School Improvement Plan

Teachers met regularly in teams to move district initiatives forward. The instructional staff members engaged in ongoing professional development provided at the district and building levels. Every instructional staff member participated in a Professional Learning Community to improve student learning.

We used Benchmark Literacy curriculum materials and assessed students using Individual Running Records. Teachers utilized Writer’s Workshop and “Words Their Way” word work within their classrooms. Many of our teachers incorporated elements of the Lucy Caulkin’s Units of Study in Reading and Writing. Our teachers are lifelong learners and bring their strengths and experience to meeting the needs of all of our students.

This year's work was a continuation of the progress made the previous years and provided a foundation for next year's efforts to improve our teaching and student learning.

Wellington’s School Improvement Goals included:

- Increase the percentage of students exceeding the state reading standard by the end of the 3rd grade
- Increase the percentage of students exceeding the state math standard by the end of 5th grade
