360 degree approach to assessment that delivers a whole student view. All of our work has a strong base of academic research supporting it. Our assessments are designed in collaboration with leading institutions including the University of Cambridge, University College London, Kings College London and the University of Nottingham. We are the UK's leading provider of formative assessments and our tests are used in schools in over 100 countries worldwide to address the challenges of admissions, benchmarking, measuring progress and working with significant numbers of EAL students.

### NQT Induction & Support

The NQT Induction and Support Team is a small and friendly team, that prides itself on its good relationship with its customers, built up over many years. We provide specialist support, guidance and advice on NQT induction for over 900 NQTs each year in schools, HE colleges and academies across England and in British Overseas Schools. The team delivers a comprehensive service including an online system for schools to submit termly NQT assessments, online resources for NQTs and their tutors, termly newsletters with timely information about the induction process and much more! Our service ensures schools will be able to fulfil the statutory responsibilities for NQT Induction and only costs £225 for the first NQT and £165 for each subsequent NQT at the same school. For more information and to register your NQTs, please contact the team on 03000 421149 or email us at [NQT@kent.gov.uk](mailto:NQT@kent.gov.uk)

## Password English Language Testing

Since their launch in 2008, Password tests have been used by over 250 educational institutions in 120 countries worldwide for accurate and reliable 'gold standard' English and maths assessment. Developed by world leading experts in testing and assessment in conjunction with the UK independent schools sector, Password Pupil tests are used by British independent and international schools to assess students both pre and post arrival in order to support student recruitment and admission. Password Pupil tests are aligned to international standards, simple to administer and deliver accurate results. Password partner schools benefit from a combination of high quality and easily accessible testing operated under their own brand. Test delivery, results and certificates are all securely managed online, eliminating the need to create, print and mark exam papers. Password tests are administered by our partner schools' own staff and trusted representatives, or by the British Council, wherever and whenever required.

### Renaissance Learning

At Renaissance, we provide cloud-based assessment and practice solutions to over 45,000 schools across the world. In 1986, our founders set out to enable dynamic academic practice through a digital platform, and this is still what we do today. We put learning analytics to work, saving hours of preparation and marking time and making truly personalised learning possible. We help schools to analyse students' abilities and guide high-quality instruction. From Star Assessments, providing actionable, reliable reading and maths data for students of all ages and abilities, to Accelerated Reader and Accelerated Maths to encourage independent growth, and myON, giving 24/7 access to thousands of enhanced digital books, all our products help us fulfil our mission to accelerate learning for all. Full product list: Star Assessments in reading, maths and early literacy; Accelerated Reader; Accelerated Maths; myON; Freckle for maths, ELA, social studies, and science; Schoolzilla data-driven dashboards.

## Speech Link Multimedia Ltd

Schools use our online serviced packages, Language Link and Speech Link, to identify and support children with mild to moderate speech or language difficulties. The assessments, resources and support are designed by speech and language therapists and specialist teachers. We know that the best indicator of how a child will cope with school is their understanding and use of spoken language. The standardised assessment identifies pupils with difficulties understanding core language skills. Over 160,000 children were screened in 2017/18 using our packages. Identified pupils receive a targeted programme of interventions. The classroom strategies, small group interventions and 1-1 supplementary teaching sessions make the best use of a TA's time and expertise. Teacher engagement ratings and parent and pupil views support evidence of improvement, essential for Ofsted and the Pupil Premium. For a two week free trial, visit our website [www.speechandlanguage.info](http://www.speechandlanguage.info), email [office2@speechlink.co.uk](mailto:office2@speechlink.co.uk) or phone 0333 577 0784.

[www.theday.co.uk](http://www.theday.co.uk)

## The Day - News to open minds

The Day is a news literacy current affairs teaching resource for students from 11 to 18 years old.

We save teachers preparation time and help students to develop their critical thinking, civilised debate skills and to learn how to use information in a safe and responsible way, fighting fake news and misinformation.

Each of our daily current affairs articles is linked to the curriculum and includes a simplified version.

