Gardening,

For Boys and Girls is one of the most healthy and interesting hobbies that can be indulged in out of school hours. There is something new to attract the attention every day, and the delight in watching the growth and expansion of the seed you have taken so much trouble to nourish and tend. But to properly work your ground you must have good

Garden Tools,

such as Hoes, Rakes, Forks, Spades, Garden Shears, Hand Forks, &c., &c. These you can get at our Store, and the goods are all of the highest quality, durability, and efficiency, and suitable alike for the amateur or the skilled gardener.

Make a point of calling, and let us show you our collection of Garden Tools, as well as other serviceable goods.

Editorial

Turn, turn, my wheel, round and round ;

For nothing that is can pause or stay.

Here we find ourselves at the end of another year, and can anyone deny that it has been a successful one? Summing everything up, one thinks that perhaps we have not had many years more successful than 1914. The Cadet Championship of Australia has fallen to our lot. We have once again succeeded in retaining the Chelmsford Cup after a nerve-trying tussle with Ipswich Grammar School. One of our Sixth Form carried off the Empire Essay Prize. The Fourth XV. succeeded in winning the School Union premiership, after going through the season without a point being scored against them. As seen in the athletic notes, the long jump record of the School was broken at the Annual Sports, and we feel sure that if the weather had been more propitious the high jump record would also have been broken.

We congratulate K. B. Fraser on winning the "Courier" Trophy, and also on the way in which he upheld this honour both at the Hospital Sports, and in the Combined School Sports held at Toowoomba, where we defeated Toowoomba and Ipswich.

Our football season finished up with a victory over Christian Brothers, and one feels that, considering the disadvantages under

which it was put, the football team had a most successful season.

Congratulations to A. H. Brown, C. M. Wrench, and L. A. A. Forbes on winning their honour caps. Congratulations also to those who won their colours.

Cricket has now taken the place of football, and, as far as the School Eleven is concerned, the season looks very promising. By defeating Ipswich a few weeks ago, they gained us the necessary points to hold the Chelmsford Cup, and since then they have defeated Nudgee by a rather substantial majority of runs!

Shortly before the departure of the Queensland Contingent of the First Australian Expeditionary Force, Lieut.-Col. Lee, the commander of the Infantry units, visited the School to bid us farewell. The School was assembled in the Hall, and Lieut.-Col. Lee here addressed them, reminding them that it was the Great Public Schools that strengthened the national spirit of the Empire, and that everyone looked to the Public School boy to uphold the honour and prestige of the nation in years to come.

Certainly the first duty of every School is to instil into a boys' mind a pride in and love of his country, and to give him a knowledge of the greatness and meaning of the Empire. The call of the Empire in her hour of greatest need has been heard by many of our Old Boys, wherever they have been, and we know of many who have volunteered. We know that those who will eventually be under fire will not forget the sense of honour and bravery instilled in them while they attended School, and all we can do is to say, "God Speed. Safe Return."

The majority of the Fifth and Sixth Form (I do not say the Lower Sixth!) are working hard for their Public Examinations, and we hear many stories of the burning of midnight oil. We wish them every success; and those who are leaving will agree that until we leave school, few of us understand how much we love our Alma Mater, and what she means to us. We have often laughed when told "Life's happiest hours are spent at school," and yet how often do we realise the truth of the phrase in after life! When we have left we forget our trivial sorrows, and remember the brighter side of school life, our old cemented friendships and our sports, and feel glad that there are ties to bind us still to our old School.

"Dignis Detur Honos"

It is often the pleasing duty of this Magazine to give honour to the deserving, for achievements of various kinds; but none appear to us so deserving as those who offer to defend with their lives Our Land and Empire. However, the inveterate optimism of the Briton may tend to belittle it, it is clear that there is urgent need of men to carry on the work so gloriously begun by the British forces now in the field.

All honour, then, to our Old Boys who are offering all that men can offer, in defence of what we all hold dear. With eager interest we shall follow the fortunes of those whose services are accepted, and with pride we shall welcome them back, as we hope, on their victorious return.

