Notification of Parent or Guardian

Whenever there is a report that a student has been abused or neglected by a school employee, the Superintendent shall immediately notify the child's parent or other person responsible for the child's care that a report has been made.

Investigation by the Board of Education

The board of education shall permit and give priority to any investigation conducted by DCF or the appropriate law enforcement agency. The board may conduct its own investigation of the alleged abuse or neglect by a school employee provided that such investigation does not impede an investigation by DCF. The Superintendent of Schools shall conduct its investigation upon receipt of notice from the Commissioner of DCF or the appropriate law enforcement agency that the board's investigation will not interfere with the investigation of DCF or law enforcement.

When investigating an allegation of abuse or neglect by a school employee, the Superintendent or designee shall endeavor to obtain, when possible, the consent of parents or guardians or other persons responsible for the care of the child, to interview the child. The investigation shall include an opportunity for the suspected perpetrator to be heard with regard to the alleged abuse or neglect. During the course of the investigation, the Superintendent of Schools may suspend the employee with pay or may place the employee on administrative leave with pay pending the outcome of the investigation.

Regardless of the outcome of any investigation by DCF or a law enforcement agency, the Superintendent of Schools may take disciplinary action against any school employee up to and including termination of employment if the school district's investigation concludes that an employee engaged in abuse or neglect or otherwise violated the terms and conditions of employment.

Impact of DCF Finding of Abuse or Neglect by Certified Personnel

If DCF determines that there is reasonable cause to believe that a child has been abused or neglected by a school employee who holds a certificate, permit or authorization issued by the State Board of Education, or if DCF has recommended that such employee be placed on the DCF child abuse and neglect registry, the Superintendent shall suspend such employee with pay and without termination of benefits, and, within seventy-two (72) hours after issuance of the suspension, shall notify the board of education and the Commissioner of Education or his representative of the reasons for and conditions of the suspension. The suspension shall remain in effect until the board of education acts pursuant to §10-151 of the Connecticut General Statutes. The Superintendent shall also disclose those records provided by DCF concerning its investigation to the Commissioner of Education and the board of education or its attorney. If the contract of employment of such a certified school employee is terminated as the result of an investigation of abuse or neglect or the employee resigns, the Superintendent shall notify the Commissioner of Education or his representative within seventy-two (72) hours after such termination or resignation.

Impact of DCF Finding of Abuse or Neglect by Non-Certified Personnel

If DCF determines that there is reasonable cause to believe that a child has been abused or neglected by a non-certified school employee, the Superintendent of Schools or designee may take disciplinary action up to and including termination.

School employees who are mandated reporters and were hired before July 1, 2011 are required to complete a refresher training program. All mandated reporters shall be required to complete the refresher training program at least once every three years.

The training and refresher training programs shall be developed and made available by the Commissioner of DCF in accordance with applicable law.

Records and Documentation

All records pertaining to allegations, investigations or reports of child abuse or neglect by a school employee shall be maintained in a central location. Such records shall include any reports made to DCF. The Department of Education shall have access to such records.

The board shall keep records establishing that school employees have completed training and refresher training programs as required by law.

The board shall document the annual notification of this policy to school employees.

Retaliation Prohibited

Retaliation against a mandated reporter is prohibited. The Board will not discriminate, discharge or otherwise retaliate against an employee who acts in good faith to comply with this policy and the individual obligations of applicable state law.

Violation of this Policy

Employees who fail to report child abuse or neglect in a timely manner or otherwise violate the requirements of this policy and/or applicable law may face disciplinary action up to and including termination of employment.