The Day is also mapped to the IB curriculum and has translated articles in German, French, Spanish and Italian.

We also have a junior resource for younger students from 5 years old, called The Day Explorer. The content ranges in literacy level with Reading band tags.

The Day and The Day Explorer inspire curiosity and argument. We help pupils to develop the skills and confidence to reflect, develop their own opinions and learn to express them.

The schools are invited for a free trial.

## Wey Education plc

Wey Education is the AIM listed holding company of an educational group providing services online worldwide.

Using state of the art digital technology, Wey operates two established divisions – InterHigh, a non-selective fee paying online secondary school, established in 2005 and Academy21 a B2B division serving other educational providers, schools, local authorities and other public bodies.

With a 13 year track record, Wey is the UK's leading company in this sector and has successfully educated thousands of students over its history. Although “for profit”, Wey is conscious that its services directly affect the lives of its pupils and students and therefore strives to ensure they achieve outstanding progress and outstanding results.

### BlueSky Education

BlueSky supports organisations in the education sector with staff development, professional learning, and quality assurance. BlueSky is the only ASCL Premier Partner endorsed for PM, CPD and SE and an approved partner with ISBL, a COBIS Supporting Member and a BESA member. BlueSky has proven impact in International schools with members in over 25 countries with 300,000 portfolios worldwide.

Here are a few of the unique benefits:

- A universal tool – Trainees, teachers, non-academic staff, CEOs – everyone has a portfolio
- Portability – Only BlueSky can be moved from school-to-school. It's a career portfolio for life even if the school doesn't use BlueSky
- Workload – 85% of school leaders report that BlueSky saves them on average 5-hours a week
- Longevity – Established in 2001, our longest clients have been with us since 2006!

### Intergreat Education Group Ltd

InterGreat Education Group (英萃教育集团) was founded in 2005 to facilitate academic progression for international students wishing to study abroad. Since then, IEG has developed and invested in numerous products and ventures, realising our strategy of establishing an online shared ecosystem of students, parents, institutions and teachers, paving an easier journey from early years to first career. We also provide tools such as online assessments, exam preparation, online tuition, and application systems, taking advantage of innovative technology to ensure success after success for our students.

## IRIS Connect

We believe that empowered, connected and confident teachers are stronger teachers and that stronger teachers nurture better outcomes for learners.

IRIS Connect exists to bridge the gap between effective professional development and classroom practice. Our video-based platform is designed to support 21st century professional learning, enabling teachers to effectively develop their practice, their collective efficacy and to maximise their impact on learning outcomes.

Our system enables teachers and educational organisations to connect, collaborate, develop and share expertise throughout the world. By using our video collaboration technologies to break down the barriers to accessing theory, modelling, and reflective activities, in a scalable and sustainable way.

95% of teachers using IRIS Connect report improvements in their practice.

## Karen Ardley Associates

KAA is a dynamic, creative leadership, training and development consultancy that has successfully worked with a wide range of COBIS member schools. We design and deliver professional training and development programmes for leaders and people involved with providing or supporting learning, worldwide. Our inspirational leadership programmes and consultancy have proven success and organisational impact. Our outstanding classroom practice programmes have a direct and positive impact on student engagement and progress. Our evidence-informed coaching programmes improve leadership and have positive impact on organisational culture and student outcomes. We work with leadership teams using quality assured psychometrics to underpin bespoke professional learning. KAA are providing executive coaching and leadership mentoring for a growing number of headteachers, principals and CEOs worldwide.

## Lexonik

### What is Lexonik?

Lexonik is an award-winning company based in the North East of England, working with teachers globally to raise attainment through transformational programmes and training to supercharge literacy skills. Our 'literacy at the speed of sound' programmes are unique, giving teachers and students the skills to make dramatic improvements in reading, spelling and vocabulary.

### Who is Lexonik for?

We work with teachers in schools, colleges, universities, adult training centres and prisons to provide transformational outcomes for ALL learners needing literacy support, including those who fit the dyslexia profile and those for whom English is not their first language.

