Today we're going to have an evacuation drill. Can anyone tell me what that means?

It's when we go outside to get away from something dangerous inside the school.

You mean dangerous like a fire in the school? I'm kind of scared of fires.

Yeah, or like werewolves in the school?

My dad is a firefighter and he said we don't have to be scared of fires, we just have to be ready and practice how to stay safe...

... and I'm pretty sure there are no werewolves, but if there were, that would probably be a lockdown, not an evacuation!
