8. I learned:

Communication the why and how comes is vital to building positive school culture and making effective positive changes.

That leaders must develop trust before change can happen

that people value communication and deem leadership effective based on this skill.

Task and Relationship Balance, 3 factors for student achievement (John Hattie), Resistance may be a result of unmet needs that a leader can address. Communication is KEY!

that a transformational leader must invest in the following skills such as, communication, trust, and capacity building in order to build a healthy school culture..

9. I didn't understand:

N/A

10. My goal next time would be:

To continue to communicate the why behind school vision and changes.

to continue to make sure the new administrators are taking something away they can immediately use at their site

Come ready to talk about something I have tried or applied.

continue to protect the heart and soul of the induction program.

11. Suggestions for the presenter:

NA, today was a breath of fresh air....the PD felt more like a group of friends chatting about a book and I loved it!

great job organizing and delivering the PD

I enjoyed learning from each of the participants in the book club. I appreciated the safe environment that allowed each member to feel comfortable to share work place challenges.