Find out more about our training, teaching resources and consultancy services.

## National Online Safety

Award-winning provider of online safety training and resources for schools.

NOS Certified School Community Accreditation package provides a suite of courses and materials to empower senior leaders, all staff, parents and children with the knowledge to keep safe online.

## Pupil and School Support

Pupil and School Support are a team of highly qualified teachers who specialise in working with schools and other educational settings to help children and young people with cognition and learning difficulties progress and achieve to the best of their abilities. We support schools with;

- The development of strategic leaders of inclusion, enabling whole school improvement
- Increasing staff capacity in supporting pupils with Special Educational Needs and Disabilities (SEND)
- The promotion of inclusive provision and practice, setting aspirational targets and raising attainment
- Early identification, assessment, planning and progress reviews for pupils with cognition and learning difficulties, through small step criteria linked to the National Curriculum for English and Maths and associated teaching and learning ideas.
- The implementation of initiatives, policy and statutory procedures
- Delivery of Continuing Professional Development including online training; ranging from free short courses to more extensive training packages
- Whole school training and development related to EAL learners

## The EAL Academy

We are a school improvement business with a sharp focus on language in the classroom and across different curriculum areas. Our team of consultants, trainers and serving teachers has a breadth of experience gained in the UK and internationally in the fields of literacy and English as an additional language. Our expertise covers everything from Early Years to A level and the Baccalauréat. We work with state and independent schools and school groups in the UK and across Europe. We focus on: schools with a rapidly increasing number of EAL pupils and class and subject teachers who are keen to develop their own EAL expertise, pupils whose English seems to be stuck and not getting any better and pupils that understand the content of their GCSE or A-level course really well but struggle to write good exam answers. Our offer includes school based training, accredited online learning and delegate courses.

**1decision**

In an ideal world, children would arrive at school socially developed and ready to learn but this is not always the case. As such, high-quality life skills education is essential for all students to reach their full potential. 1decision provides an interactive bank of resources which supports PSHE, RSE, Health education, SMSC development, and safeguarding. During their time at primary school, children will encounter many of life's challenges for the first time. 1decision aims to provide children with the knowledge and skills needed to lead safe, healthy, and happy lives. Our unique suite of resources allows students to experience challenging situations in a safe environment.

**3P Learning Ltd (Mathletics)**

3P Learning is a leading provider of digital learning resources for schools and families.

Its flagship numeracy resource, Mathletics, is currently used by more than 17,000 schools and 4 million learners worldwide. Mathletics offers an engaging learning environment, promoting the love of learning maths and helps increase attainment, achievement, learner engagement, motivation and confidence.

3P Learning also offers digital resources for literacy. Reading Eggs is a highly motivational online environment where children learn to read.

The program supports each child's learning by offering individual, one-to-one lessons that allow children to progress at their own rate. Spellodrome is an innovative digital resource that helps children to develop their spelling, writing and communication skills.

We also run individual school and school group competitions when requested, so please feel free to get in touch with us to explore the options for your school or schedule a free trial of any of our products.

## DDMIX for Schools

DDMIX for Schools is a not-for-profit, inclusive dance fitness program created by Dame Darcey Bussell DBE to get children of all ages and abilities enjoying being active. It has been designed to be part of school curriculum PE lessons and has been written in line with the National Curriculum guidelines. Our Schemes of Work packages for KS1, KS2 or KS3 contain lesson plans, music, videos and more, ensuring the DDMIX for Schools program is simple and fun for both teacher and pupil. The program is easy to learn, easy to teach and empowers the teachers to deliver dance fitness to their children confidently. The Schemes of Work and support are provided either online or via an inset, giving all children the opportunity to get moving whilst most importantly enjoying exercise. DDMIX for Schools has the tools to create a life habit of activity promoting happiness and wellbeing in every child.

