INTRODUCTION

Girls Prep Lower East Side Elementary is the first all-girls charter school in New York City. It was founded in 2005 and serves grades K-4.

Girls Prep Lower East Side is part of the Public Prep Network. Public Prep is a nonprofit organization that develops high-quality Universal Pre-Kindergarten and single-sex elementary and middle public schools that pursue excellence through continuous learning and evidence-based instruction. Our model is designed to empower each student to build strong character, demonstrate critical thinking, possess a core body of knowledge and be on a predictive path to earn a degree from a four-year university.

Our model recognizes the significance of starting early in building the self-expectation in students that they will attend and complete college and of providing a strong foundation to help get them there. Our content-rich interdisciplinary curriculum ensures students obtain knowledge, skills, and vocabulary related to English Language Arts, mathematics, history, geography, science, foreign language, and the arts. Furthermore, our schools aim to develop our students' work habits and individual talents by integrating the visual arts, music, and athletics into our curriculum.

Everything we do is designed to ensure students are prepared to graduate into New York City's top performing independent, parochial, and public schools to ensure they continue along the path to college completion.

Our core values are scholarship, merit, sisterhood and responsibility.

Goal 1: English Language Arts

Students will become proficient readers of the English language.

Background

Girls Prep uses balanced literacy approach in conjunction with the Common Core State Standards (CCSS) as a foundation for planning and instruction. Each integrated literacy block is approximately 110 minutes long at the elementary school and 90 minutes long at the middle school and includes both reading and writing instruction and practice opportunities. Teachers use a lesson format that follows a predictable structure – Warm-Up, Teach, guided practice, Independent Practice, connect – so that students know what to expect and what is expected of them at each part of the lesson.

Girls Prep students gain the benefits of the workshop model by learning to communicate in a positive and collaborative climate, apply knowledge through meaningful communication about what they have read, self-monitor through independent reading goals, and practice and master skills and standards by incorporating teacher and student feedback.

Teachers are trained and expected to monitor literacy growth using STEP, which is a research-based formative assessment, data management, and professional development system that has been proven to significantly improve student achievement in literacy. STEP assesses children's literacy skills, provides key data to educators, and trains teachers how to interpret that data in a way that moves children reliably through a 13-level system toward reading proficiency. Students also complete Writing Series and writing diagnostic tied to the units of instruction. Teachers use regular unit assessments in grades 2-5 to monitor student performance and progress.

The NWEA MAP assessment and unit assessments are used to ensure that immediate re-teach and intervention of ELA skills is incorporated into the daily plans, as well as six-week intervention plans. Additionally, the ongoing data informs our RTI (response to intervention) process, a network wide model that targets students for enrichment and/or intervention.

While Girls Prep is committed to incorporating the programs that build strong foundations and embed higher order critical thinking, we also ensure rigor and high academic expectations through standardization and structure. For example, we have developed standardized practices for grading and evaluating student work as well as for small group instruction and Response to Intervention process and criteria.

Goal 1: Absolute Measure

Each year, 75 percent of all tested students enrolled in at least their second year will perform at proficiency on the New York State English language arts examination for grades 3-8.

Method

The school administered the New York State Testing Program English language arts assessment to students in 3rd through 8th grade in Spring 2019. Each student's raw score has been converted to a grade-specific scaled score and a performance level.

The table below summarizes participation information for this year's test administration. The table indicates total enrollment and total number of students tested. It also provides a detailed breakdown of those students excluded from the exam. Note that this table includes all students according to grade level, even if they have not enrolled in at least their second year.

Evaluation

Girls Prep did not meet the accountability measure of 75 percent of students enrolled in at least their second year achieving proficiency. However, as the data in the following sections demonstrates, Girls Prep students made growth since 2015-16, and outperformed students in their host district. Accordingly, we believe the data indicates that Girls Prep is on a predictive path to meeting the goal of 75 percent proficiency in the future.

Additional Evidence

The below table indicates that the percentage of students in at least their second year achieving proficiency decreased by 6% from 2017-18 to 2018-19.

Goal 1: Absolute Measure Each year, the school's aggregate Performance Level Index (PLI) on the State English language arts exam will meet the Annual Measurable Objective (AMO) set forth in the state's NCLB accountability system.

Method

The federal No Child Left Behind law holds schools accountable for making annual yearly progress towards enabling all students to be proficient. As a result, the state sets an AMO each year to determine if schools are making satisfactory progress toward the goal of proficiency in the state's learning standards in English language arts. To achieve this measure, all tested students must have a Performance Level Index (PLI) value that equals or exceeds the 2018-19 English language arts AMO of 89. The PLI is calculated by adding the sum of the percent of all tested students at Levels 2 through 4 with the sum of the percent of all tested students at Levels 3 and 4. Thus, the highest possible PLI is 200.

Results

Girls Prep's performance index for English language arts was 151 in the 2018-19 school year. This exceeds the AMO of 89.

 & & & & 35 & + & 26 & = & \underline{61} \\
 & & & & & & \text{PL} & = & 151
 \end{array}$$

Evaluation

Girls Prep exceeded the Annual Measurable Objective by 61 points in 2018-19.

Goal 1: Comparative Measure

Each year, the percent of all tested students who are enrolled in at least their second year and performing at proficiency on the state English language arts exam will be greater than that of all students in the same tested grades in the local school district.

Method

A school compares tested students enrolled in at least their second year to all tested students in the surrounding public-school district. Comparisons are between the results for each grade in which the school had tested students in at least their second year at the school and the total result for all students at the corresponding grades in the school district.

Results

Students enrolled in at least their second year at Girls Prep outperformed those in their host district, NYC Community District 1.

Evaluation

Girls Prep met the accountability measure requiring that the proportion of all students who are enrolled in at least their second year and performing at proficiency on the state English language arts exam be greater than that of all students in the same tested grades in the local school district.

Additional Evidence

The below table demonstrates that Girls Prep students have outperformed the students of the school's host district, District 1, in three of the last 4 years.

Goal 1: Comparative Measure

Each year, the school will exceed its predicted level of performance on the state English language arts exam by an Effect Size of 0.3 or above (performing higher than expected to a small degree) according to a regression analysis controlling for students eligible for economically disadvantaged students among all public schools in New York State.

