The Editor will welcome contributions or correspondence from present or past members of the School.

Subscribers are requested to inform the Business Manager of any change of Address.

Editorial.

Once more we begin a fresh year, and though we have bidden farewell to many old faces, yet we welcome many new ones. A. H. Jones, our capable and painstaking editor of last year, has resigned, in order to devote more time to study for the Senior Exam. The year has begun auspiciously, for already we have gained many honours. First and foremost we are proud to know that H. K. Denham has been selected as Rhodes Scholar for this year. This is the fifth time the honour has fallen to the school—may it continue to do so!

Then we secured four exhibitions to our University, including first and second places. However, our rivals of Ipswich, or as I believe they prefer to style it, "Modern Athens," secured five, and we heartily congratulate them. Since our last issue, the annual ceremony, at which the prizes were distributed by His Excellency the Governor, has taken place.

The University is now a fact, and we have no doubt that the B.G.S. will supply many of its students. Coming to more local matters, we hope soon to see the new science and lecture rooms erected on the portion of the ground which at present gives one the impression of the outworks and trenches of a fortified position. Mr. Thwaites, the new science master, will take charge

of this building, which, when completed, will offer much greater facilities both for teaching and learning, than the present room.

The turf is now in such fine condition that it is scarcely recognisable as the scene of so many hard falls and bumps, and by the end of the year it should be difficult to find a better ground.

At the beginning of the mid-summer holidays, the First Cricket team left on the first Southern tour that has been made by the School; and though the results were mostly in favour of the Southern schools, yet our representatives performed very well against such formidable opponents.

The School crew gained a well-deserved victory in the All Schools' Race last November, defeating Southport, after an excellent race. The Empire cup results have been published, and we did fairly well, coming eighth.

Following Mr. Henry's advice, there has been formed at the School, a large life-saving class, under the instruction of Mr. Jones. Also the swimming sports have been once more held, R. J. Willcocks winning the championship for the fifth time in succession, thus establishing a record.

This quarter, owing, no doubt, to the coming compulsory training, the Cadet corps gained a large number of recruits.

The tennis season is approaching, and many are practising already. This year the teams are composed of new members, the only member of last year's team, Radcliffe, still at the School, is this year playing A Grade with Briggs, another of that team.

University Successes of Old Boys.

UNIVERSITY OF SYDNEY.

G. L. Byth~~e~~ has passed the third year examination in the Faculty of Arts. First Class Honours in Classics and Medal.

J. A. James and C. H. Clatworthy have passed the third degree examination (fourth year) in Medicine.

The following have passed the second degree examination (third year) in Medicine:—K. F. C. Brunnich (distinction); A. D. Forbes and C. E. Wassell (credit); J. Hardie, H. F. H. Plant, H. S. Walsh and C. C. Willcocks.

The following have passed the first degree examination in Medicine:—A. M. Davidson (credit in chemistry); L. J. J. Nye (distinction in chemistry); H. A. Ridler (distinction in Chemistry.)

OTHER EXAMINATIONS.

Conveyancer of the Supreme Court of N.S.W. — F. Weinthal.

MR. W. F. WILSON,

Recently appointed a member of the Land Court.

Mr. W. F. Wilson, M.A., Oxon., was born in 1863, and was educated at the Brisbane G.S., and gained the silver medal for European History at the Sydney Senior Exam., 1880. He took his B.A. degree in 1885, and was called to the bar in Middle Temple

in 1886, and was afterwards admitted to the Queensland bar. Mr. Wilson is a busy man, and has taken a great interest in local government, having twice been Chairman of the Shire of Toowong. In 1895 he was appointed Patent Officer under the Patents' Act, and certifying barrister under the Friendly Societies' Act. In 1898 he was appointed counsel to the Lands Department. In this position he has gained such wide experience that his appointment to the Land Court has caused no great surprise, and every one agrees that he is the right man in the right place.

A Rambling Reminiscence.

(By W.F.W.)

One of my earliest recollections is the firing of the gun, which indicated that the foundation stone of the old Brisbane Grammar School had been well and truly laid by H.R.H. Prince Alfred, Duke of Edinburgh, brother of the late King Edward. This was on the 29th February, 1868. It might be interesting if the Editor of the School Magazine invited all old boys who were present on that historical occasion, to send him their names so that they might be recorded. I joined the School under the first head master, Mr. Harlin, familiarly known as "Tim," whose popularity was undoubted. According to my recollection, the School adopted the light blue of Cambridge as its colour in honour of Mr. Harlin, and changed it to the dark blue of Oxford not long after the arrival of Mr. Roe. While awaiting Mr. Roe's advent from England, old boys will remember the visits to the School of the late Mr. Justice Mein, as temporary head, and they will remember how keenly Mr. Roe was scrutinized on his arrival, and how his ideas of reform ran counter to some of the traditions of the School, for instance, with regard to the institution of Saturday detention: and this reminds me of an instance. P. would not go on Saturday for detention, and on Monday, as he expected, was invited into the H.M.'s sanctum. He was forearmed with four pairs of pants, but the undue thickness was discovered. The peeling process commenced, and alas! the last pair was of the very finest texture. Poor old P. The B.G.S. Punch was a feature of those days—ask George Rylatt. Defamation actions would have been plentiful if the Editor had been worth powder and shot. Mr. C. said he did not mind being depicted in uniform on horseback, but he objected to being sketched with his trousers too short. Mr. C. was very punctilious about his dress. Then the "Septem contra Thebas" started. Ask Jack Woolcock, Ben Fox, Ben Ross, Ernest Overend, W. C. Costin, and others. And it was met by the Tres Contra Septem—Willie Byram, Victor Black and another. But this is too long. Let me, however, recall the Brisbane-Ipswich-Toowoomba sports of 1880 at Toowoomba. I only got there because I was one of the three Brisbane boys chosen to kick the football.