### Findel Education

For over 200 years, Findel Education has been supplying educational resources to schools across the world. Our range of resources gives you choice, value and quality with over 30,000 products available, with everything from English, Maths and Computing, to Science, Sport and Special Educational Needs. Whether it's Hope Education, Philip Harris, Davies Sports or LDA, our unique offering means you can get everything you need. We also develop thousands of our own products that simply can't be found anywhere else. Our dedicated International sales team has considerable expertise in exporting to more than 130 countries. They are supported by our experienced UK-based customer service advisors who are specialists in exporting! They will support your every need, answering your enquiries and managing all orders from end to end.

## Fitter Future

The goal of Fitter Future is to get more children more active more often. We are an online series of workouts designed by children for children to have fun whilst moving.

The programme is easy for teachers to use, (nothing is more than 5 clicks away) and accessible in even the smallest of spaces with no need for children to get changed or use equipment.

Children also get to workout at home with all stats and data recorded.

## GCSEPod

Teach, assess, monitor, manage and engage with GCSEPod; exam-filtered subject knowledge curriculum content for 27 subjects delivered through the unique 'Pods' and written by subject specialists. With our brand new, sector-changing formative diagnostic assessment, Check & Challenge - a personal academic coach, providing scaffolded support for your students and, for teachers, formative diagnostic assessment with actionable feedback – we deliver the equivalent of a teaching assistant to every student. In over 1,500 schools across 30 countries, GCSEPod have extensive evidence to support the impact it has on improving student GCSE performance. With a 10-year heritage in the education sector, our content and functionality continually strive to help teachers and students in their teaching & learning. With GCSEPod you can review usage by user (teacher or student), group (e.g. Year 11 or Form 7B), individual and category (e.g. Pupil Premium). GCSEPod engages students in a way that encourages confidence and self-belief – it has been called the 'Netflix' of GCSE content.

## Get My Grades

Get My Grades is a powerful online curriculum tool which allows school leaders, teachers, tutors and parents to manage students' learning and progress – all from one place. This online platform combines clear learning content for English, maths and science with a diverse range of assessment questions, instant detailed feedback for students, and automatic data tracking. As a result, everyone can tell exactly what support their student or child needs and can plan how to implement this support swiftly and effectively. Get My Grades empowers educators and parents to take necessary action to resolve any learning issues early in the year – so that they can watch their students' performance improve as a result. Aligned to all major UK exam boards, our learning platform is perfect for helping to raise attainment in any international school.

**Kognity**

Kognity's curriculum-aligned intelligent textbooks for the IBDP, IGCSE and GCSE couple the highest quality interactive content with our platform's data-driven formative assessment approach. This ensures that students have access to engaging content and exam prep material, and continuously see their individual strengths and weaknesses. Teachers see their students' progress, allowing them to differentiate their teaching and automate formative assessment based on each student's needs. Kognity's intelligent textbooks are already used by hundreds of schools in over 100 countries with great results - 95% of teachers think that Kognity helps their students learn.

**Mighty Writer Ltd**

Winner of the Education Resources Awards 2018 for Best Primary Resource Mighty Writer transforms children's literacy almost overnight. It is an innovative and multisensory resource that teaches the whole process of learning to write from speaking in simple sentences through to planning and editing increasingly complex and sophisticated stories. It uses images, symbols and colours to help children structure and recall sentences with ease.

Its core age range is for 4-7 years, however it can be used with children of all abilities from those who are reluctant to speak to the very able. The visual approach is excellent for use with children with English as an Additional Language (EAL).

It teaches fictional and non-fictional writing and enables children to become independent and competent writers.

Since launching in 2016, Mighty Writer is transforming literacy in nearly 700 schools and 34 countries.

"Teachers report a 78% increase in Year 1 and 2 children's confidence and ability in writing since the introduction of Mighty Writer in P1/2 and P3/4." Clare Deas, Head Teacher, Bridgend Primary, Scotland.

## Spaceoasis

Spaceoasis® designs, manufactures and installs furniture to create amazing learning and work environments that enable our customers, their students, staff and co-workers to do, and achieve, more.

