## YOU CAN'T STOP WHAT YOU DON'T KNOW

This parent/community training will explain current drug trends, including identifiers, logos, and clothes to demonstrate possible high-risk behaviors in youth. This presentation explains the current drug & alcohol terms in simple language for each attendee to apply what they learn in their community, school, or home.

This session will not only identify what some of those products are, it will show attendees behaviors associated with them and how that can impact a young person, family or community who might be associated with this environment.