But what a pillow fight we had the night we stayed at the school. In the morning, we were drawn up in line, and addressed by the Toowoomba head master, and told we "had committed a breach of the laws of hospitality." We felt our punishment keenly, and I feel it still, but we thought it out of proportion to the crime. And yet I should be sorry to part with the memory of that pillow fight up and down the stair-case. It was in 1880 I boarded with Mr. Roger, fourth master—Joe Bell, Alex. Francis and Gerald Moffat were amongst those there. It was a happy time. At the end of 1880 the old school was closed. The prizes won in the old school were presented on March 20th in the new, on the completion of the new hall in the new school. I myself, was on my way to Trinity Oxford. The "Courier" of December, 1880, refers to the giants of those days, W. Byram, T. E. Jones, Victor Black, A. B. Carvosso. I myself, did not come within that designation, but the "Courier" referred to the fact that only three first classes had been obtained in the senior in European history, and that I was the "first of that small band." The "Courier" was rather poetical in those days. This first carried a silver medal, and the medal passed me without examination into my college at Oxford. J. A. Hay won the Junior History medal. The "Courier" continues, "We are glad to see from the results of these examinations that the careful teaching of history must be specially studied at our Grammar School, both the senior and junior medals having fallen to Brisbane candidates. We hope that the transfer of the boys to the new building will not rudely disturb the *genius loci* that seems so happily to hover over the old one, but justify the motto placed round the recently-laid foundation stone, "*vires acquirit eundo*."

—An Old Boy of the Old School.

QUEENSLAND MATRICULATION.

Gillies, C. D., Harlen, C., Waraker, N. E. W., Urquhart, J. Marsland, H.

Queensland University Scholarships tenable for three years have been awarded to the following:—Powe, A. B., Lloyd, N. A., Diamond, W. V., Briggs, J. L.

ENTRANCE EXAMINATION TO THE AUSTRALIAN MILITARY COLLEGE.

Urquhart, J., Boase, A. J., Marsland, H.

Mr. R. M. King.

Mr. R. M. King was born 9th April, 1869, and was educated at the South Brisbane State School, where he gained a scholarship

MR. R. M. KING,

Chairman of the Coorparoo Shire Council.

to the Grammar School in 1882, and attended the Grammar School in 1883, 1884, 1885, and part of 1886. He then studied law, and was admitted as a solicitor on 22nd May, 1893. In 1894

he was elected a councillor of Coorparoo Shire, and has been a member ever since, and on four occasions, including the present, has been Chairman. He was a member of the Victoria Bridge Board for the years 1907 and 1908, and was elected to the executive of the Local Authorities' Association for the last three years. At the annual conferences he was appointed by the Governor-in-Council as Chairman of three Wages Boards.

He has played most games, and played senior cricket and football, also tennis and rowing, for which he has a medal, as one of the winning crew of Maiden Eights (Commercial crew) in 1894. He goes in a good deal now for sailing, and also tennis, and usually plays in the annual old boys' match, but draws the line at football.

Queensland Rhodes Scholar, 1911.

For the fifth time the Queensland Rhodes Scholarship has fallen to a member of the School. The Queensland Rhodes Scholar for 1911, Mr. Horace Denham, came to the B.G.S. in 1904, as the holder of a State Scholarship, and gained a Trustees' Extension Scholarship at the end of his third year. He passed the Sydney Junior in seven subjects, and the Senior in ten subjects, and has completed two years' Medical Study at Sydney University. He rowed in the School Four from 1905 to 1908, the last three years as stroke. He also played in the first football team, and a member of the rifle team which won the Empire Match under the late Major Gross in 1907. While at Sydney, he has represented the University in rowing and shooting.

Donation.