SCHOOL SPORTS.

The Annual School Sports were held at the Exhibition Grounds on Friday, 18th September, all the arrangements being admirably carried out by the various officials. Unfortunately, a storm passed over the ground soon after the commencement of the sports, and this made fast times and good jumping impossible. The "Courier" Cup, presented by Hon. E. J. Stevens, M.L.C., for Champion Athlete, was won by K. B. Fraser, with 14 points. J. S.

Rowing

(E.B.F.)

Since last issue of the Magazine a revolution has taken place in the School rowing circles. Our old coach, Mr. C. Rudd, for whose services we are much indebted, has volunteered for active service, so that the responsibilities of this office have now fallen

on one of the staff. By the appointment of Mr. Pennycuick, who has had a rowing experience on the Fitzroy, as coach, things are now centralised, and the School is rendered independent of the Brisbane Rowing Club, as far as the coaching side of the Sport is concerned. The sport has received a large stimulus this summer, and it is encouraging to see the large number of Grammar School

members who attend the shed regularly. To place things under better control, two crews, stroked by Freeman and Cory, have been got together out of the available members, some being awed by the nearness of their Public Exams. These crews go out regularly under the care of a coxswain and Mr. Pennycuick in turn. Some of the members are rather amused at the improvements taking place at the shed. Perhaps if some of them caught this spirit of activity it might help them to keep things tidy. At any rate, the School rowing four needs a coat of varnish!

Cricket

Since the recent issue of the Magazine, the cricket season of 1914-15 has started. Among the absentees from this year's eleven are Lord, Down, Feez and Kilroe. The loss of the former two has been especially felt, as it is some time since the School has produced two such promising bowlers. An innovation has been created this year, by admitting the Second Eleven to B Grade. This has tended to improve the standard of play, and there is every prospect of a good team for next year, though the unexpected departure of C. Wrench will perhaps affect this estimate.

This season we have played two inter-School matches, against Ipswich and Nudgee, and fortune has been on our side. We have also for the first time in the history of the School played the Masters. As serious defections from their ranks thinned their number, they had to be augmented by four of the Seconds. However, there ensued an enjoyable game during which Mrs. Bousfield kindly acted as hostess.

SECOND ELEVEN.

Owing to the fact that no "C" Grade has been formed in the G.C.A., the Second Eleven have been admitted into B. Grade, and are now playing in the same Grade as the 1st XI. Although to date the Seconds have not won any matches yet, playing in a higher grade improves the standard of play, so that the First Eleven ought to have a strong team next season.

v. Woolloongabba A.—Lost by 7 wickets and 4 runs (Robinson 20, Wilson 12).

v. Woolloongabba B.—Lost by 173 runs (Byes 39, Jones 35, Robinson 29).

v. Toowong A.—Played on the Gardens wicket. First Innings, Toowong 298. B.G.S. II., 79.

THIRD ELEVEN.

So far the Thirds have not at all been successful. Results:—

v. Clayfield.—Lost by 18 runs (Barstow 16). Leslie, 9 for 61.

v. Britannia.—Lost by 5 wickets and 4 runs.

v. Grammar House.—Lost by 59 runs.

v. N. Brisbane.—Lost by 55 runs on first innings.

v. Merthyr.—Lost by 63 runs.

v. Normal.—Lost by 56 runs.

FIFTH ELEVEN.

v. Eagle Junction.—Lost by 37 runs.

v. Nudgee B.—Lost by 44 runs.

v. Valley.—Won by an innings and 64 runs.

v. Nudgee A.—Lost by 17 runs on the first innings.

v. Nundah.—Won by an innings and 99 runs.

SIXTH ELEVEN.

Result of matches:—

v. Toowong.—Lost by an innings and 32 runs.

v. Bowen Bridge.—Lost by 5 runs. (Coulter, 4 for 7; Adamson, 1 for 1.)

v. Normal A.—Lost by an innings and 14 runs. (Cannon, 20 not out.)

v. East Brisbane.—Lost by 5 wickets.

v. Dutton Park.—Lost by 4 wickets.

v. S. Brisbane.—Won by 54 runs.

v. Leichhardt Street.—Won by 7 wickets and 4 runs.

