Keeping families close*

Great Things Come in Small Packages...

Collecting pop tabs is an easy way to support Ronald McDonald House Charities! The tab of an aluminum can may be small, but it's packed with a high concentration of pure, recyclable aluminum. Because it's not painted or labeled like the rest of the can, the tab can be popped off and recycled separately! Revenue from recycling helps provide a "home away from home" for families whose seriously ill children are undergoing medical treatment in a metro Detroit hospital.

How You Can Help...

Spread the word! Let your family, friends, co-workers, and classmates know that their small pop tabs can make a big difference for our House. We can provide collection containers or you can make your own. Be creative! Just keep in mind, milk jugs and other, similar, containers are tricky to empty into larger containers.

Fun Facts...

- Tabs can be collected from lots of different cans! Pop cans, soup cans, canned fruits and veggies, and even pet food cans.
- It takes between 1,000 and 1,500 pop tabs to make one pound of aluminum.
- RMHC can get between 30 and 75 cents for one pound of pop tabs.

**Thank you for "pulling together"
for the House!**

Please call 313-745-5909 or email mmcoy1950@yahoo.com if you have questions.