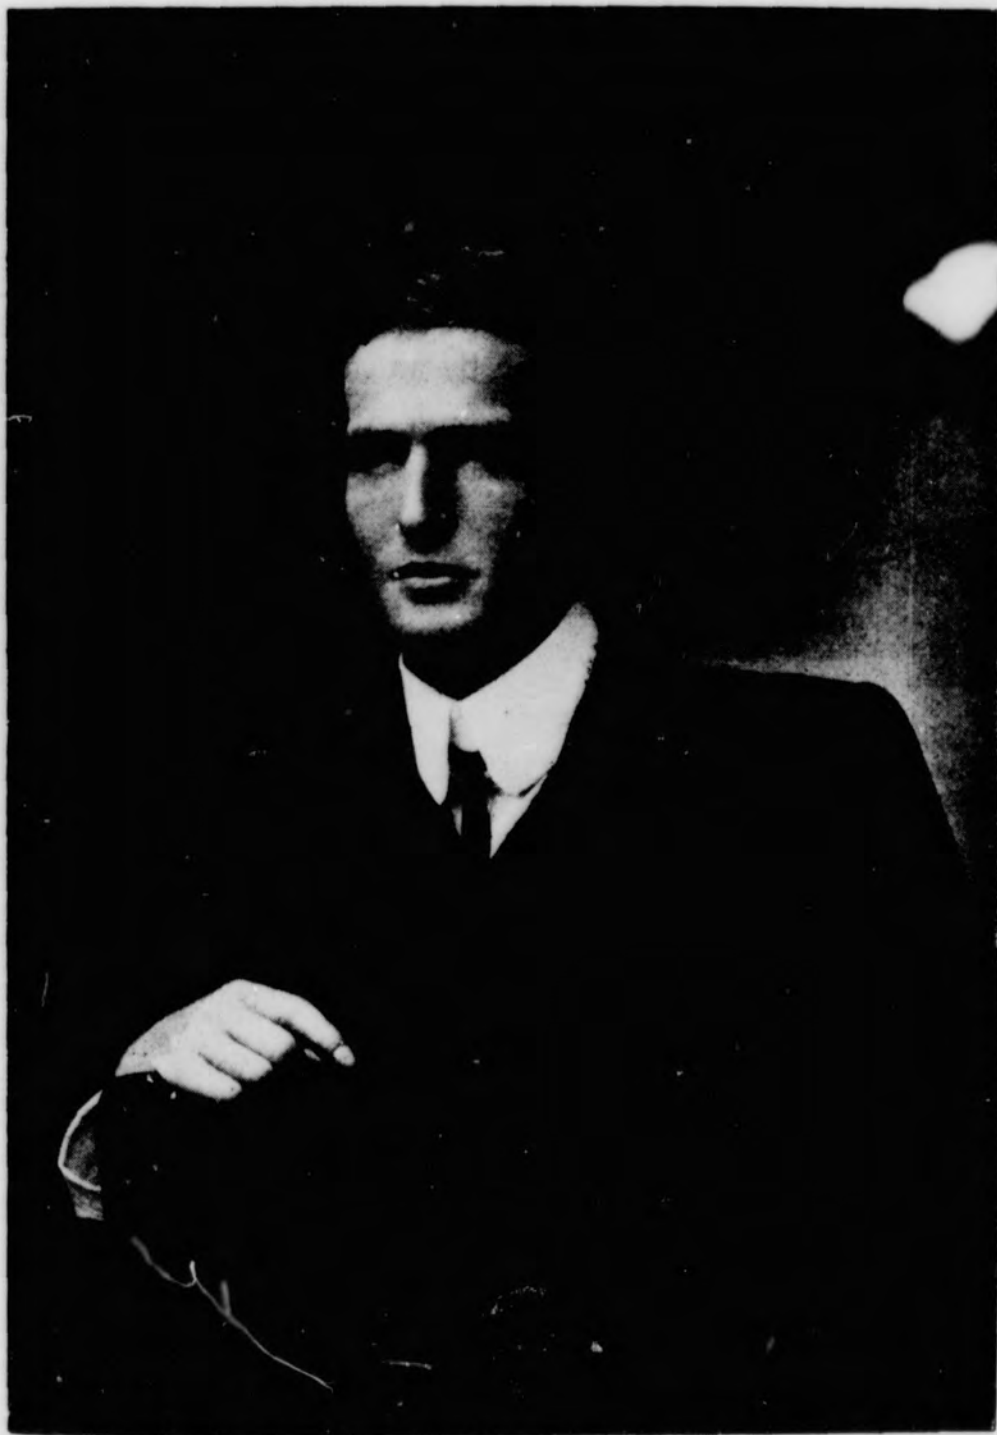

We have much pleasure in acknowledging the receipt of £5 from Mr. H. Denham, £2 10s. for the School Library, and £2 10s. for the Magazine Fund. We trust that many other old boys will speedily follow Mr. Denham's generous example.

Life-Saving.

(By A.H.J.)

As a result of the visit of Mr. Henry, founder and chief secretary of the Royal Life-saving Society, towards the end of last year a squad of boys has been formed to practise the various methods of release and rescue drill, with a view to entering for an examination for certificates. The exam. is to be held in the second week of April. The squad consists of about forty boys. The ability and energy of Mr. Dennis, our voluntary instructor, has kindled

amongst the members a desire to master the various methods with the result that a few of them show signs of becoming efficient rescuers. In order to facilitate the instruction at the baths, Mr. Jones instructs us in the land drill at school.

H. DENHAM,
Queensland Rhodes Scholar.

Library Notes.

We are happy to be able to say that, during this quarter the library has received considerable accessions. Several of the works of Merriman and Henty have been added to the collection. A more important change, however, has been brought about by Mr. Bousfield's decision to incorporate the School house library with the general library. This has necessitated the appointment of Frankel as boarders' librarian. Besides this, it has been decided to make a charge of 6d. per quarter for joining the library. The plan seems to be working successfully, although there has been a slight falling off in the number of subscribers. —J.L.M.

Sydney Trip.

After the close of School last year, our cricket team went down to Sydney to try conclusions with some of the Sydney Schools. It was the first time we had ventured so far, and on the whole the trip was a great success. The preliminary arrangements had been made for us by the Rev. E. F. Waddy, of the King's School, Parramatta. We left Brisbane on Saturday, December 10th, and were accompanied by heavy rain all the way to Sydney. Our first match was to have been with the King's School on the Monday. But all Sunday and Monday it rained—five inches in the two days. The match was postponed till Tuesday, but the rain still continued, and the game had to be finally abandoned. Till the Tuesday morning we were hospitably entertained at the King's School, and our thanks are due to the Rev. P. S. Waddy, and all others at the King's who did their best to cheer us up and entertain us. Fortunately, Wednesday, when we were to play Newington, was fine, but the wicket had had such a soaking that we were doubtful of the possibility of playing. However, a start was made about noon. We all expected the wicket to prove difficult, and Willcocks, winning the toss, sent Newington to the wickets. All expectations that the wicket would help the bowlers were soon disappointed. It proved slow and easy. Newington opened with Prescott and Taylor. The former is a stylish left hander, who had been doing great things. Willcocks and Crowther opened the bowling, and off the latter's second over Prescott was smartly caught at the wickets by Graham. Tasker joined Taylor, who was batting beautifully. The latter hit vigorously, and scoring was rapid. The second wicket fell for 43, and five wickets were down for 115. Then Eagar joined Taylor, and they put on 72 runs for the next wicket, and another good stand was made for the seventh wicket, which fell for 260. After that the innings closed quickly for 280. Taylor carried his bat right through for 126.

We started with Waraker and Irvine to the bowling of Thompson and Whyte. The latter is a slow leg-break bowler, who got a lot of work on, and proved our undoing. Our total reached 128, of which Willcocks was responsible for 47. But most of our batsmen were too nervous to play with their usual freedom. Whyte took 6 wickets for 57. Our second innings was started, and we lost 2 wickets for 38. This time Newell, with 21 not out, played in good form.

