School Accountability Report Card

Reported Using Data from the 2018-19 School Year

Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2019-20)

Renaissance is a small middle school of choice serving approximately 280 sixth and seventh grade students. All Renaissance students, parents, and educators have chosen to come to Renaissance to participate, work hard, and focus on preparing students to be successful in high school, college and beyond. At Renaissance there is a strong emphasis on building the student, parent, teacher relationship. The community believes that when all stakeholders know one another's hearts and minds well, the students will be best supported and able to achieve their full potential. The parents' active support and cooperation, combined with the staff's best professional efforts, will continue to make Renaissance a place for students to learn and grow. Renaissance provides a safe, equitable, rigorous and relationship-centered learning environment for all students.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

School Facility Conditions and Planned Improvements (Most Recent Year)

The District makes every effort to ensure all schools are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the school office and at the district office.

The building in which Renaissance resides was built in 1959. School facilities are being renovated according to the Field Act requirements of the State Building Code with a focus on earthquake safety. In the event that asbestos and lead containing building materials are found, they are removed according to Environmental Protection Agency (EPA), State, and Local requirements. Deferred maintenance funds have been used to properly maintain and renovate district buildings. Needed repairs and maintenance projects are completed in a timely manner.

Whenever possible, school facilities are upgraded to support and maintain a safe, clean and secure campus. Sufficient classroom, office, library, playground, staff space, and restroom facilities are allocated to support stakeholders' needs and the instructional program. The Alum Rock Union Elementary School District maintenance staff, in conjunction with day and night custodians, ensure the school buildings and grounds are safe, clean, and in good repair. Rigorous daily custodial schedules ensure that classrooms, lavatories, serving kitchens, eating areas, offices, and playgrounds are clean for both student and staff use.

Regular oversight by district maintenance crews ensures that grass and landscaped areas are well maintained, and that the school's buildings, grounds and play areas are safe for use.

School Facility Good Repair Status (Most Recent Year)

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Mathematics (grades 3-8 and 11)	53	36	33	33	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2019-20)

Renaissance values and includes all stakeholders in all facets of the educational process. To facilitate parent involvement in the students' academic success, each student is assigned to an advisory teacher. Advisory teachers closely monitor and support student performance and learning plans and maintain close communication with parents. One example includes Learner-led Conferences. Each student facilitates three Learner-led Conferences a school year with his/her parent(s) and advisory teacher. At these conferences the student presents what he/she has learned, a portfolio of their work, their goals, and challenges. Not only is the School Accountability Report Card available on the district's website, but pertinent school information, including results of the school evaluation process, school data, and school programs are also available to parents in the Renaissance Register (newsletter), which is written in English and Spanish.

Parent and community participation are essential to student achievement. When enrolling their child at Renaissance, the parents sign a Compact for Education. This compact indicates each parent's commitment to remain actively involved in their child's education and to participate in a minimum of 30 hours of school events over the course of the school year. Renaissance provides a number of parent and community involvement opportunities which include but are not limited to parent-child lunches, monthly community meetings, attending student exhibition events, and community service events. Renaissance has an active Parent Teacher Organization (PTO) which coordinates many fundraisers and community and social events. Please contact the Renaissance principal at (408) 928-8500 if you have any questions regarding parent involvement at Renaissance.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Suspensions and Expulsions

School Safety Plan (School Year 2019-20)

The Renaissance community works hard to ensure all students are safe. Renaissance has a very detailed, comprehensive safety plan that outlines protocols, systems, and procedures in the event of any/all emergencies. The plan also contains the yearly safety goals as determined by the students, staff, and parents. The safety plan is developed by the Renaissance Safety Committee, presented to the School Site Council and then sent to the Alum Rock Union Elementary School District Board of Trustees for approval. The revised plan was last approved in November 2017 and was approved through the end of the 2019-2020 school year. The safety plan and drill procedures are reviewed during the year with all staff. Safety alerts are shared with all staff as needed throughout the school year. In addition, all required drills are calendared and completed, and the results are shared with the staff. When guests are visiting Renaissance, they first check in at the office and are required to wear a visitor pass while spending time on campus. The Renaissance staff follows a yard-duty schedule to ensure that students are well supervised before school, during brunch, during lunch, and at dismissal. The Renaissance safety plan has a comprehensive, enforceable, continuous behavior policy, rules and regulations, dress code policy, protocols for safety/emergency drills, tardy policy, attendance policy, referral policy, and nondiscriminatory policy on student rights and responsibilities. The safety plan is revised annually.

The California Department of Education issued guidance to LEAs on August 1, 2018, regarding how to calculate school-level per-pupil expenditures that will be reported on 2018-19 report cards.

Types of Services Funded (Fiscal Year 2018-19)

Services provided by the regular program to enable underperforming students to meet standards:

- Staff development is provided in differentiated instructional practices in the areas of language arts and math.
- Teachers identify at-risk or low-performing students and provide in-class intervention.
- The after school intervention program provides additional instruction to students falling below standards-based benchmark proficiency in the areas of reading, writing and math.

Additional services to enable underperforming students to meet standards:

- Teachers and principal meet to analyze and assess student data to determine if English language learners are meeting standards.
- English learners are enrolled in a designated English Language Development (ELD) class. English learners receive integrated ELD support in content area classes.
- Staff development is provided to improve instruction in language arts and writing. Intervention programs for at-risk students are in place.
- Students below grade-level proficiency are provided with homework assistance and small group tutoring during our afterschool program.
- Teachers use resources, materials, and supplies to prepare and facilitate lessons that challenge students to meet and exceed proficiency.
- Ongoing collaboration and articulation between resource specialist teacher and general education teachers in order to meet the individualized learning goals of students receiving special education services.

Professional Development (Most Recent Three Years)

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement			

This section provides information on the annual number of school days dedicated to staff development for the most recent three-year period.

The staff collaborates every Thursday after school dismisses. Generally, half an hour is spent on current school issues & programs, half an hour is spent on increasing staff proficiency in some area - and the remaining hour is spent in grade level collaboration (looking at student issues at the grade level and how teachers can better support students) or in content area collaboration (aligning content, reviewing tests & work for consistent rigor, etc.).

Staff participate in district level professional development and are encouraged (and supported) in attending outside professional development opportunities.