Method

The Charter Schools Institute conducts a Comparative Performance Analysis, which compares the school's performance to demographically similar public schools state-wide. The Institute uses a regression analysis to control for the percentage of economically disadvantaged students among all public schools in New York State. The Institute compares the school's actual performance to the predicted performance of public schools with a similar economically disadvantaged percentage. The difference between the schools' actual and predicted performance, relative to other schools with similar economically disadvantaged statistics, produces an Effect Size. An Effect Size of 0.3 or performing higher than expected to a small degree is the requirement for achieving this measure.

Given the timing of the state's release of economically disadvantaged data and the demands of the data analysis, the 2018-19 analysis is not yet available. This report contains 2017-18 results, the most recent Comparative Performance Analysis available.

Results

In 2017-18 Girls Prep's aggregate effect size in English language arts was 1.62.

2017-18 English Language Arts Comparative Performance by Grade Level

SCHOOL'S OVERALL COMPARATIVE PERFORMANCE:

Evaluation

In 2017-18, Girls Prep met this accountability plan goal. Girls Prep's effect size is not yet available for 2018-19, the year relevant to this analysis.

Additional Evidence

Girls Prep has had a strongly positive effect size for each of the last four years.

2017-18	K-8	77.6	420	66.9	37.4	1.62

Goal 1: Growth Measure

Each year, under the state's Growth Model, the school's mean unadjusted growth percentile in English language arts for all tested students in grades 4-8 will be above the state's unadjusted median growth percentile.

Method

This measure examines the change in performance of the same group of students from one year to the next and the progress they are making in comparison to other students with the same score in the previous year. The analysis only includes students who took the state exam in 2017-18 and have a state exam score from 2016-17, including students who were retained in the same grade. Students with the same 2016-17 score are ranked by their 2017-18 score and assigned a percentile based on their relative growth in performance (student growth percentile). Students' growth percentiles are aggregated school-wide to yield a school's mean growth percentile. For a school to perform above the statewide median, it must have a mean growth percentile greater than 50. Growth data for the 2018-19 school year is not yet available.

Results

In 2017-18, Girls Prep's mean unadjusted growth percentile was 58. This is higher than the state's unadjusted median growth percentile of 50.0

Summary of the English Language Arts Goal

We are committed to providing the resources needed for our students to become proficient readers of the English language. Girls Prep is committed to a culture of continuous improvement where student achievement and success has no limit.

In 2018-19, Girls Prep achieved 4 out of the 5 possible measures for evaluation. Below we have outlined an action plan to implement in the coming year. This plan includes programs and processes that have proven to be successful and new strategies that address our observable gaps.

Like most charter schools in New York City, Girls Prep did not meet the goal of 75 percent proficiency in 2017-18. However, our outstanding growth data gives us confidence that we are on a predictive path to attaining that goal in the future.

Action Plan

Curriculum

During the charter period, Girls Prep faculty worked diligently with peer faculty across the Public Prep Network to improve the quality and consistency of the ELA curriculum. The K-8 curriculum was constructed through a combination of upgrading the strongest of the units that were already in use and bringing in high quality external units from Success Academy, Expeditionary Learning and other schools with a strong track record of academic excellence. In 2017-18, teachers across the network implemented a common, standards-aligned ELA curriculum that is coherent in PreK-8. Each unit provides common components, including the ability to choose among a variety of rigorous texts, aligned assessments, clear enduring understandings, interdisciplinary connections, and detailed lesson guides for teachers to use, amend, or build upon. All standards, skills, scope and sequence, and end-of-unit assessments are shared across Public Prep schools, allowing schools to share instructional techniques and benchmark progress against their peers.

Instruction

The second key lever to drive academic improvement is to continue to refine our coaching and observation processes. As the level of expectations of our students has increased, we have identified that our expectations for adult learning must also increase and are providing additional levels of support and professional development opportunities to ensure successful and impactful instructional delivery. All of Girl Prep's instructional leaders regularly observe teachers and provide instructional feedback. Grade team leaders will also conduct informal observations and peer observations. All observations will utilize the Danielson framework as our model of excellent teaching.

Girls Prep has invested in the TeachBoost platform to improve the quality of observation, coaching and evaluation. All teachers will receive a minimum of 15 short and 5 long classroom observations from their coach, which is the average reported by top-quartile schools on TNTP's Insight survey. Our coaching

and observation program will also be supported through our partnership with TNTP. From the research literature on school improvement, we know that strong coaching and feedback is one of the highest-leverage strategies that a principal must utilize to improve student achievement. TNTP will also organize Excellent School Visits to ensure our school leaders see best practice.

Data & Assessment

Girls Prep teachers and instructional leaders routinely collect and analyze a wide variety of qualitative and quantitative data to improve curriculum and instruction. Students are assessed using curricular-aligned, performance-based assessments as measures of absolute performance. These rigorous assessments require synthesis and high-level application of knowledge from all subject areas. Student growth is measured using the NWEA MAP and STEP assessments. Throughout the year, students take interim assessments aligned with our scope and sequence in mathematics and in English Language Arts.

Leadership

To better support the Instruction, Curriculum and Assessment, Public Prep made important changes to strengthen the organization's central leadership team. To improve the support and supervision of principals, Public Prep unbundled some of the responsibilities of the CEO, putting day-to-day operations in the hands of the network's Academic Team.

MATHEMATICS

Goal 2: Mathematics

GIRLS PREP students will demonstrate steady progress in the understanding and application of mathematical skills and concepts.

Background

Girls Prep has an intensive math curriculum that utilizes the Common Core State Standards as a foundation and folds in rigorous curricula to challenge students and allow teachers to narrow and deepen the scope of math instruction. Girls Prep's math instruction schedule includes a morning meeting each day, as well as a math lesson each day at the elementary level. Teachers use data from student work and math lessons to plan for future instruction. In middle school, scholars have math instruction for one hour and thirty minutes daily.

Girls Prep is continuing to use publisher resources such as Engrade NY at the elementary and middle school, but the program is supplemented with additional content and exemplars to provide more process-based problem solving and to fill gaps in the curriculum. The use of math centers to develop and reinforce mathematical concepts and skills is a critical component of the math workshop. In addition to a math workshop, students participate in solving complex word problems during "Cognitively Guided Instruction" (CGI). CGI serves as a daily opportunity for students to deeply consider number relationships, to apply relationships to computation strategies, and to discuss and analyze their reasoning. CGI supports the development of efficient, flexible, meaningful, and accurate computation strategies.