Newington won by 152 runs.

After the match, the Rev. C. J. Prescott entertained us at dinner, and in the evening we were entertained in the school hall, with a first rate cinematograph show, culminating in a generous supper. We must record our thanks to Mr. and Mrs. Prescott, and all those at Newington who provided a most enjoyable day for us.

The next day we met the Sydney Grammar School, who were the champions of Sydney last year. Their wicket was still a bit slow, but it was a fine hot day. We batted first, and made a fair start. Waraker batted nicely for 23, and Irvine played with great patience for 35. The first wicket fell for 46. Two wickets were down for 77, but after that there was a collapse. Johnston, another slow-break bowler, and Crawford were responsible, and 9 wickets were down for 100, when Noyes joined Fraser. Fraser stuck in while Noyes batted freely, and gave really the best display on our side. The last wicket put on 45 of which Noyes made 29. Sydney started with Farrar and de Burgh. The former made 53, but should have been caught when about 25. Had that chance been taken the result might have been different. They looked like making a big score when the total was 130 for 3 wickets, but some fine bowling by Willcocks was responsible for a collapse, and they only reached 179. Johnstone batted nicely for 39, and Henderson for 32. There was about an hour left for play, and Waraker and Willcocks opened our second innings. Playing with great freedom and confidence they knocked up 61 for the first wicket, but after that good bowling and reckless hitting were responsible for a speedy downfall. The total only reached 84, and Sydney won by 34 runs.

B.G.S. v. THE ARMIDALE SCHOOL.—This match was played on the King's School wicket. Willcocks won the toss from Payne (A), and decided to bat on a perfect wicket. Waraker and Irvine opened, but at 21 Irvine was bowled for 6, Waraker after scoring 28 was also bowled. Newell and Barriskill went for the bowling, and succeeded in putting on 50 for the third wicket, when Barriskill was bowled for a good innings of 30; Newell followed immediately. Willcocks and Chandler also went at the bowling, putting on 90 for the sixth wicket. However, Chandler was out in attempting a big hit for 27. Soon after dinner Willcocks was out for 108; he batted soundly all through without a chance. Holland made 12 and the innings closed for 265.

Payne and Taylor opened for Armidale, but Payne was the only man to make a stand, he batted splendidly for 106. G. Taylor 10, and Vynes, were the only ones to get double figures, and the innings yielded 175.

Newell had to leave for Brisbane soon after dinner, so we fielded one short all the innings.

We thus won by 90 runs on the first innings.

The trip was thoroughly enjoyable to all. We were unfortunate in the fact that the Queensland University Exams. prevented us having our full team. With Powe, Jack and Brown included we should certainly have been considerably stronger. Whether their presence would have altered the results of the games it is impossible to say, but the Sydney Grammar match, at any rate

might have terminated differently. But certainly our own cricket must benefit from such a trip.

The following are the detailed scores of the games :—

B.G.S. v. NEWINGTON COLLEGE, SYDNEY.

THE SECONDS.

Since the holidays we have lost some of our best players, who were promoted to the Firsts. We have played only one match and that was against the Dukes at Bulimba. This we lost by an innings and 46 runs. The scores were:—B.G.S. First Innings, 26 (Gall 7 being top scorer). Second Innings, 63 (Gall 13, Hockings 10). We have also won one match on forfeit from the "Daily Mail," and have ourselves lost one match through forfeiting.

THE THIRDS.

Since the last issue of the Magazine, the Thirds have played two matches; but, owing to the fact that some of the players have been required by the Seconds, have not been successful in either fixture.

The first match was played against the Stanleys, but was lost by an innings and 70 runs. Scores Stanleys 134. B.G.S., 19 and 45 (Paton 13, West 11 not out). For the Thirds West secured 4 wickets for 9 runs.

The second match played versus St. Bridget's, was lost by 23 runs. The team played with 8 men. Scores: B.G.S., 17 and 9. St. Bridget's, 31 and 18. For B.G.S. Hockings secured 10 wickets for 18, and West 9 for 26.

BOARDERS' TEAM.

Since last issue, the Boarders have played three matches, of which we have won one, lost one, and had one forfeited to us. N. Whitaker, the former captain, was promoted to the Seconds, and C. R. Harrison was elected in his stead.

v. Soudans.—Won by B.G.S. by 16 runs. Scores: Boarders First Innings, 24 (Ledlie 11 not out); Second Innings, 47 (Paull 22, Moffat 11). Soudans, 31 and 25.

v. Technical College.—Won on a forfeit.

v. St. Barnabas'.—Won by St. Barnabas' by 10 wickets and 3 runs. Scores: B.G.S., 53 (Wrench 13, Payne 11); Second Innings, 35. St. Barnabas, 79, and 0 for 11.

FIFTH ELEVEN.

The four matches played by the Fifths have resulted as follows:—

v. Nudgee.—Won by Nudgee by 10 runs.

v. West End.—Won by West End by 6 wickets.

v. Petrie Terrace.—Won by Grammar on forfeit.

v. Junction Park.—Won by Grammar on forfeit.

THE SIXTHS.

This team is continuing the success which they met with last year. In fact, they are leading for the premiership of School Grade. The following matches have been won this year. The results are as follows:—

v. Nudgee I.—Won on forfeit.

v. E. Brisbane.—Won by 7 wickets and 16 runs. Burns bowled best, and Clements was the principal run-getter.

v. Junction Park.—Won on forfeit.

v. New Farm.—Won on forfeit.

Lieut. E. Plant.

