

Why try Cricket?

Pupils should try cricket for the individual and collective challenges it presents. The sport will help develop their mental, physical, technical, tactical and lifestyle skills, as well as how to socially interact.

Who can do it?

Boys and girls of any age have an opportunity to participate in the various programmes provided by cricket throughout the year. Pupils can access coaching expertise and guidance from the coaching team throughout the majority of the year in 1:1 sessions, small group sessions, the Millfield Activities Programme (both girls and boys) and additional lunchtime sessions. The summer term fixture card provides competitive challenges for pupils of all abilities, and has the intention of stretching those who have high cricketing aspirations, whilst providing fun and enjoyment for all.

Highlights from 2018-19

- Boys U18 won the National T20 Competition
- Boys U17 won the National Cup
- Girls U15 were National T20 winners
- Boys U14 won the County U15 Cup after defeating King's Taunton by ten wickets in the final
- It's the second time that Millfield have won three national titles in the same academic year. The first occasion was in 2016.
- India-Rose Owen and Jessica Hazel represented Somerset Women's Team in the County Championship
- Five players selected for the West of England at the ECB Super 4's Regional Tournament in 2018
- Jamie Baird was part of the West of England U15 side that won both the 50 over and 20 over trophies at the 32nd ECB U15 Bunbury Festival
- Four players selected for England Young Lions (U19) in 2018-19
- Millfield hosted the prestigious 32nd ECB U15 Bunbury Festival
- Millfield hosted the England Women's team for training and matches ahead of the 2019 Ashes. They played Australia A in a three-day match
- Twelve pupils (boys and girls) are involved in County EPP/PSPP and Academy Programmes

Director of Cricket: Mark Garaway

Assistant Coaches: Dan Helesfay
and Jack Moore

High performance

We have a holistic approach to cricket, developing pupils over the course of the year with outstanding facilities, a world class coaching team, a specialist performance analysis system, strength and conditioning expertise and a competitive fixture card not seen in any other school in England.

Looking forward to 2019-20

- Opening our new state-of-the-art Indoor Cricket Centre in November 2019
- Pitchvision Match Analysis Systems installed on Junior and Main Fields, and in three lanes of the new Indoor Cricket Centre, which will be a fully integrated technical and performance monitoring system available to every cricketer at Millfield

Success stories and future stars

Kasey Aldridge has been part of Millfield Cricket since his Prep School days. Kasey's development has accelerated in the past two years and he was selected for the England Young Lions squad to tour India and Bangladesh in winter 2018-19.

Adam Rosslee is a keeper/batter with high potential. Adam's short Millfield career to date has been littered with scoring big hundreds.