Working with aspirational schools, colleges, universities, companies and public sector bodies, the environments we create take learning and working to a whole new level. Whether you want to improve collaboration, boost creativity, encourage greater take up of certain subjects or enable independent or flexible working, our environments solve problems and liberate thinking.

We firmly believe that form follows function, so our first question is always: "What do you want to do in the space?". If you can tell us that, we'll design a space for your organisation that works brilliantly and looks fantastic.

To find out more about what Spaceoasis® could do for you and to see examples of our work, read our magazine, CREATE, which is available on our website at [www.spaceoasis.com](http://www.spaceoasis.com)

## Wayfarer Education

Wayfarer Education are the creators of the international Personal, Social, Health and Economic curriculum. We supply resources, training and consultancy in the areas of social and emotional development specific to international schools and the education of future global citizens. The iPSHE from Wayfarer Education is a curriculum designed for international students aged 11-16 studying in schools teaching through the medium of English. Lessons, resources, plans, presentations and videos are all available through our online subscription. We draw upon the best from national curricula in the areas of social and emotional learning, PSHE, interpersonal relationships and attitudinal learning, in addition to making a deliberate and concerted effort to work around the need for nation specific content. Our lessons therefore are able to be delivered wherever a school is in the world, whilst still being appropriate and engaging.

## THE PATRON'S ACCREDITATION AND COMPLIANCE

A globally-recognised mark of quality based on high standards and rooted in school improvement.

The Patron's Accreditation and Compliance is:

- a rigorous and supportive process which involves professional dialogue
- a five-year cycle where we support your school's development journey
- about supportive recommendations, not making judgements
- tailored to your school, your students and your context
- an internationally valued mark of quality, benchmarked against high British and international standards
- about setting schools up for success and raising standards

We work with schools to help them to be the best they can be. Find out how your school can achieve this mark of excellence.

Go to [www.cobis.org.uk/accreditation](http://www.cobis.org.uk/accreditation), or email [quality@cobis.org.uk](mailto:quality@cobis.org.uk).

“

*The whole process was a big step forward for the school. I feel we gained a lot of confidence in what we do. I feel I now know what I need to do in order to take the school forward. It was a real honour to work under the guidance of COBIS*

### BridgeU

Bridging the gap between school and the future.

BridgeU was founded to help young people around the world realise their potential, through empowering schools to provide smart, modern university and careers guidance. Features include Document Sending, Reference Writing, Admissions Insights, Smart University Matching, Career Planning, International Destinations, Performance Insights, and Results Showcasing.

Our platform manages the complex challenge of preparing and carrying out university applications, using data, intelligent tools, and streamlined task management, helping schools to prepare the students of today for the world of tomorrow.

### CHQ Group Ltd

CHQ's software modules manage school life beyond the classroom - everything from clubs, sport and bus schedules, to after-school care bookings, parents' evenings and holiday camps, all in one place. Underpinning the CHQ modules is the interface to the school management information system, accessing the essential data, together with single sign-on (SSO) authentication, the calendar and communications tools. Schools can select one or more of the seven CHQ modules to meet their needs, reducing total expenditure and the need to work with multiple suppliers:

1. CHQ Activities - for all extra-curricular clubs & activities, trips and events
2. CHQ Bus Manager - organise bus schedules and place allocations accounting for after school activities and daily student absences. Take registrations on and off the bus. Live bus tracking using GPS
3. CHQ Sports Fixtures
4. CHQ Before & After-School Care
5. CHQ Holiday Camps
6. CHQ Parents Evenings
7. CHQ ePayment

**MyConcern**

We are a safeguarding company with extensive safeguarding experience at the most senior levels of the police service and in schools. MyConcern® is our simple to use, safe and secure software for recording and managing safeguarding concerns in any educational setting. MyConcern enables staff to record any safeguarding concern, safe in the knowledge that a proper record has been made and their designated safeguarding lead (DSL) has automatically been notified. It also equips the DSL to assess concerns, manage ongoing action and to collaborate with their own staff and trusted external professionals. MyConcern also has a comprehensive management information reporting capability. We integrate MyConcern with many popular MIS systems and we are proud to be an Enterprise Partner of iSAMS. We work with British International schools worldwide and our overarching goal is to protect learners and to enable them to thrive – contact us today and let us show you how!