Lieut. E. Plant, one of the recently-appointed Area Officers under the new Commonwealth Defence Scheme, came to the B.G.S. in 1903, and speedily became a useful and enthusiastic member of the Cadet Corps, and was a member of the rifle team which won the Empire Cup in that year. During his school career he became successively lance-corporal, sergeant, colour sergeant, and lieutenant, and was known to all his school fellows as a capable and energetic officer. On leaving school he joined the 9th A.I.R., and was appointed a lieutenant provisionally, and promoted to

the rank of lieutenant in 1909, and placed in command of G. Company. He has attended a course of military engineering, and passed with honours. In 1910 he secured a certificate for

LIEUT. E. PLANT,

"Area Officer," 6.B. Western Suburbs.

military topography, and also qualified at a course of musketry instruction, range finding, and machine gun work. On his appointment as area officer, he attended a special course at Albury, where he obtained knowledge of the new defence scheme.

Cadet Notes.

At the end of last year the School team shot off for the Schools of the Empire Rifle Match, under fine weather conditions at Enoggera. The team obtained eighth place in the competition. The individual scores of the team were as follows:—

	200 yards.	500 yards	Total
Sgt. Chambers	31	33	64
Col.-Sgt. S. P. Murphy	32	31	63
L.-Cpl. Hetherington ..	34	29	63
Sgt. R. P. Francis	31	29	60
Private E. Doyle	31	28	59
Lieut. Sutton	29	29	58
Private J. Barriskill ..	28	27	55
Irummer Clements	24	28	52
	240	234	474 G. Total

Average, 59.3.

The points in the competition for the Best Shot of the School were counted on the scores obtained in the last four practices. Lieut. N. G. Sutton headed the list.

Owing to the compulsory training system, which comes into force this year, there will probably be two companies formed at the School after mid-winter. In anticipation of this, about 90 more scholars have joined the corps, a large number of whom are new boys. These recruits have been divided into squads, and each squad receives an hour's instruction in the drill every Monday morning.

Lieutenants Sutton and Diamond, as well as many of the non-commissioned officers left at the end of last year, and so there is a large number of vacancies. The places of Sutton and Diamond have been taken by A. H. Jones and R. P. Francis. The examination for "non-coms" will take place in a few weeks. The candidates are being trained for this exam. twice a week, in addition to the regular drill on Monday morning.

Just as we go to press we have heard that J. Urquhart, A. Boase, and H. Marsland, have passed the Competitive Examination for entrance to the Australian Military College.

Jennis Notes.

We hope to be able to enter two teams in B. Grade this year. We resumed practice at the beginning of the quarter, and the teams are turning up well on Mondays and Thursdays. Great interest is being taken in the game, there being ten aspirants for places in the first and second teams. Thanks to the kindness of Mr. Porter and J. N. Radcliffe in coming out to assist in the

practices, we have already improved greatly, and although we can scarcely hope to rival the performance of last year's team, still we expect to uphold the reputation which the School has obtained in tennis circles.

At the beginning of the year Mr. Bousfield presented the premiership medals of B. Grade, won, without the loss of a match, by last year's team—Radcliffe and Barriskill, Edmiston and Briggs.

This year Radcliffe and Briggs will probably play with South Brisbane A. Grade team.

The School teams this year are:—(1) Abell and Spowers, Paton and Elliott; (2) Graham and Holland, Stitt and Quinn.

A third team is practising, and hopes to play side matches with teams not in the Association.

On Foundation Day of the School a very enjoyable tennis match was contested between the Old Boys and the Presents. This was the first time that a tennis match was played between "Pasts" and "Presents" on Foundation Day. The Old Boys, being unable to obtain a full team, had to borrow three of our masters, Mr. Porter, Mr. Jones and Mr. Stephenson. The Presents won with a good margin of games.

B.G.S. Annual Swimming Sports.

The annual swimming sports of the Brisbane Grammar School were held in the Booroodabin Baths on March 3rd, in the presence of a fair number of spectators. All arrangements were well carried out, and the entries for all events were large. The officials were: Referee, Mr. F. S. N. Bousfield; judges, Messrs. S. Stephenson, R. E. Thwaites, J. G. Cribb, J. G. Nowlan, J. Cowan, and W. Winford; starter, Mr. T. E. Jones; check starter, Mr. R. Robertson; timekeepers, Messrs. A. J. Mason and I. A. Dakin; committee, Messrs. R. J. Willcocks (captain), C. E. Scott, N. E. W. Waraker, W. Fraser, and A. H. Jones. For the fifth time in succession, R. J. Willcocks won the school championship. Results:—

NOVICE AND UNDER 16 (two lengths).—First heat: Cran, 1; Simmonds, 2; Hockings, 3. Second heat: Swain, 1; Ford, 2. Final: Swain, 1; Simmonds, 2; Cran, 3.

SCHOOL CHAMPIONSHIP (two lengths), holder R. J. Willcocks.—R. J. Willcocks, 1; Cran, 2. Time, 35 secs.

LONG DIVE.—Jones, 1; Frankel, 2.

OBSTACLE RACE.—First heat: Hobbs, 1; Hockings, 2. Second heat: Ford, 1; Watson, 2. Third heat: Gall, 1; Forbes, 2. Fourth heat: Whitaker, 1; Gibson, 2. Final: Forbes, 1; Gall, 2.

SCHOOL HANDICAP (four lengths).—Radcliffe, 1; A. H. Jones, 2; E. H. Jones, 3.

NEAT HEADER.—Willcocks, 1; Hobbs, 2; Hockings, 3.

BREAST AND BACK (two lengths).—Hockings, 1; Frankel, 2.

BREAST AND BACK (under 16).—First heat: Hopkins, 1; Simmonds, 2. Second heat: Ryder, 1; Jones, 2. Final: Hopkins, 1; Simmonds, 2.

SIXTH AND FIFTH FORM RACE.—First heat : Gall, 1 ; Hughes, 2. Second heat : Swain, 1 ; Ford, 2. Final : Swain, 1 ; Gall, 2.

