Learning First!

Guide to Writing Letters of Warning

You can now find the guide to writing a letter of warning on the Custodial Services website. You can find the guide on the Custodial Resources page under the Personnel tab. In the file, you can find a step by step guide on how to write the letter as well as a few sample letters. If you have any questions, please contact your coordinator.

IPM Books

As a reminder, the district's Integrated Pest Management (IPM) policy is now in full effect. Make sure that you have placed your monitors, have done your inspections, and are filling out your logs MONTHLY. Your IPM books will be monitored by your coordinators and the Health Department.

Drivers Training

Any district employee who drives a district vehicle such as an ATV, truck, golf cart, side by side, or any other motorized vehicle is required to take the Risk Utah Drivers Training. The certification is required every two years. If you have not already had your employees take the training, have them do so immediately. You can find the training at www.risk.utah.gov/risk-training. If you have hired an intern in the past year they have taken the training. Please print off all the certificates after your employees have completed the course and email them to dscustodial@dsdmail.net.

Summer Equipment

Please go out and start all of your school's outside summer equipment (including, but not limited to: hedge trimmers, leaf blowers, weed eaters, mowers, etc.) within the next two weeks. Please call in a work order for any needed repairs as soon as possible. It is critical that we do this right now so that when the equipment is needed, it is operational.

Sand Salt Mixture

For the safety of students and employees you can request a sand salt mixture be delivered to your building for playground and walkways away from the entrances of buildings to help with accumulation and buildup of ice due to melting runoff. Contact your coordinator to place this order.