Football Notes

(By the Captain.)

Although the 1st XV. did not win so many matches this year, nevertheless we have played some very exciting matches, and in many of them we had the misfortune to be beaten by a very small margin. Early in the season we played a fast game against Varsity, which ended in a draw, the scores being 5 all. In this match the forwards played a rattling game. The backs, led by Wrench,

played a good attacking game, and Simmonds cutting in neatly had the honour of scoring the only try on our side for the day. The following Saturday we played the Y.M.C.A., and defeated them by 57 to 3. The team, now under the able coaching of Dr. Nicholson, was improving out of sight, and soon after this left for Sydney, to try conclusions with the Southern Public Schools. Owing to being called out on active service, the team was forced to make the trip without their captain and vice-captain, L. A. Forbes and M. Bowman. Consequently, the forwards were weakened, and extra players had to be drawn from the 2nd XV. On the way down, the School broke the journey and played Toowoomba, defeating them only by 5 to nil. On the arrival of the team in Brisbane a week later, five more members were called out on active service, weakening the team considerably. The team now minus seven of the original team, journeyed to Ipswich, and were defeated by 5 to nil. In this match, Kilroe, who was playing half-back, had the misfortune to have his arm broken, and played all through the second half with his arm in this position. He is to be congratulated. The following Saturday we played against our old rivals, Nudgee College, proving themselves again too much for us. Our forwards led by Forbes and Bowman in the ruck, and Brown in the open, dribbled and carried the ball from one end of the field to the other, time after time; and though backed up by the three-quarter line, we found the Nudgee's three-quarter line too heavy and too fast for us. Amongst the backs Gaydon played by far the best game. The main fault in the backs, taking them altogether, was their playing too close to one another, and one or two would not let the ball out to the wing men. Amongst the forwards, most of them played well, but McNab and Brown did not get into the ruck enough. The last match of the season was played against Brothers, finishing up the season with victory. The Honour Caps this year were awarded as follows:—Best forward, A. H. Brown; best back, Wrench; next best player, L. A. A Forbes.

Colours this year were awarded to the following:—Gaydon, Simmonds, Fraser, K., Cocking, Hammond and Freeman. Forbes, Fraser, K., Bowman, Brown, Wrench and West are to be congratulated on obtaining their places in the Combined Public Schools' Team. The team thank Dr. Nicholson for taking the trouble to coach us, and hope he will continue to do so in the future.

H. C. COCKING (9.7) Full-back.—Passes, kicks, tackles, and takes the ball well; is very safe in his position, but should remember to take the ball on the full always.

A. S. WEST (10.10) Right centre.—Runs, takes and tackles well; spoils his good play by hanging on too long; kicking weak. Colours, 1913-14.

T. G. GAYDON (9.10)—Passes, tackles, and takes the ball very well; his defence work has improved out of sight; could improve his kicking. Colours, 1914.

FOOTBALL CAPTAINS AND VICE-CAPTAINS.

BACK ROW.—J. Crawford (Captain VIths), C. McCowan (Vice-Captain IIIrds), W. Leslie (Captain IIIrds), H. Shaw (Vice-Captain VIths), C. Stewart (Vice-Captain IVths).

MIDDLE ROW.—J. H. Kilroe (Vice-Captain IInds), M. W. Bowman (Vice-Captain Ist), L. A. A. Forbes (Captain Ist), R. S. McNab (Captain IInds).

FRONT ROW.—F. Sutch (Captain Vths), H. Park (Captain IVths), P. Sorensen (Vice-Captain Vths).—Fegan, Photo.