Girls Prep's instructional leadership teams focus on abstract math to more readily assure that students will be able to take on a more diverse array of mathematical problems and apply their mathematical understandings to new and varied situations. With this strategy teachers are also able to hone their instructional techniques through intensive development of lessons.

Goal 2: Absolute Measure

Each year, 75 percent of all tested students enrolled in at least their second year will perform at proficiency on the New York State mathematics examination for grades 3-8.

Method

The school administered the New York State Testing Program mathematics assessment to students in 3rd through 8th grade in Spring 2019. Each student's raw score has been converted to a grade-specific scaled score and a performance level.

The table below summarizes participation information for this year's test administration. The table indicates total enrollment and total number of students tested. It also provides a detailed breakdown of those students excluded from the exam. Note that this table includes all students according to grade level, even if they have not enrolled in at least their second year.

Evaluation

Girls Prep did not meet the accountability measure of 75 percent of students enrolled in at least their second year achieving proficiency. However, as the data in the following sections demonstrates, Girls Prep students made significantly more than a year of growth, and outperformed their host district. Accordingly, we believe the data indicates that Girls Prep is on a predictive path to meeting the goal of 75 percent proficiency in the future.

Additional Evidence

The below table indicates that the percentage of students in at least their second year achieving proficiency decreased by 10% from 2017-18 to 2018-19.

Goal 2: Absolute Measure

Each year, the school's aggregate Performance Level Index (PLI) on the State mathematics exam will meet the Annual Measurable Objective (AMO) set forth in the state's NCLB accountability system.

Method

The federal No Child Left Behind law holds schools accountable for making annual yearly progress towards enabling all students to be proficient. As a result, the state sets an AMO each year to determine if schools are making satisfactory progress toward the goal of proficiency in the state's learning standards in mathematics. To achieve this measure, all tested students must have a Performance Level Index (PLI) value that equals or exceeds the 2018-19 mathematics AMO of 86. The PLI is calculated by adding the sum of the percent of all tested students at Levels 2 through 4 with the sum of the percent of all tested students at Levels 3 and 4. Thus, the highest possible PLI is 200.

Results

Girls Prep's performance index for mathematics was 142 in the 2018-19 school year. This exceeds the AMO of 86.

Evaluation

Girls Prep exceeded the Annual Measurable Objective by 56 points in 2018-19.

Goal 2: Comparative Measure

Each year, the percent of all tested students who are enrolled in at least their second year and performing at proficiency on the state mathematics exam will be greater than that of all students in the same tested grades in the local school district.

Method

A school compares tested students enrolled in at least their second year to all tested students in the surrounding public-school district. Comparisons are between the results for each grade in which the school had tested students in at least their second year at the school and the total result for all students at the corresponding grades in the school district.

Results

Students enrolled in at least their second year at Girls Prep outperformed those of their host district, NYC Community District 1.

Goal 2: Comparative Measure

Each year, the school will exceed its predicted level of performance on the state mathematics exam by an Effect Size of 0.3 or above (performing higher than expected to a small degree) according to a regression analysis controlling for students eligible for economically disadvantaged students among all public schools in New York State.

Method

The Charter Schools Institute conducts a Comparative Performance Analysis, which compares the school's performance to demographically similar public schools state-wide. The Institute uses a regression analysis to control for the percentage of economically disadvantaged students among all public schools in New York State. The Institute compares the school's actual performance to the predicted performance of public schools with a similar economically disadvantaged percentage. The

Girls Preparatory Charter School of New York 2018-19 Accountability Plan Progress Report

difference between the schools' actual and predicted performance, relative to other schools with similar economically disadvantaged statistics, produces an Effect Size. An Effect Size of 0.3 or performing higher than expected to a small degree is the requirement for achieving this measure.

Given the timing of the state's release of economically disadvantaged data and the demands of the data analysis, the 2018-19 analysis is not yet available. This report contains 2017-18 results, the most recent Comparative Performance Analysis available.

Results

In 2017-18, Girls Prep's aggregate effect size in mathematics was 1.24.

Goal 2: Growth Measure

Each year, under the state's Growth Model, the school's mean unadjusted growth percentile in mathematics for all tested students in grades 4-8 will be above the state's unadjusted median growth percentile.

Method

This measure examines the change in performance of the same group of students from one year to the next and the progress they are making in comparison to other students with the same score in the previous year. The analysis only includes students who took the state exam in 2017-18 and have a state exam score from 2016-17, including students who were retained in the same grade. Students with the same 2016-17 score are ranked by their 2017-18 score and assigned a percentile based on their relative growth in performance (student growth percentile). Students' growth percentiles are aggregated school-wide to yield a school's mean growth percentile. For a school to perform above the statewide median, it must have a mean growth percentile greater than 50. Growth data for the 2018-19 school year is not yet available.

In 2017-18, Girls Prep's mean unadjusted growth percentile was 56. This is higher than the state's unadjusted median growth percentile of 50.0

Summary of the Mathematics Goal

We are committed to providing the resources needed for our students to become proficient mathematicians. Girls prep is committed to a culture of continuous improvement where student achievement and success has no limit.

In 2016-17, Girls Prep achieved 4 out of the 5 possible measures for evaluation. Below we have outlined an action plan to implement in the coming year. This plan includes programs and processes that have proven to be successful and new strategies that address our observable gaps.

Like most charter schools in New York City, Girls Prep did not meet the goal of 75 percent proficiency in 2017-18. However, our outstanding growth data gives us confidence that we are on a predictive path to attaining that goal in the future.

Action Plan

Increased Instructional Time

In Grades K-4, we have implemented a new 30-minute problem-solving block. Students will spend this time critically engaging with a single rigorous question, developing their own strategies and discussing them with peers and as a class. We have contracted with Dr. Stephanie Smith to implement Cognitively Guided Instruction (CGI) “Number Talks” during this problem-solving block. CGI has previously been implemented by other NYC charter schools that have seen substantial growth in math achievement as a result.

Instruction

The second key lever to drive academic improvement is to continue to refine our coaching and observation processes. All instructional leaders will regularly observe teachers and provide instructional feedback. Grade team leaders will also conduct informal observations and peer observations. All observations will utilize the Danielson framework as our model of excellent teaching.