**Unifrog Education Ltd**

Unifrog is an online platform trusted by schools around the world – including Eton College and the International School of Brussels – to help students find and apply for the best universities for them. Our powerful search tool makes it easy for students to compare every university course taught in English in the UK and Holland on factors such as average starting salary, lectures per week, applications per place, and dropout rate. The platform also helps students and counsellors with the application process – its Personal Statement and Teacher Reference tools provide best-practice guidance, and also make it easy for students and teachers to exchange feedback.

Unifrog is intuitive for students, parents and counsellors, straight forward to set up, and without equal in terms of helping schools increase access to UK universities. Please contact Greg Brown for a free no-obligation demonstration.

## InVentry

InVentry is the market leader for sign in and visitor management solutions in education and is trusted by more than 6,000 businesses in the UK. InVentry speeds up the signing in process and keeps identity information secure. The fully-equipped MIS integrated solution allows users to accurately monitor who is onsite at any one time. This removes the needs for paper-based visitor books that lead to inaccuracies and data protection concerns and the simple interface engages instantly, and includes features such as, visitor sign in and photo ID badge printing, one-click fire evacuation lists and mobile app.

InVentry also provide audit and compliance solutions. The cloud based mobile system allows you to revolutionise how you manage assets and compliance in your school. With unlimited users and locations, anyone with a smart device can carry out the following, all from one simple app:

- Audit and compliance checks
- Add new assets
- Report damaged equipment
- Carry out health and safety compliance checks

## LCP Ltd

LCP is an established provider of pupil tracking systems and teaching resources that help Schools and their pupils to achieve the results they strive for.

Our approach is simple – develop simple, easy to use, digital tracking systems that offer flexibility and adaptability in saving time and making your life easier.

If your challenge is to chart auditable progression from Early Years to Key Stage 3, then our solutions deliver at all levels. Versatile reporting enables teachers, school managers and governors to evaluate performance and to communicate progress with parents and governing bodies.

iTRACK generates both peace of mind and confidence in your data. In fact, 90% of Schools using iTRACK achieve either 'Good' or 'Outstanding' assessments from Ofsted.

LCP also offer our comprehensive range of teaching resources to support teachers from EYFS to KS2.

Our resources help to save time, improve quality and achieve greater learning transfer and retention.

## RSAcademics

Founded in 2002, RSAcademics has worked with over 700 schools in the UK and worldwide, and specialises in school leadership appointments, strategic consultancy, marketing, admissions and fundraising. We help schools with the search and selection of CEOs, Heads, Deputy Heads, Bursars/ Finance Directors, Directors of External Relations and Directors of Marketing and Admissions. At RSAcademics, we are experts at finding outstanding leaders and matching their talents and skills with the needs and culture of each school. We support schools in strategic planning, marketing reviews, research, governance, leadership development and fundraising. Our SchoolPulse® online surveys are used by schools across the world to assess stakeholder perceptions.

## Search Associates

Search Associates is a leading global recruitment consultancy specialising in the needs of international schools and of people wanting to work in them. Over the last 30 years we have helped over 40,000 school leaders, teachers, counsellors and librarians to find jobs in top international schools worldwide. Working in a close-knit team of over 20 associates and consultants, all of us with substantial leadership experience in international education, we offer a range of high-calibre recruitment and consultancy services. Every year we run 14 job fairs around the world, including two in London which attract many candidates with UK experience, and our user-friendly database of many thousands of pre-screened candidates is accessible directly by our member schools. David Cope is the group's senior adviser for British international schools, and Heads or Board members of COBIS schools are welcome to contact David at any time to discuss their recruitment or consultancy needs.

## Searchality

Searchality helps international schools to hire great teachers, school leaders, and specialists globally.