FOURTH FORM AND UPPER MODERN SCHOOL.—First heat : Harris, 1 ; Lahey, 2. Second heat : Simmonds, 1 ; Clements, 2. Final : Harris, 1 ; Simmonds, 2.

LOWER SCHOOL AND UNDER 14.—First heat : Robinson, 1 ; Woodhead, 2. Second heat : Walker, 1 ; H. W. Jones, 2. Third heat : Bowman, 1 ; Thallon, 2. Final : Bowman, 1 ; Thallon, 2.

HUNT THE BELLMAN.—Collin.

RELAY RACE.—School House team, consisting of Willcocks, Simmonds, Clements and Bridgman, 1.

OLD BOYS' RACE.—First heat : E. Boden, 1 ; E. Sparkes, 2. Second heat : H. Lewis, 1 ; J. Wood, 2 ; N. A. Lahey, 3. Final : H. Lewis, 1 ; J. Wood, 2.

CONSOLATION RACE.—Cran, 1 ; Ford, 2.

A water polo match between the school house and the day scholars resulted in a win for the house.

Messrs. F. O. Venning and Langtry gave an interesting exhibition of life saving in the course of the afternoon.

Rowing.

(By C.L.C.)

The All Schools' Four-oared Race was rowed on the Brisbane River on Saturday morning, November 26th. With the exception of a slight head wind, the weather conditions were favourable. The race was rowed over a three-quarter mile course, and started at a point above the Commercial Club's boat house, and finished at the pontoon in the Domain. The crews were:—Brisbane Grammar School : C. Cran (8st. 8lbs.), C. Scott (11st. 7lbs.), R. B. Taylor (12st. 0lbs.), J. Kennedy (9st. 5lbs.), stroke, G. Lane (cox). Southport High School : L. Skinner (9st. 8lbs.), R. Billington (11st. 0lbs.), E. H. Lascelles (9st. 6lbs.), H. Nimmo (9st. 8lbs.), stroke, J. Chapman (cox). The race was conducted by the officials of the Queensland Rowing Association. The crews got away together, but in a short time we secured a lead of about a length. The Southport crew, who were rowing a faster stroke, drew up to us at the Lucinda wharf, and secured a lead of a quarter of a length. Our crew, however, put on a splendid spurt, and won a very hard race by half a length. This win entitles us to the possession of the Smith Cup for a year.

There was a large number of spectators at the winning post, including the Headmaster and Mrs. Bousfield.

After the race Mrs. Bousfield very kindly entertained the winning crew at Café Eschenhagen. We here take the opportunity of thanking Mr. A. Swensson for his invaluable coaching, to which, undoubtedly, our success was largely due.

The awarding of blazers to the School crew was instituted this year, and will, we hope, be continued in the future.

We start this year with only thirteen members, including two of last year's crew. The majority of these are rather raw at present, but as they seem to take an interest in their work they ought to be considerably improved by the end of the year.

In the last Brisbane Rowing Club regatta five members of the School participated; and A. H. Jones rowed bow for the winning crew.

We shall be very pleased to hear from any of the bigger boys of the School who desire to commence rowing.

Gymnastics.

(By A.H.J.)

During the last year or so, the *ars gymnastica* has taken a more prominent position in our school life. This is mainly owing to the energy of the instructor, Mr. Murray. The gymnasium is well patronised during the dinner hour. A fair proportion of the new boys show themselves to be ardent learners. Although "Cave! the Prefect" is still a common cry, it must not be inferred that the "gym" is a scene of disorder. On the contrary, most of the boys are to be found sedulously practising the various exercises. Some are making rapid progress, amongst whom are:—McComb, Abell, Robb, Grimes, Walker, E. A. Cribb, A. G. Fox.

The annual gymnastic competitions were held a short time before the Christmas holidays. The results were as follows:—

Best General Gymnasts:—Upper School.—A. J. Boase; Lower School.—H. L. McComb.

Form Prizes:—A.U.S., Kirkland; B.U.S., Watson, C.U.S., Abell, Walker; C².U.S., Gibney, Shapley; A₁.L.S., Foxton; A₂.L.S., Gardiner; A₃.L.S., Robb; B.L.S., Sachs.

¹⁸⁹² Owing to the departure of Boase and Kirkland, two new prefects, A. H. Jones and C. S. Abell, have been appointed.

School Debating Society.

This year's session was entered upon on Friday, February 3rd, when a syllabus for successive Fridays was drawn up.

On Friday, February 10th, Mr. Stephenson, the Speaker of the Society, read a paper on "Wit and Humour," which was greatly appreciated.

Friday, February 17th.—Two papers were read, viz., "School Friendship," by J. Mursell, and "Value of a Scientific Education," by E. A. Thelander. Both of which were excellent in their character.

The first debate for the term was held on Friday, 24th February, the subject being, "Shall the Commonwealth take over the State Railways?" introduced by J. Mursell, and sup-

ported by W. E. McKenna and A. S. West. The following speakers opposed the measure: O. O'Brien, S. K. Ford, G. C. C. Wilson, L. Mansell, N. H. Young, and R. Quinn. The debate resulted in the proposal being rejected by a large majority. The "Gem Afternoon" on Friday, March 10th, was very interesting. The pieces selected embraced both the grave and the gay.

We have in Mr. Stephenson an ideal speaker, whose untiring energy and interest are of great service to the Society.

School House Notes.

When we came back from our Christmas holidays, we found that the number of Boarders had increased, in spite of the fact that a larger number than usual left at the end of last year. We sincerely hope that the new arrivals will one and all do their best to maintain the reputation which the House has won in the different branches of sport.

At the beginning of the quarter, Mrs. Bousfield very kindly presented the House with a new phonograph, and a large selection of records. C. Cran operates this, and it has proved an endless source of amusement to us all, especially during the rainy weather which we have experienced lately. We heartily thank Mrs. Bousfield for her generous gift.