Girls Prep has invested in the TeachBoost platform to improve the quality of observation, coaching and evaluation. All teachers will receive a minimum of 15 short and 5 long classroom observations from their coach, which is the average reported by top-quartile schools on TNTP's Insight survey. Our coaching and observation program will also be supported through our partnership with TNTP. From the research literature on school improvement, we know that strong coaching and feedback is one of the highest-leverage strategies that a principal must utilize improve student achievement. TNTP will also organize Excellent School Visits to ensure our school leaders see best practice.

Data & Assessment

Girls Prep Lower East Side teachers and instructional leaders routinely collect and analyze a wide variety of qualitative and quantitative data to improve curriculum and instruction. Students are assessed using curricular-aligned, performance-based assessments as measures of absolute performance. These rigorous assessments require synthesis and high-level application of knowledge from all subject areas. Student growth is measured using the NWEA MAP and STEP assessment. Throughout the year, students take interim assessments aligned with our scope and sequence in mathematics and in English Language Arts.

Leadership

As outlined in the ELA action plan above, Public Prep has made added additional supports and made significant changes in network and school leadership with the aim of improving instructional leadership, adult learning, teacher coaching and development.

SCIENCE

Goal 3: Science

GIRLS PREP students will demonstrate proficiency relevant to achievement in science.

Background

Science at Girls Prep allows students to explore the world through a hands-on, inquiry-based approach. Throughout their years in school students will study physical, life, and earth science. Every student at Girls Prep takes science every day, which is taught in our dedicated science labs by subject specific teachers.

Science in kindergarten explores topics such as the five senses, changes in plants and animals through the seasons, taking care of the earth and magnetism. First grade topics include astronomy, the human body, animal diversity, properties of matter (solids and liquids), and light and sound. In second grade, students use the scientific process to learn about simple machines life cycles, and the symbiotic relationship of plants and animals among other topics.

As students move on to third grade, they build on their early childhood learning. Third grade students at Girls Prep complete an in-depth study of inherited traits, meteorology, ecology, and force and motion. As fourth graders, students delve into animals and plants in their environment, discover the properties of water, explore electrical energy and magnetism, and understand the impact that natural events have on our world. Fourth graders end the year participating in the NYS Science Written and Performance Assessment that focuses on knowledge gained throughout their elementary science program.

In fifth grade, students study ecosystems, classify living things, study the roots of scientific theory, and explore the stars and the solar system. Students build their reading, writing, and inquiry skills as they engage in projects and hands-on labs.

In every grade, teachers integrate opportunities for students to read and write about the content, skills, and processes developed through their inquiry work. Teachers use Delta Education FOSS science, the state standards, and the Next Gen Science Standards as the key resources in planning instruction.

Goal 3: Absolute Measure

Each year, 75 percent of all tested students enrolled in at least their second year will perform at proficiency on the New York State science examination.

Method

The school administered the New York State Testing Program science assessment to students in 4th and 8th grade in springs 2019. The school converted each student's raw score to a performance level and a grade-specific scaled score. The criterion for success on this measure requires students enrolled in at least their second year (defined as enrolled by BEDS day of the previous school year) to score at proficiency.

Results

87% of Girls Prep students enrolled in at least their second year were proficient on the NYS science examination.

Summary of the Science Goal

Girls Prep has met one out of two science goals in 2018-19. Science Scores for District 1 have not yet been released to the public. Although our performance was relatively strong, we are not satisfied with our results, and will seek to enhance our instructional program to improve them in 2017-18

Type	Measure	Outcome

Comparative	Each year, the percent of all tested students enrolled in at least their second year and performing at proficiency on the state exam will be greater than that of all students in the same tested grades in the local school district.	N/A

Action Plan

We will be looking critically at the alignment of our science curriculum to the Grade 4 and 8 NYS science test. Although we are confident that our curriculum covers all the material necessary to succeed on the Grade 4 NYS science test, certain content areas may not receive appropriate emphasis or be taught in the appropriate sequence. We will seek to uncover and remedy any gaps in 2019-20.

NCLB

Goal 4: NCLB

The school will be in Good Standing each year.

Goal 4: Absolute Measure

Under the state's NCLB accountability system, the school's Accountability Status is in good standing; the state has not identified the school as a Focus School nor determined that it has met the criteria to be identified as a local-assistance-plan school.

Method

Since *all* students are expected to meet the state's learning standards, the federal No Child Left Behind legislation stipulates that various sub-populations and demographic categories of students among all tested students must meet state proficiency standards. New York, like all states, established a system for making these determinations for its public schools. Each year the state issues School Report Cards. The report cards indicate each school's status under the state's No Child Left Behind (NCLB) accountability system.

Results

For the 2018-19 school year Girls Prep was in Good Standing.

Evaluation

Girls Prep met this accountability goal.

Goal 5: Parent Satisfaction

Goal 5: Absolute Measure

Each year, parents will express satisfaction with the school's program, based on the school's Parent Survey in which at least two-thirds of all parents/guardians provide a positive response to the survey items.

Method

Girls Prep uses the NYC DOE school survey to gauge family satisfaction.

Results

The parent response rate on the 2018-19 survey was 36%

2018-19 Parent Satisfaction on Key Survey Results

Item	Satisfaction	Citywide Average
Rigorous Instruction	2.96	3.62
Collaborative Teachers	3.01	3.72
Effective School Leadership	3.33	3.63
Strong Family-Community Ties	3.91	4.01
Trust	2.54	3.70

Evaluation

This outcome measure has been met by Girls Prep. The relationship between home and school is central to each child's success. At Girls Prep, we partner with families to provide maximum support to our students. Every year begins with a home visit by the student's teachers; this initial visit allows families and teachers to establish a relationship before the school year begins. We continue to build a partnership throughout the year and from year-to-year so that every child is supported and sees success.

Financial Information

This information is required of ALL charter schools. Provide the following measures of fiscal performance of the charter school in Appendix B (Total Expenditures and Administrative Expenditures Per Child):

1. Total Expenditures Per Child

To calculate **'Total Expenditures per Child'** take total expenditures (from the unaudited 2018-19 Schedule of Functional Expenses) and divide by the year end FTE student enrollment. (Integers Only. No dollar signs or commas).

