CCE Auction is coming!

It's that time of year. We are heading into Spring and that means so many things! We have EEF gala, CCE auction, Kinder round up (newbies), STEAM Day, spring parties, daddy daughter dance, family movie night, Holi Fest (new!), a school board election and dare I say - graduation...!!! I can hear a sob from Simms Browning and Alex Pettitt right now! As your President, I follow in the footsteps of some of the MOST AMAZING parents and school supporters I have ever known. I'm working hard on our present needs while planning for the future of CCE. And all of this is possible because of supporters like you!

It's time for me to plug one of my favorite fundraisers for CCE. The Annual CCE Auction. This year it's "CLUB CCE" and I couldn't be more excited. It combines disco (albeit silent) and casino night (it's not gambling if you know you're going to win). This is an event so thoughtfully planned to bring joy for everyone- you just have to go!!! If you can't go, or you just won't go (WHAT????), you need to register to bid because there will be some awesome experiences for your kiddo (librarian/principal/

- March 4 @ BridgePoint Elementary from 8-9
- March 11 @ Hill Country Middle School 8:30 in the library

An effective **school board** plays an **important** watchdog role in keeping your local **school** on track, and setting policies that affect your child and your **school**. The **school board** sets the vision and goals for the **school district**, and holds the **district** accountable for results.

Don't you want to decide who that will be?

I spoke about this at our booster club meeting and I've had quite a few people tell me it really resonated, so maybe it's worth repeating. What is being a beginner? It's dropping our expectations and preconceived ideas about something, and

seeing things with an open mind, fresh eyes, just like a beginner. If you've ever watched your kiddo learn something new, you can remember what that's like: feeling confused, because you don't know exactly how to do whatever you're trying to do, while also looking at everything perhaps with curiosity and wonder. That's a beginner's mind. Start from somewhere. Now that I'm older sometimes this saying hurts but this "old dog" can learn "new tricks"! I challenge you to keep trying and pushing yourself too. Don't be afraid to sign up for something new, especially like a fabulous volunteer spot at school (hint hint, wink wink). The garden is not just for green thumbs. The daddy daughter dance is not for expert event planners. The teacher hospitality is not for Martha Stuart. The Booster Club Board is not for a CEO. It's for YOU. Surprise yourself and just try something new! We will all support you!