When most of the new boarders had arrived, we held a concert in the Sixth Form room, to see if we could discover any talent amongst them. What we found was mostly undeveloped, but we think that those who possess any will soon improve it, since we can hear them practising hard every day.

Those of the Boarders who are not going home for the Easter holidays, will, as usual, form a camp at Jumpin Pin, under the care of Mr. and Mrs. Bousfield. I need scarcely say how keenly they are all looking forward to the trip.

In the annual swimming sports, held on the 3rd of this month, the Boarders who competed were not as successful as usual. We hope that this will not be the case next year. The following were the successful competitors:—Willcocks won the Championship (for the fifth consecutive time) and the Neat Header, and was also a member of the winning team in the Relay Race; Frankel came second in the Long Dive and second in the Open Breast and Back Handicap; Clements and Bridgman were each members of the winning team in the Relay Race; also, the House Team won the water polo by 1 goal to nil.

Owing to the promotion of N. Whitaker, the former captain of the Boarders' Eleven, to a higher team, a meeting was held to elect a new captain, C. Harrison being elected.

We heartily congratulate A. B. Powe on his success in both the Sydney and Queensland Senior, in the latter of which won the first Scholarship.

During the holidays, several very great improvements were carried out in the House. The erection of a new servants' quarters greatly increased the available amount of room for the boys in the House itself, rendering it possible to construct a new and larger dining-room, and also giving us two play-rooms instead of one.

Past Grammar School Football Club.

The annual meeting of the club was held in the Old Boys' rooms, on Tuesday, 7th March. Mr. F. S. N. Bousfield (President) in the chair. The attendance of old members was highly satisfactory, and a large number of new members were elected.

The teams this year are expected to be very strong, and everything points to a successful season.

The President congratulated the club on the completion of a successful year. At the same time wishing the club every success during the coming season.

He also congratulated Mr. Corrie on the able manner in which he had filled the position of Secretary and Captain.

The following officers were elected:—Patron, Mr. R. H. Roe; President, Mr. F. S. N. Bousfield; Vice-Presidents, Messrs P. P. Fewings, J. J. Walsh, P. J. O'Shea, T. E. Jones, C. S. Graham, A. G. Stuart; Captain, W. S. Dixon; Vice-Captain, R. Scott; Secretary, W. J. Rigby; Asst. Secretary, L. Kent; Treasurer, W. S. Dixon; Selection Committee, W. S. Dixon, C. Light, H. S. Smith.

B.G.S.O.B.A. Foundation Day.

The past and present pupils of the Brisbane Boys' Grammar School celebrated the foundation day of the school by a cricket match on the school turf, a tennis match on the school courts, during the day, and a dinner and smoke concert in the evening. At the cricket and tennis there was a fair attendance. The old boys were captained by Mr. Pring Roberts, who has held that position in almost every past pupils' team that has ever played the school. For the first time for many years, the pasts gained a victory by eight runs, chiefly due to the efforts of G. S. Crouch and Jones.

In the tennis, however, the present boys gained an easy victory by 28 games. Mr. and Mrs. Bousfield entertained the rival teams at luncheon. Afternoon tea was served on the school turf.

Dinner and Smoke Concert.

In the evening a dinner and smoke concert, held in the school hall, was largely attended. Mr. R. H. Roe (President of the Old Boys' Association) presided, and there was a large attendance of members. The affair may be said to be the most successful ever held by the association. Mr. Roe, in proposing "The Rival Teams," referred to victories achieved by "old boys" of the school in all branches of life. Mr. Pring-Roberts (captain of the old boys), and Mr. R. Willcocks (captain of the present pupils) responded. "The School and Mr. Bousfield" was proposed by Mr. P. J. O'Shea, and replied to by Mr. Bousfield. Mr. J. J. Walsh proposed "This Year's Rhodes' Scholar," and referred to the past Rhodes scholars from the school, who had obtained distinctions in all parts at Oxford. He specially mentioned Mr. L. G. Brown, who recently represented England in football against Wales. Mr. H. K. Denham replied, thanking all for the hearty manner in which the toast had been honoured. "George Rylatt" was proposed by Mr. C. W. Costin, and in reply Mr. Rylatt indulged in some amusing reminiscences concerning some of those present.

During the evening musical items were supplied by Messrs. P. J. O'Shea, Brown, J. G. Nowlan, C. A. Powell, Dath, and Stephenson, and also by Mr. A. D. Graham's pathephone. Mr. R. Robertson supplied some amusing lightning sketches. Proceedings terminated with the singing of "Auld Lang Syne," and "God Save the King."

An Old Boy Aviator.

Following is a photograph of a bi-plane glider constructed in New Zealand by C. W. Hill. The experiments with this machine were successful, but were few in number, owing to the builder's return to Queensland. We hear, however, that he is constructing another machine here, and we live in hopes that some day he will pay a "flying" visit to the B.G.S.