Note: *The information on the Schedule of Functional Expenses on pages 41-43 of the Audit Guide can help schools locate the amounts to use in the two per pupil calculations:* <http://www.p12.nysed.gov/psc/AuditGuide.html>

Line 1: Total Expenditures	10902915
Line 2: Year End FTE student enrollment	611
Line 3: Divide Line 1 by Line 2	17854

2. Administrative Expenditures per Child

To calculate **'Administrative Expenditures per Child'** To calculate "Administrative Expenditures per Child" first *add* together the following:

1. Take the relevant portion from the 'personnel services cost' row and the 'management and general' column (from the unaudited 2018-19 Schedule of Functional Expenses)
2. Any contracted administrative/management fee paid to other organizations or corporations
3. Take the total from above and divide it by the year-end FTE enrollment. The relevant portion that must be included in this calculation is defined as follows:

Administrative Expenditures: Administration and management of the charter school includes the activities and personnel of the offices of the chief school officer, the finance or business offices, school operations personnel, data management and reporting, human resources, technology, etc. It also includes those administrative and management services provided by other organizations or corporations on behalf of the charter school for which the charter school pays a fee or other compensation. Do not include the FTE of personnel whose role is to directly support the instructional program.

Notes:

The information on the Schedule of Functional Expenses on pages 41-43 of the Audit Guide can help schools locate the amounts to use in the two per pupil calculations:

<http://www.p12.nysed.gov/psc/AuditGuide.html>.

Employee benefit costs or expenditures should not be reported in the above calculations.

Line 1: Relevant Personnel Services Cost (Row)	532230
Line 2: Management and General Cost (Column)	469376
Line 3: Sum of Line 1 and Line 2	1001606
Line 5: Divide Line 3 by the Year End FTE student enrollment	1640

INDEPENDENT AUDITOR’S REPORT

Board of Trustees
Public Prep Charter School Academies

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of Public Prep Charter School Academies (the “Organization”), which comprise the consolidated statement of financial position as of June 30, 2019 and the related consolidated statements of activities and changes in net assets, functional expenses, and cash flows for the year then ended, and the related notes to the consolidated financial statements.

Management’s Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor’s Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Organization’s preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization’s internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Public Prep Charter School Academies as of June 30, 2019, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 30, 2019 on our consideration of Public Prep Charter School Academies' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Public Prep Charter School Academies' internal control over financial reporting and compliance.

Report on Summarized Comparative Information

We have previously audited Public Prep Charter School Academies' consolidated financial statements as of and for the year ended June 30, 2018, and we expressed an unmodified audit opinion on those audited consolidated financial statements in our report dated October 31, 2018. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2018 is consistent, in all material respects, with the audited consolidated financial statements from which it has been derived.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

JUNE 30, 2019
(With Comparative Totals for 2018)

NOTE A: THE ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation

The accompanying consolidated financial statements include the accounts of Girls Preparatory Charter School of New York (“Girls Prep LES”), Boys Preparatory Charter School of New York (“Boys Prep”), Girls Preparatory Charter School of the Bronx (“Girls Prep Bronx”), PrePrep: the Joan Ganz Cooney Early Learning Program (“PrePrep”), PrePrep2 (“PrePrep2”), collectively forming Public Prep Charter School Academies, and Friends of Girls Preparatory Charter School of New York, Inc. (“Friends”), (collectively referred to as the “Organization”). The Organization is presenting consolidated financial statements because they have a common Board of Trustees and economic interest. All intercompany balances and transactions have been eliminated in the accompanying consolidated financial statements.

The Organization

Public Prep Charter School Academies is an education corporation that has authority to operate the Charter Schools as described below. Friends was organized under the laws of the State of New York as a not-for-profit corporation under subparagraph (a)(5) of Section 102 of the Not-For-Profit Corporation law. See Note D.

Girls Prep LES operates in the borough of Manhattan, New York. On March 23, 2004, the Board of Regents of the University of the State of New York granted Girls Prep LES a provisional charter valid for a term of five years and renewable upon expiration. Girls Prep LES obtained a renewal through June 30, 2020.

Boys Prep operates in the borough of Bronx, New York. On December 14, 2010, the Board of Regents of the University of the State of New York granted Boys Prep a provisional charter valid for a term of five years and renewable upon expiration. Boys Prep obtained a renewal through July 31, 2024.

Girls Prep Bronx operates in the borough of Bronx, New York. On February 23, 2009, the Board of Regents of the University of the State of New York granted Girls Prep Bronx a provisional charter valid for a term of five years and renewable upon expiration. Girls Prep Bronx obtained a renewal through July 31, 2022.

On March 9, 2019, the Board of Regents of the University of the State of New York granted Girls Prep Bronx II a provisional charter valid for a term of five years and renewable upon expiration. Girls Prep Bronx II is expected to open in the Fall of 2020.

Each of the Charter Schools were established to prepare underserved elementary and middle school students for higher education, civic involvement and lifelong success through a structured, caring environment of high academic expectations.

PrePrep operates in the borough of Bronx, New York. The Organization obtained approval from the New York City Department of Education to open a Pre-K program. The contract authorized operation of a universal prekindergarten program for a term of three years through June 30, 2018 and was renewable for two years upon expiration. In 2018, PrePrep obtained a renewal through June 30, 2020.

PrePrep2 operates in the borough of Bronx, New York. The Organization obtained approval from the New York City Department of Education to open a second Pre-K program. The contract authorizes operation of a universal prekindergarten program for a term of three years through June 30, 2021.

NOTE A: THE ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd

Financial Statement presentation

The financial statements of the Organization have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (GAAP). The Organization reports information regarding its financial position and activities according to two classes of net assets: net assets without donor restrictions and net assets with donor restrictions.

These classes of net assets are defined as follows:

Net Assets With Donor Restrictions – Net assets subject to donor (or certain grantor) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

Net Assets Without Donor Restrictions – The net assets over which the Governing Board has discretionary control to use in carrying on the Organization's operations in accordance with the guidelines established by the Organization. The Board may designate portions of the current net assets without donor restrictions for specific purposes, projects or investment.

Revenue and support recognition

Revenue from state and local governments resulting from the Organization's charter status and based on the number of students enrolled is recorded when services are performed in accordance with the charter agreement.

Revenue from federal, state and local government grants and contracts are recorded by the Organization when qualifying expenditures are incurred and billable.

Contributions are recognized as revenue in the period the pledge is received and documented.

Contributions

Contributions and unconditional promises to give are recorded in the appropriate class of net assets depending on the existence of any donor restrictions. A contribution that is received and expended in the same period for a specific purpose is classified as revenue without donor restrictions.

Contributions are recorded as restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities and changes in net assets as net assets released from restrictions.

