

NOVEMBER/DECEMBER 2019

# Student of the Month

**GABRIELA SANCHEZ VALLEJO**

Gabriela is irrepressibly cheerful and determined to make the most of the opportunities around her. It is clear the positive impact that her approach to life has on those around her; her immediate friendship group, fellow students in her lessons and House and tutor groups, but also on the staff she encounters. She accepts positions of responsibility with just the right commitment without ever becoming over-zealous and works well both in and away from the limelight to enhance our community with her loyalty, honesty and good humour.

Mr Watts

Gabriela is an absolute treasure. She is undoubtedly an asset to any team, be it on the student leadership team as a prefect, in the choir or on the basketball court. She works exceptionally well in a team or as a team leader and can be relied upon to organize, officiate and/or deliver sessions of an exceptionally high quality. Her lovely nature and enthusiastic approach to all tasks is well received by the staff and is almost infectious around her peers. Gabriela has a 'can-do' approach and everything she partakes in, she does with the highest level of commitment and desire to achieve.

Mrs C Devincenzi-Clemens

Gabriela is a determined and conscientious student. She always displays an excellent work ethic towards achieving her goals. She is empathetic towards others and can be relied upon to provide support.

Gabriela is a mature, well-rounded girl who serves as an example to many teenagers.

Mrs Debenham

Gabriela is a dedicated and organised student who goes above and beyond in her studies. She is always keen to learn and develop her understanding. The same can be said for her service to our school outside of the classroom. She is the first to volunteer and help other pupils in school, and also in our wider school community. Her drive and enthusiasm can be seen across the wide range of disciplines she is involved in, from sport to service to languages! She is kind, sacrificial and caring; this sums up a lot of the Prior Way. Did I mention competitive too?! Congratulations Gabriela, you deserve it!

Mr Younge
