2017-18 School Performance Report

3330 Monte Villa Parkway • Bothell, WA 98021 • 425.408.4175 • www.nsd.org/networks

Principal: Donna Tyo

Northshore Networks offers an academic program designed to meet the needs of students in a customized, personalized and independent study setting.

Our program serves students in grades 1-12. Students and parents meet weekly for one hour with a certificated highly qualified teacher. Students in grades 7-12 are also required to attend an additional 2-4 hours of classroom instruction in core subject areas. Additionally, we provide a Study Lab M-F where students can receive academic assistance from a Northshore Networks teacher.

Northshore Networks functions for optimal student benefit, when there is high parent involvement in their student's education. It is vital that home support, structure and organization are top priorities to ensure your student's success. When parents are involved in their student's education, at any level, it sends a clear message that education is valued and is a priority.

Our experienced and highly qualified staff is dedicated and committed to meeting the needs of students for whom the traditional learning environment is not a match. Northshore Networks is proud of the success rate of its students who meet all state and district graduation requirements and earn their high school diploma.

Donna Tyo, Principal of Alternative Programs

Mission Statement: *To collaborate with parents and students to design and implement a customized and relevant education that ensures our students meet state, district and personal goals.*

Assessments

Northshore School District administers Smarter Balanced Assessments (SBA) in English/Language Arts (ELA) and math in grades 3, 4, 5, 6, 7, 8 and 10; and the Washington Comprehensive Assessments of Science (WCAS) in grades 5, 8, and 11 to students annually in compliance with state and federal laws.

Community Involvement

We value the extremely strong support of our parents, alumni and community members. Volunteer opportunities, both inside and outside of the classroom are available and our PTA/PTSAs support all of our co-curricular programs.

Contact the school for information on volunteer or PTA/PTSA opportunities.

Our school facilities are available for community use at 425.408.7810.

S= Suppressed data by OSPI. Aggregate data must sometimes be withheld from public display when it could potentially be used to identify or derive information about individual students.

Grade 10 Science (EOC Biology) reflects End of Course Overall Score.

Northshore Networks staff was involved in the continuous program improvement process aligning individualized learning and small group learning with district adopted curriculum, standards, assessments and changing graduation requirements. This purposeful work assured quality program options for the ultimate goal of high school graduation for our students.

School Improvement Plan continued

1. We focused on School Board Measure 1.7, which is “Increase the percentage of students on track to graduate.”
2. We aligned our Student Learning Plans to meet the ever-changing state ALE requirements and state requirements through use of technology, attendance tracking, teaching of district curriculum and classes taught in core subject areas.
3. Teachers met district grading requirements by providing parents monthly academic progress using Easy Grade Pro and monthly progress reports.

Students are encouraged to look at options: community college, four-year college and/or or technical colleges beyond 12th grade. Juniors and seniors are also encouraged to pursue Running Start, WaNIC, Satellite classes or school-to-work career introduction programs.

Facilities

Northshore Networks is located in the Northshore School District Administrative Center fulfilling the school board’s and superintendent’s goal to have a school program housed at the district’s administration building.

The facility includes a waiting area for families while students meet with their teachers for their weekly instructional consulting appointment. Classroom space is provided for group instruction in core subject areas. Additionally, a computer lab is available for class instruction and as an independent study area. The main office, classrooms and teachers’ offices are located on the 2nd floor.
