- **Reality Town Volunteers Needed-** We need volunteers for our upcoming Reality Town on Tuesday, March 3rd from 8:40 a.m.-Noon. This is an activity for all 8th grade students that helps them to get a glimpse into what having a career and providing for a family entails and how important a good education and training is to be successful. We need 90 parents that can come and help us make this a successful event. This is a great opportunity to see your student in action among their peers, and to interact with them and their friends. It also helps to give you a great perspective on the activity that can lead to wonderful discussions later. Any parent can sign up to help you do not need to have a child in 8th grade. It really is a fun activity to be a part of. Click on the link below to sign up for a spot, you do not need to have any prior knowledge or training in that area, we will teach you everything you need to know! Thanks in advance for your help with this amazing event.