- K. FRASER (9.2) Wing.—The fastest back in the team ; runs, takes, kicks and passes well ; his defence work could be improved. Colours, 1914.
- C. M. WRENCH (9.12) Five-eighths.—Always plays a good, steady game ; takes, passes, tackles and kicks with both feet well ; defence work could be improved. Honour cap, 1914. Colours, 1913-14.
- S. SIMMONDS (10.2) Left centre.—Should pass the ball out quicker ; passes, takes and tackles very well ; kicking fair. Colours, 1914.
- KILROE (9.3) Half back.—Kicks, takes, passes, and runs well ; should try and get the ball out quicker.
- M. W. BOWMAN (11.2) Left hook.—Very fast forward ; passes, takes, tackles very well ; kicks well with both feet ; played in the Combined Public Schools matches, 1914. Honour cap, 1913-14. Colours, 1913-14.
- A. H. BROWN (12.8) Right hook.—Runs, tackles, takes, passes well, and kicks well with both feet ; should remember to get into the ruck. Colours, 1913-14. Honour cap, 1914.
- A. J. HAMMOND (12.12) Centre forward.—Runs, takes, tackles and passes well ; should get into the ruck more ; kicking good. Colours, 1914.
- E. FREEMAN (11.3) Second row.—Plays well in the ruck, but could improve his play in the open ; passes, takes, tackles and kicks well. Colours, 1914.
- P. HOPKINS (11.0) Second row.—Passes, runs, takes and tackles well ; kicking weak ; should remember to get into the ruck.
- S. FRASER (10.6) Lock.—Plays well at times ; passes, tackles, takes and kicks well.
- WALTON (9.7) Left wing forward.—Plays with plenty of dash ; tackles and takes the ball well ; passing could be improved ; kicking weak.
- SUMNER (10.6) Second row.—Plays a hard game, and takes the ball well ; passing good ; should remember to tackle his man low.
- McNAB (9.12) Right wing forward.—Runs, takes and passes well ; kicking weak ; should remember to get into the ruck.
- PATTERSON (8.12) Centre.—Passes and takes well ; should pass the ball out quicker and not hesitate ; kicking fair.
- T. LAWTON (10.0) Passes, takes and runs well ; kicks well with both feet ; defence work could be improved.
- L. A. A. FORBES.—Our popular and energetic Captain. Has been captain for two years, and the success of the team during these two years was mostly due to his insisting on regular and hard practice. Plays third row. Is a very hard worker, especially in the ruck ; is inclined to hang on to the ball a little too long ; is a good kick with both feet, runs and tackles well, and is always on the ball. Played in Combined Public Schools' Match, 1913-14. Honour Cap, 1914. Colours, 1912-13-14.

Tennis

After concluding a most successful season with the Q.L.T.A., at Auchenflower, the 1st IV., comprised of Paton, Horn, Thurlow and Lukin, met the Toowomba Grammar School IV. in September last, but were unfortunate in suffering a defeat by 2 rubbers, the opposing team proving much too strong in their singles.

PRIZE WINNERS AT THE NATIONAL EXHIBITION.

—Fegan, Photo.

The 2nds had rather a rough time, however, winning only 4 matches during the season.

The Annual Tennis Tournament has just been brought to a successful conclusion, the number of entries having proved a record.

The Singles Championship, for which Mr. James Love again kindly consented to donate the "Russel-Love Racquet," was won by A. Paton, with H. W. Horn second. The Singles Handicap fell to H. N. Wilson, with H. W. Jones second; and the Doubles Handicap to Patterson and Robinson, with Houston and Maxwell second.

During the Tournament a few players were revealed among the younger lads, who ought to show themselves rather brilliant next year.

Cadet Notes

After a short break at the beginning of the war, parades have been resumed in accordance with orders from Military Headquarters. We see now that the cessation of drills for that period, although much appreciated at the time, has been anything but a blessing; for we have to make up drill upon drill, and it is very hard at times for a cadet to feel "patriotic," especially when he can hardly see for the perspiration which is pouring into his eyes, and the dust which seems to be everywhere, when on a march.