Cash

Cash balances are maintained at certain financial institutions located in New York and are insured by the FDIC up to \$250,000 at each institution. In the normal course of business, the cash account balances at any given time may exceed insured limits. However, the Organization has not experienced any losses in such accounts and does not believe it is exposed to significant risk in cash.

NOTE A: THE ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd

Cash in escrow

The Organization maintains cash in escrow accounts for dissolution reserves in accordance with the terms of their charter agreements. The amount in escrow for dissolution as of June 30, 2019 and 2018 was \$175,221 and \$175,114, respectively. The escrow is restricted to fund legal and other costs related to the dissolution of the Organization.

Grants and contracts receivable

Grants and contracts receivable are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts based on its assessment of the current status of individual receivables from grants, agencies and others. Balances that are still outstanding after management has used reasonable collection efforts are written off against the allowance for doubtful accounts. There was no allowance for doubtful accounts at June 30, 2019 or 2018.

Property and equipment

Property and equipment are recorded at cost. Depreciation and amortization are computed using the straight-line method on a basis considered adequate to depreciate the assets over their estimated useful lives, which range from three to ten years. Leasehold improvements are amortized over the lesser of the lease term or useful life.

Tax exempt status

The Organization is a tax-exempt organization under section 501(c)(3) of the Internal Revenue Code and applicable state regulations and, accordingly, is exempt from federal and state taxes on income.

Public Prep Academies and Friends file Form 990 tax returns in the U.S. federal jurisdiction. In addition, Friends files in New York. The tax returns for the years ended June 30, 2016 through June 30, 2019 are still subject to potential audit by the IRS and NY. Management of the Organization believes it has no material uncertain tax positions and, accordingly it has not recognized any liability for unrecognized tax benefits.

Contributed services

The Organization receives contributed services from volunteers to serve on the Board of Trustees. In addition, the Organization received transportation services, special education services and speech therapy instruction for the students from the local district. The Organization was unable to determine a value for these services.

Marketing and recruiting costs

The Organization expenses marketing and recruiting costs as they are incurred. Total marketing and recruiting costs approximated \$56,500 and \$80,100 for the years ended June 30, 2019 and 2018, respectively.

Deferred revenue

The Organization records grant revenue as deferred revenue until it is expended for the purpose of the grant, at which time it is recognized as revenue.

Security deposits payable

The Organization subleases portions of one of the buildings it occupies and received security deposits in relation to the subleases.

NOTE A: THE ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd

Deferred lease liability

The Organization leases one of its facilities. The lease contains significant pre-determined fixed escalations of the base rent. In accordance with GAAP, the Organization recognizes the related rent expense on a straight-line basis and records the difference between the recognized rental expense and the amounts paid under the lease as a deferred lease liability. The amount of additional rent expense recognized in excess of the amounts paid under the lease was \$745,908 for the year ended June 30, 2019.

Use of estimates in the preparation of financial statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Functional allocation of expenses

The costs of programs and supporting services activities have been summarized on a functional basis in the statement of activities. The statement of functional expenses presents the natural classification detail of expenses by function. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

Change in accounting principle

During August 2016 FASB issued Accounting Standards Update No. 2016-14 "*Not-for-Profit Entities (Topic 958) Presentation of Financial Statements of Not-for-Profit Entities*". The main provisions of ASU 2016-14 require a Not-For-Profit (NFP) to:

- 1) Present on the face of the statement of financial position amounts for two classes of net assets at the end of the period, rather than three classes. That is, an NFP will report amounts for *net assets with donor restrictions* and *net assets without donor restrictions*, as well as the currently required amount for total net assets.
- 2) Present on the face of the statement of activities the amount of the change in each of the two classes of net assets (noted in item 1) rather than that of the required three classes as in prior years. An NFP would continue to report the currently required amount of the change in total net assets for the period.
- 3) Continue to present on the face of the statement of cash flows the net amount for operating cash flows using either the direct or indirect method of reporting but no longer require the presentation or disclosure of the indirect method (reconciliation) if using the direct method.

4) Provide enhanced disclosures about:

- a) Composition of net assets with donor restrictions at the end of the period and how the restrictions affect the use of resources.
- b) Qualitative information that communicates how a NFP manages its liquid resources available to meet cash needs for general expenditures within one year of the statement of financial position date.
- c) Quantitative information, and additional qualitative information, that communicates the availability of an NFP's financial assets at the statement of financial position date to meet cash needs for general expenditures within one year of the statement of financial position date. Availability of a financial asset may be affected by (1) its nature, (2) external limits imposed by donors, grantors, laws, and contracts with others, and (3) internal limits imposed by Board of Trustee decisions.
- d) Amounts of expenses by both their natural classification and their functional classification. That analysis of expenses is to be provided in one location.
- e) Method(s) used to allocate costs among program and support functions.

ASU 2016-14 is effective for financial statements beginning after December 15, 2017 and was applied retrospectively except for disclosures regarding liquidity and availability of resources, which are presented only for the current year. There was no effect on total assets or changes in net assets. The Organization has adopted the amendments effective July 1, 2018.

New accounting pronouncements

Revenue from contracts with customers

In May 2014, the Financial Accounting Standards Board ("FASB") issued a new standard related to revenue recognition. Under the standard, revenue is recognized when a customer obtains control of promised goods or services in an amount that reflects the consideration the entity expects to receive in exchange for those goods or services. For nonpublic entities, the guidance in this new standard is effective for annual reporting periods beginning after December 15, 2018, and interim reporting periods within annual reporting periods beginning after December 15, 2019. The Organization is currently evaluating the provisions of this standard to determine the impact the new standard will have on the Organization's financial position or results of operations.

Leases

In February 2016, the FASB issued a new standard related to leases to increase transparency and comparability among entities by requiring the recognition of right-of-use (“ROU”) assets and lease liabilities on the statement of financial position. Most prominent among the changes in the standard is the recognition of ROU assets and lease liabilities by lessees for those leases classified as operating leases under current U.S. GAAP. For nonpublic entities, the guidance in this new standard is effective for fiscal years beginning after December 15, 2019, and interim periods within fiscal years beginning after December 15, 2020. Recently an exposure draft was issued that would delay the effective date by one year. The Organization is currently evaluating the provisions of this standard to determine the impact the new standard will have on the Organization’s financial position or results of operations.

Subsequent events

The Organization has conducted an evaluation of potential subsequent events occurring after the statement of financial position date through October 30, 2019, which is the date the financial statements are available to be issued. Except as described in Note D, no subsequent events requiring disclosure were noted.

