## School Strategic Action Plan cont.

To work on these goals, we have chosen the following instructional strategies that are culturally responsive, high leverage, and adhere to universal design for learning. These strategies will be used in Bothell High School classrooms and throughout all learning environments. These strategies we have chosen are based on best practices and have been shown to make a positive impact on student learning.

- Collaborative groups – Students working with their peers on schoolwork.
- Academic contracts – Teachers creating academic plans with students
- Teachers providing timely formative feedback to students regarding academic progress
- Staff using check and connect system with identified students.

## Equitable School Environment

At Bothell High School, we firmly believe that the first step toward achieving our goals is creating an equitable school environment -- one where each student's goals and needs are at the center of our thinking.\* An equitable school environment is one that is civil, respectful, safe, and welcoming, and where every student knows they belong. Creating and nurturing this positive school environment means that the adults in our building engage in professional learning, and that we put into place strategies across the school and in every classroom that demonstrates we believe in every student.

During the 2018-19 school year, our Equity Team's goal is to increase communication channels to Latino families at Bothell HS. Specific actions our school will take toward this goal include:

- Latino FAFSA night for Spanish speaking families hosted by Natural Helpers.
- School correspondence in Spanish in addition to English via blackboard; Principal E-Newsletter; Ds/Fs phone calls.
- Staff PD regarding academic achievement of Latino students at Bothell HS (i.e. AP Potential).
- Use of Paws Time to track Ds/Fs of Latino students throughout the year.
- Check and Connect with identified Latino students and families