A simple low annual fee. No hiring fees. No per candidate fees.

And as a COBIS school you can take advantage of additional free benefits. Find out more at <https://searchality.com/schools/cobis/>

Smarter recruitment that works for schools.

### Future Learning

Future Learning (FL) is an Equals accredited English Language School located in Dublin, Ireland.

Each year FL works with almost 6,000 international students, offering school tours (known as mini-stays) to different locations around Ireland. We provide everything including transfers, lessons, activities, excursions, accommodation (residential and home stay) and meals. We also offer company visits and guest speakers upon request.

FL has taken the industry by storm over the past few years and has shown innovation like no other school. We are a technology-enhanced, project based school specialising in teaching through digital media projects which involve a strong focus on collaboration and Intercultural skills. Many of our visiting students have excellent language skills already and also request to take part in projects with local students when they are here in Ireland.

Our most popular nationalities are Spanish, French, Italian, Austrian, Finnish and Chinese. Contact us today for more information.

**Les Elfes International**

Since 1987, Les Elfes has been running ski- & field trips for the international school community. Each year, we welcome over 150 schools from all over the world to our campuses in Verbier, La Tzoumaz and Crans-Montana in Switzerland. We have a portfolio of different carefully designed programs, which ensure enriching 'out-of classroom' experiences.

**Ski Trips**

From December to April, we organize ski trips to our prestigious Swiss resorts in Verbier, La Tzoumaz and Crans-Montana. All ski trips are fully supervised and guided with professional staff and instructors from the moment the school arrives at the airport of destination. All staff is fully trained and accredited by professional ski schools in order to give the best quality of lessons to students.

**Field Trips**

From May to October, Les Elfes offers 7 different field trips to its privately-owned campus. Our portfolio ranges from our classical Les Elfes programs to Wilderness trips, cultural excursions, and bespoke programs tailored to your school's needs.

**Securitas**

Securitas is highly specialized in education and runs security programmes in schools and universities internationally. The success of Securitas security programmes comes from leveraging global knowledge to the local experience and by embedding know-how with technology and people. It all starts with a thorough risk assessment conducted at the school, followed by a workshop where the school SLT and Securitas team design the security programme needed in the specific school. The security programme includes different modules, namely a team of security professionals specialised in education, electronic security systems, a security awareness programme, reporting tools and methodology. The security programme provided is bespoke to the specific needs of the school and dynamic, as the programme evolves and develops with the school's operational needs.

**Lindamood-Bell Learning Processes**

Lindamood-Bell is dedicated to helping children and adults learn to their potential. In order to be a proficient learner, in any subject, it is critical that an individual is able to efficiently process information, either by reading or listening. Our research-validated programmes address the underlying skills necessary for independence and self-correction. For nearly 30 years, our intensive, one-to-one, process-based instruction, based on the individual's learning needs, has been used to strengthen the sensory-cognitive functions needed for reading and comprehension.

Our instruction has been proven successful for individuals with learning challenges, including dyslexia, hyperlexia, ADHD, and autism spectrum disorders. Lindamood-Bell and all of its Learning Centres are accredited by AdvancED. Lindamood-Bell continues to conduct and fund independent research on the viability and effectiveness of our instructional programmes.

[www.passareuk.org](http://www.passareuk.org)**Passare Consultancy**

Passare Consultancy provide educational services for teachers and students. This includes staff CPD training, educational resources, consultancy, motivational speaking and student conferences. Using the latest psychological research and techniques, all services are designed to maximise outcomes and behaviour change in difficult situations. CPD and resources are centred on cognitive change, stress, anxiety, motivation, willpower and resilience for teachers and students to cope with the demands of 21st century education. Passare Consultancy is led by Martyn Stewart (CPsychol) whose work in the field of education has led to him achieving chartered psychologist status with the British Psychological Society, which is recognition of the highest psychological knowledge and expertise.