NOTE B: RELATED PARTY TRANSACTIONS

The Organization has related party receivables from and payables to one related organization, Public Preparatory Network, Inc. Public Preparatory Network, Inc., a not-for-profit organization, provides management and other administrative support services to the Organization. The Organization entered into an agreement with Public Preparatory Network, Inc., dated September 30, 2014, under which the Organization paid an annual service fee of 12% of the year end student enrollment full time equivalents multiplied by the approved per pupil operating expenses for the school year. For the year ended June 30, 2018 and forward the fee was increased from 12% to 15%, plus a separate flat fee of \$50,000 of special education funding was added. For the year ended June 30, 2019, the \$50,000 special education funding fee was applied to each campus, for a total of \$250,000. The term of the agreement is concurrent with the initial charter term and can be extended for subsequent three year periods if desired. The fee incurred for the years ended June 30, 2019 and 2018 was \$4,430,460 and \$3,816,416, respectively.

NOTE C: LIQUIDITY AND AVAILABILITY

The Organization regularly monitors liquidity required to meet its operating needs and other contractual commitments. The Organization's main source of liquidity is its cash accounts.

For purposes of analyzing resources available to meet general expenditures over a 12-month period, the Organization considers all expenditures related to its ongoing activities of education and public service as well as the conduct of services undertaken to support those activities to be general expenditures.

In addition to financial assets available to meet general expenditures over the next 12 months, the Organization operates with a balanced budget and anticipates collecting sufficient revenue to cover general expenditures not covered by donor-restricted resources. Refer to the statement of cash flows which identifies the sources and uses of the Organization's cash and shows positive cash generated by operations for fiscal year 2019. In addition, the Organization has a \$1,500,000 line of credit available for use if necessary.

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the statement of financial position date, comprise the following at June 30, 2019:

	<u>Amount</u>
Cash	\$ 1,519,657
Grants and contracts receivable	<u>3,431,440</u>
Total financial assets available within one year	4,951,097
Less amounts unavailable for general expenditures within one year due to:	
Restricted by donors with purpose restrictions	<u>(196,273)</u>
Total financial assets available to management for general expenditures within one year	<u>\$ 4,754,824</u>

NOTE D: SCHOOL FACILITY

As part of the New York City Chancellor's Charter School Initiative, the New York City Department of Education has committed space to the Organization at no charge under a verbal agreement.

In December 2016 Friends entered into a lease agreement with a third party for school facility space for use by Boys Prep. The lease required a security deposit of \$495,000 which was paid in fiscal 2017 by Boys Prep. The lease term is 35 years, which commenced upon occupancy in September 2018, with the option to renew the agreement for two renewal terms, the first for ten years and the second for four years. The current agreement provides for monthly payments of approximately \$202,300 for the first year, increasing annually based upon the greater of the changes in the Consumer Price Index above a base year or a fixed percentage of 1.5%.

NOTE D: SCHOOL FACILITY, Cont'd

The landlord is in the process of making improvements to the space, including construction of additional space, the cost of which is to be shared between the landlord and Friends. This amount (anticipated at \$6,250,000) is expected to be repaid to the landlord through a ten-year \$3,000,000 loan with a fixed interest rate of 5%, and an ten-year \$3,250,000 loan at an interest rate equal to the landlord's rate of interest at the time of the landlord's mortgage closing. For purposes of the future minimum payments, an estimated interest rate of 5.13% is included in determining the payment amounts. This estimated payment amount will change upon closing of the landlord's mortgage in the future. Payment of the \$3,000,000 loan commenced in September 2018, and payment of the \$3,250,000 loan will commence in year three of the lease term. The anticipated loan payments are included in the future minimum payments as shown below and are also detailed in Note J. The lease required \$2,256,000 to be deposited in an escrow account to be used toward construction and for Friends to pay up to \$608,000 directly to the architect and up to \$92,000 to the construction manager upon receipt of invoices. As of June 30, 2019 and 2018, the Organization paid \$783,742 and \$589,838, respectively, for architect fees which are included in leasehold improvements in the accompanying statement of financial position.

During February 2018, the Organization agreed to sublease a portion of the Boys Prep facility for a term of twenty-two months, beginning September 2018 through June 30, 2020. The rental income is \$8,333 per month through December 31, 2018, \$9,722 per month through June 30, 2019, and \$27,083 per month through June 30, 2020. In addition, the tenant must pay a portion of utilities and custodial services. Effective May 1, 2019, the Organization agreed to sublet an additional portion of the Boys Prep facility for a fourteen month period through June 30, 2020 at \$4,167 per month.

Future minimum payments under these leases and subleases are estimated to be approximately as follows:

<u>Year ending June 30,</u>	<u>Minimum Payments</u>	<u>Sublease Income</u>	<u>Net Lease Payments</u>
2020	\$ 2,322,827	\$ 374,996	\$ 1,947,831
2021	2,357,669	-	2,357,669
2022	2,393,034	-	2,393,034
2023	2,428,930	-	2,428,930
2024	2,465,364	-	2,465,364
Thereafter	90,810,893	-	90,810,893
	<u>\$ 102,778,717</u>	<u>\$ 374,996</u>	<u>\$ 102,403,721</u>

During September 2019, the Organization finalized a sublease between Friends and Public Prep Charter School Academies for the school facility space which commenced September 10, 2018 through June 30, 2053. The lease is intended to transfer actual costs of the facility incurred by Friends to Public Prep Charter School Academies over the full lease term. Under the terms of the lease, the rent expense incurred in a given fiscal year is limited to the amount of rental reimbursement under N.Y. Education Law Section 2853(3)(e) for which Boys Prep is eligible. Any amounts that would be due in excess of that amount are added to a "total project deficit" and are subject to repayment in a future year, should funding become available. At June 30, 2019, the total project deficit was approximately \$3,761,000. All intercompany rent is eliminated in the accompanying consolidated financial statements.

	<u>\$ 11,437,573</u>	<u>\$ 4,477,322</u>

At June 30, 2018, \$2,997,418 was included in construction in progress related to construction of the new Boys Prep facility, see Note D. The facility was placed into service during fiscal year 2019 and began depreciating.

