

Tulsa Community College  
Fees Spring Semester 2020

The chart below shows what students should expect to pay for their concurrent enrollment courses. For students who enroll in the designated “concurrent” courses, which all have 600-level section numbers, TPS will assist with their fees by the amount of \$60 per class. They will also receive their textbooks at no charge, and they may choose to ride the free bus from their campus to the TCC campus. Students who choose to take other courses will be responsible for all charges themselves.

Additional fees will be charged for online courses and for some courses with labs. Students should check their Bursar’s account to determine the total amount which is due. Students must pay the complete amount owed to their school treasurer no later than 6 weeks after the beginning of classes. For the spring semester of 2020, the deadline for fee payment is February 24.