**ITEPS (International Teacher Education For Primary Schools)**

ITEps, International Teacher Education for primary schools, is the first full bachelor programme which trains students as teachers in international schools. ITEps is carried out by a consortium of two universities: University of South-Eastern Norway and NHL Stenden University. We want to train new teachers who perform exceptionally as international school teachers and combine their careers with adventure and travel. The consortium would like to cooperate with international schools. We are particularly looking for partner schools to provide teaching practice and classroom experience. Per September 2018 NHL Stenden University started also ITEss (International Teacher Education for secondary schools).

**The University Guy**

David Hawkins is an experienced college and university guidance counselor with expertise in a wide range of international university admissions systems, and now works as a private counselor for students. Known as 'The University Guy', he holds membership of the International Association for College Admissions Counseling, serves on a committee for the Council of International Schools and is the only member of the US Independent Educational Consultants Association based in England. These professional organisations are the gold standard in international university advising. He also serves on Unifrog's advisor board, and the counselor board for IE University, Madrid. David maintains close relationships with many COBIS, HMC and GSA schools where he delivers talks, workshops and one-on-one consultations, and is delighted to be recommended to families by many schools to work with their students as an international applications specialist.

## University of Buckingham

In 2002 the first PGCE course at the University of Buckingham was launched. There were just 12 teachers on the course. This year, with over 1000 teachers studying with us, we are one of the largest providers of in-school teacher training and leadership courses in the UK. All of our courses, from the PGCE to the MEd in Educational Leadership and the EdD, focus on the practical application of educational theory. Our aim is to improve the craft of teaching and leading in schools, and our courses provide frameworks for studying 'on-the-job'.

## University of Derby Online Learning

The University of Derby Online Learning (UDOL) is the thriving online learning division of the University of Derby and one of the UK's leading providers of online education.

We aim to inspire people to achieve more and to realise their academic ambitions through offering high quality, value for money study options with a learner-oriented approach that is always personal.

As the thriving online learning division of the university, UDOL is dedicated to providing structured and supported online learning degree courses, professional courses and CPD opportunities to people around the world who require more flexible study options.

By combining the best quality university teaching and the latest online delivery techniques, our learners can expect their studies to be stimulating, rich and rewarding. In addition, our support and guidance service ensures learners are able to get the very best out of their studies, no matter their location or situation.

## Firefly Learning

Firefly is the essential foundation for powering today's modern learning experience. Firefly's Modern Learning Experience Platform liberates teachers to innovate for greater impact in the classroom and beyond, while empowering leaders with holistic visibility to drive a transformational modern learning strategy for the entire school Community. Recognising no two schools or classrooms are ever the same, Firefly fits your school's unique culture and frees every teacher to guide and adapt the learning journey in their own way. With Firefly, you engage your whole school community – teachers, students, parents, administrators – with curated, personalised content to keep everyone informed and aligned on the student's holistic school experience. You can go even further with Firefly, tracking learning experiences over time and across all learning spaces to gain visibility into what's working – and know what to change and when – so each student reaches their full potential.

## Interactive Schools

WEBSITES CREATIVE SOCIAL ANALYTICS TRAINING

We fill the intersection between Art and Science. We call it WONDER. We put users first, and craft incredible immersive experiences - balancing creative magic, measurable engagement, and tangible impact. We value usefulness, aesthetics and imagination. We ignore technological enthusiasm that leads to irrelevance. Decisions are grounded in rational methodology, data insight, and a sprinkling of fairy dust. Not blind convention, nor whim! We believe every school is unique. Let us tell your story.....informed by data, transformed by tech, led by humans.

## Learning Ladders

Learning Ladders is the new way that schools connect teaching and learning in school and at home. Our vision is a world where every learner is scaffolded in class and at home by informed adults, and those adults have all the tools they need at their fingertips.

## Piota Apps

Upgrade your school communications and save time and money with a school app. If you're currently using a mix of email, website, social media, texts, paper, intranet or portal, but parents still feel out of touch, an app could be the answer. It streamlines everything into one branded place, instantly accessible on their phones, with notifications to alert them to news and updates. Get in touch for a free trial.
