Get ready for everything Disney! We'll share our favorite Disney movies, dress up as our favorite Disney characters and even test our knowledge in Disney trivia.

Summer Superhero School

JULY 20-24

Calling all superheroes-in-training! In addition to making our own super suits and logos, we'll look at what it takes to be an everyday hero.

Around the World in Five Days

JULY 27-31

Open your eyes to cultures around the world. Each day, we'll focus on a different part of the world and learn what makes it unique. Activities might include exploring the ancient pyramids of Egypt, drawing our own Henna designs and making traditional recipes from foreign cultures.

Go Green!

AUGUST 3-7

Get outside, and play in the dirt as we learn how to become environmentally responsible citizens. Make projects using recycled materials, and learn why it is important to take care of the earth. We will surround ourselves with natural beauty to instill respect for the world around us.

Blowing Off STEAM

AUGUST 10-14

It's time to explore Science, Technology, Engineering, Art and Math. We'll theorize on how to clean up the oceans, discover the best way to make a paper airplane and learn what it is that makes the world go round.