NOTE F: OPERATING LEASES

The Organization leases office equipment under non-cancelable lease agreements expiring at various dates through September 2023. The future minimum payments on these agreements are as follows:

<u>Year ending June 30,</u>	<u>Amount</u>
2020	\$ 248,410
2021	229,522
2022	218,423
2023	106,324
2024	<u>7,376</u>
	<u>\$ 810,055</u>

During fiscal 2018, existing leases for certain office equipment were bought out by a new vendor who provided a cash lease incentive to the Organization. The deferred lease incentive associated with these buyouts will be amortized over five years (the term of the new leases) and is included in deferred lease incentive on the accompanying consolidated statement of financial position as of June 30, 2019 and 2018. Approximately \$26,000 is expected to be recognized annually through 2022, with the remainder recognized in 2023.

NOTE G: RETIREMENT PLAN

The Organization sponsors a defined contribution 403(b) plan covering all regular employees. The Organization matches employees' contributions based on years of service, up to a maximum of 7.5% of base salary. The Organization's total contribution to the Plan for the years ended June 30, 2019 and 2018 was \$307,190 and \$284,009, respectively.

NOTE H: CONTINGENCY

Certain grants and contracts may be subject to audit by funding sources. Such audits might result in disallowance of costs submitted for reimbursement by the Organization. Management is of the opinion that such disallowances, if any, will not have a material effect on the accompanying consolidated financial statements. Accordingly, no amounts have been provided in the accompanying consolidated financial statements for such potential claims.

NOTE I: CONCENTRATIONS

At June 30, 2019 and 2018, approximately 31% and 61%, respectively of grants and contracts receivables are due from New York State relating to certain grants. At both June 30, 2019 and 2018, approximately 36% of grants and contracts receivables are due from New York City relating to certain grants.

During the years ended June 30, 2019, and 2018, 90% and 91%, respectively of total operating revenue and support came from per-pupil funding provided by New York State. The per-pupil rate is set annually by the State based on the school district in which each Charter School's students are located.

NOTE J: LOANS PAYABLE

As further described in Note D, the Organization received financing from the landlord in connection with the build-out of the Boys Prep facility. The total amount due is not yet finalized. As of June 30, 2019, \$5,578,939 is outstanding on these loans. Future minimum payments on these loans are currently estimated to be as follows:

<u>Year ending June 30,</u>	<u>Amount</u>
2020	\$ 246,269

NOTE K: NON-REVOLVING LINE OF CREDIT

Effective June 5, 2019, Public Prep Charter School Academies entered into a non-revolving line of credit with a bank, in the principal amount of \$1,500,000. Public Prep Charter School Academies may make borrowings or repayments on the line at any time, however on January 5, 2020, any amount outstanding on the line converts from a non-revolving line of credit to a term note. The term note requires principal and interest payments beginning February 5, 2020, with an interest rate equal to the prime rate, rounded upward to the nearest eighth of one percentage point (effective interest rate of 5.50% at June 30, 2019). The interest rate shall decrease by one half percentage point on the one-year anniversary of the disbursement date, if the unpaid principal balance of the obligation is under \$500,000 within twelve months from the disbursement date, subject to a minimum interest rate of 4.5%. The entire unpaid principal balance of this term note, and all accrued and unpaid interest shall be due June 5, 2021. There were no amounts outstanding on the line at June 30, 2019.

The agreement has certain financial covenants, of which Public Prep Charter School Academies was in compliance with as of June 30, 2019. The agreement is secured by substantially all assets of Public Prep Charter School Academies.

NOTE L: FUNCTIONAL EXPENSES

The financial statements report certain categories of expenses that are attributed to more than one program or supporting function. Therefore, expenses require allocation on a reasonable basis that is consistently applied. All expenses that are allocated to more than one program or supporting function (including salaries, benefits, management fees, purchased services, occupancy, supplies, and depreciation) are allocated on the basis of estimates of time, effort, and usage.

NOTE M: NET ASSETS

support services provided to students with Individualized Education Plans (IEPs). Also adding a network-wide Director of Student Support to standardize these efforts and ensure we are delivering high-quality support.

- Adding professional development opportunities for all staff to increase our capacity to serve students with disabilities.
- Using the Integrated Co-Teaching (ICT) model, where students with disabilities are taught in a general education classroom alongside their peers without disabilities.
- Differentiating instruction and using flexible grouping so that students receive more individualized support.
- Participating in the NYC Charter School Special Education Collaborative, where staff members can access professional development and resources for supporting students with disabilities.

ensure we are retaining Students with Disabilities by:

- Continuing to build a staff that monitors and supports services provided to students with IEPs. We will also add a network-wide Director of Student Support to standardize these efforts and ensure we are delivering high-quality support.
- Continuing professional development opportunities for all staff to increase our capacity to serve students with disabilities.
- Continuing to utilize our ICT model in classrooms.
- Continuing to differentiate instruction and use flexible grouping for individualized support.

Entry 11 Classroom Teacher and Administrator Attrition

Last updated: 07/29/2019

Report changes in teacher and administrator staffing.

Instructions for completing the Classroom Teacher and Administrator Attrition Tables

Charter schools must complete the tables titled 2018-2019 Classroom Teacher and Administrator Attrition to report changes in teacher and administrator staffing during the 2018-2019 school year. Please provide the full time equivalent (FTE) of staff on June 30, 2018; the FTE for any departed staff from July 1, 2018 through June 30, 2019; the FTE for added staff from July 1, 2018 through June 30, 2019; and the FTE of staff added in newly created positions from July 1, 2018 through June 30, 2019 using the tables provided.

1. Classroom Teacher Attrition Table

3. Tell your school's story

Charter schools may provide additional information in this section of the Annual Report about their respective teacher and administrator attrition rates as some teacher or administrator departures do not reflect advancement or movement within the charter school networks. Schools may provide additional detail to reflect a teacher’s advancement up the ladder to a leadership position within the network or an administrator’s movement to lead a new network charter school.

(No response)

4. Charter schools must ensure that all prospective employees receive clearance through [the NYSED Office of School Personnel Review and Accountability](#) (OSPRA) prior to employment. After an employee has been cleared, schools are required to maintain proof of such clearance in the file of each employee. For the safety of all students, charter schools must take immediate steps to terminate the employment of individuals who have been denied clearance. Once the employees have been terminated, the school must terminate the request for clearance in the TEACH system.

Have all employees have been cleared through the NYSED TEACH system?

Yes

5. For perspective or current employees whose clearance has been denied, have you terminated their employment and removed them from the TEACH system?

	Yes