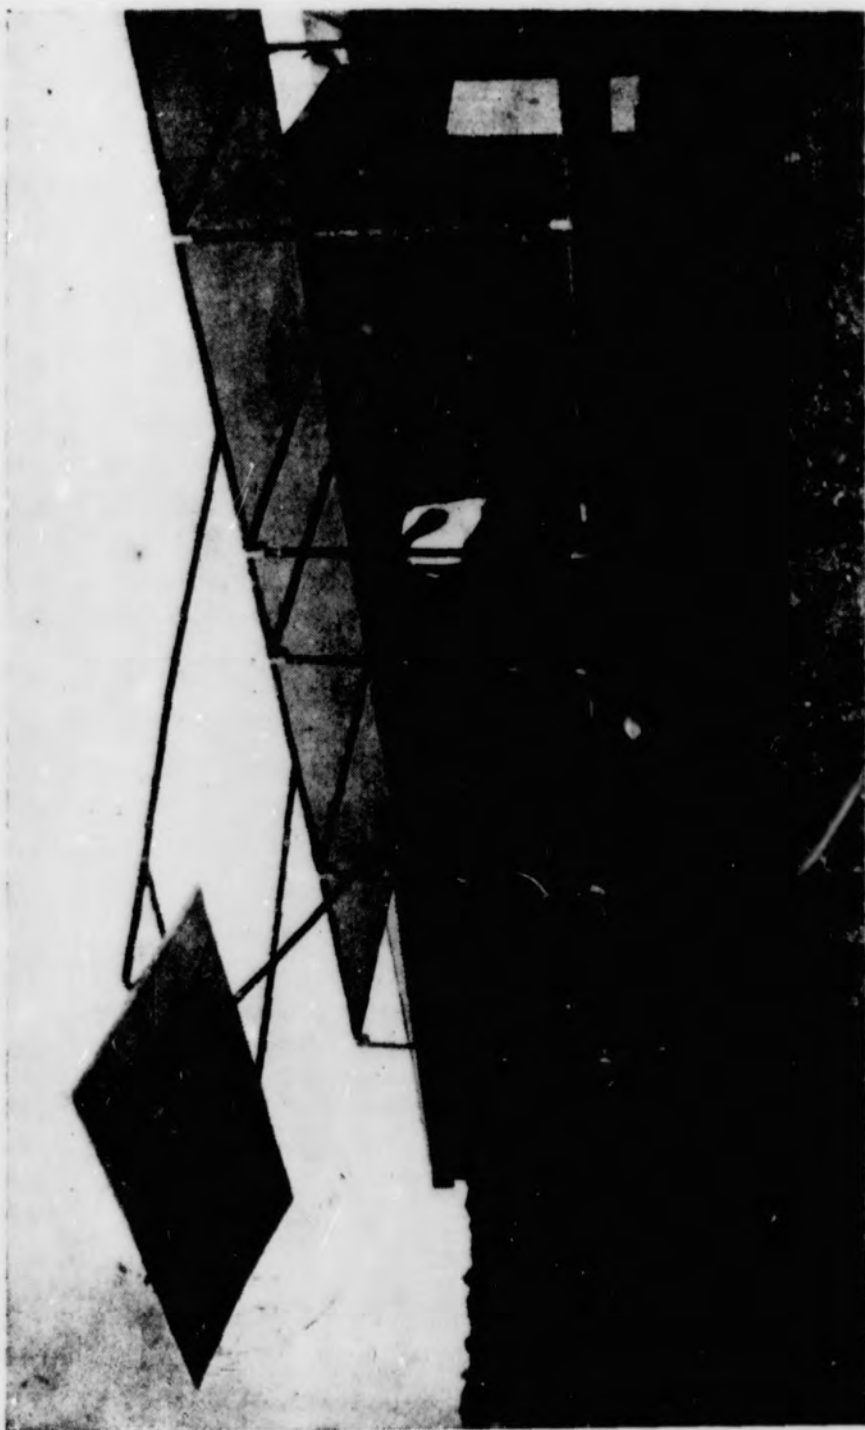

The Isis Idol.

(From the Oxford University Magazine.)

MR. LEONARD GRAHAM BROWN, BALLIOL COLLEGE, O.

Never was the foresight of Mr. Cecil Rhodes better displayed since the veldt or the bush (or whatever the thing is from which he probably did not come), gave him to Oxford, our idol's smile

has been the illumination of the garden quad, his broad back a convenient instrument for percussion, and his paternal gravity

MR. C. W. HILL,

should have earned him the title of "Father of all flesh." From the beginning, his face, as the reader will observe, was no small part of his fortune, for it is a true index of the good-natured old person behind it.

Brisbane had the privilege of providing the scenes of his youth. The Brisbane Grammar School instilled the elements of football and good learning.

By some curious oversight his merits as a footballer was not at once observed. But this season has seen him recognised as one of the best forwards in the country. His Blue was soon a certainty, and has been followed by his international cap for England.

His figure is that of the ideal forward, for—square to the winds of heaven, hard as granite, and not unnecessarily tall; while his cunning was well displayed the other day when he ran slowly and deviously down the whole length of the field, "shouting, come on chaps," and never passed the ball in the end, as is indeed his custom.

But Rugger has been far from receiving our Idol's exclusive attention. At the Balliol Boys' Club, his moral and athletic instructions have always been much appreciated, though seldom distinguished from each other in the minds of his hearers. Again, he gave the greatest moral and athletic assistance to a togger, and to the college eight last summer, when he proceeded over the face of the waters with far greater speed than he ever showed on terra firma.

Before him lie medical examinations, and a career in which his soothing personality will contribute to his success not less than those formidable brains which so commend him to his tutors.

Meanwhile, blessed be Cecil Rhodes, who caused L. G. Brown to come among us.

"Here is a House that armours a man,
With the eyes of a boy and the heart of a ranger,
And the laughing way in the teeth of the world,
And a holy hunger and thirst for danger."

Jottings.

Mr. Edwyn Lilley has been appointed a K.C.

Mr. W. F. Wilson has been appointed a member of the Land Court.

Mr. R. King is Chairman of the Coorparoo Shire Council.

Rev. Harold Ayscough, L.T.L., who has been for some time in charge of the "Northern Territory"—a parish of about half-a-million square miles, is at present in Sydney.

Dr. Eleanor Bourne is Medical Inspector of State Schools.

Mr. C. A. Powell has entered on a business career at Moreheads.

Lieut. E. Plant is "Area Officer" for the Western Suburbs of Brisbane, under the new Defence Scheme.

Mr. H. Cowan is seeking adventures in the Solomon Islands.
