

Spring Break at VES

To support our boarding students and their families—both international and domestic—we will be keeping the VES campus open for the full term of Spring Break (March 7 - 22) for any student who wishes or needs to stay on campus—whether for a few days, a week or the entire break.

Our international student advisors, Esther and Matt Johnson, as well as our leadership team and faculty, will provide adult supervision and develop fun excursions in the region and activities on and off campus that will keep students engaged.