But as is usual, "F" Company rose to the occasion, when volunteers were called for to make up a team to compete in the "March Past" at the Hospital Sports, for the "Courier" Cup, to gain possession of which a team had to win twice in succession, or three times in all. The team was under the command of Lieut. West. The Cup is now ours, as it was won by "F" Company last year.

Seeing that this Company has made such a name for itself, especially during this year, it behoves each member to do his best to uphold the reputation gained, for as a chain is only as strong as its weakest link, so a company is only as efficient as its most inefficient member.

On Saturday evening, October 31st, the officers and non-coms. of the area, farewelled Lieut. Moran, who has been accepted as an officer in the Second Expeditionary Force. Captain Bousfield was President, and Second-Lieut. Unwin, Vice-President. The President spoke eulogistically of the guest of the evening, and recounted some amusing incidents in connection with his dealings with him. A very fine travelling outfit was presented to Mr. Moran, who replied in a speech, both appreciative and stimulating. The President, in replying later in the evening to a jocular imputation of Mr. Moran's that he had designedly not gone on parade on the afternoon of the presentation of drums, said that he

had been quite willing to "parade," and would have done his utmost, even to the last drop of his perspiration.

An opportunity was also taken of welcoming our new Area Officer, Captain Andrews, and this pleasant duty fell to the lot of Lieut. Dakin.

We offer our congratulations to Lieutenant A. J. Mason and Second-Lieut. Hopkins on their appointment as officers to "M" Company.

An "Honour Board," containing the names of the members of the Commonwealth Champion Cadet Team, and the winners of the Empire Cup, in 1903 and 1907, has been placed in the Hall by the Trustees.

The Brisbane Grammar School cadets wish to express to Lieut. Moran their appreciation of the fine spirit and untiring energy with which he has always done his work, and to assure him that his noble sacrifice on behalf of his country will long be remembered, and he himself respected and honoured.

And now we bid farewell to those of our number who will be leaving us at the end of the year, and trust that the discipline and training they have received as cadets in this institution will be of great help and value to them in their future career.

It is at a time like this, when one is about to leave a school he has learnt to love, that he recognises, or rather is brought up face to face with the inevitable and immutable Law of Change.

Library Notes

We have been pleased to notice a considerable increase in the number of boys attending the Library lately—in fact the average attendance has been about forty (about 12 per cent. of the School! —Ed). Perhaps the incentive is the large number of new books which have been installed. We badly feel the need of more space, now that the attendance at the School is so large, and we fear that the desks suffer on account of this limitation. Perhaps the Trustees can assist us in furnishing a new Library in the new class rooms which are about to be constructed. We thank D. R. Eden and T. King for their generous donations of books. Who will be the next?

House Notes

Since the last issue of the Magazine, two new boarders, Edmondston and G. White have entered the House, while Wrench, Walton, Carr and Crozier left last quarter, thus lowering the number of boarders to fifty-four.

We congratulate A. H. Brown and C. M. Wrench for winning the Honour Caps for best forward and best back respectively. They fully merited their success by good all round play throughout the season. We also compliment Gaydon, Hammond, Freeman, Cocking and K. Fraser for obtaining their football colours. The football reputation of the House, as may be seen by these successes, has in no wise deteriorated.

Congratulations go to K. Fraser for winning the "Champion Athlete" Trophy, with a record total of 14 points out of a possible 18. It is worthy of note that this Cup has not left the House since it was first presented.

Rowing is experiencing, at present, a boom among the boarders, owing to the able coaching of Mr. Pennycuick, Mr. Snow and Mr. Holtham; and among these aspiring oarsmen there are some likely members for next year's School crew.

The cricket season is in full swing now, and five members of the House have obtained places in the 1st XI.

Prior to Wrench's departure, Mrs. Bousfield entertained the House Prefects at a very enjoyable afternoon tea at Eschenhagen's, for the purpose of bidding farewell to one of our best sports.

For the last month our nerves have been nightly jarred by the melodious (?) strains issuing from the pipes of a certain Highlander in the House; even a pet pug of the Expeditionary Force, which had found its way to the School, fled in alarm from these martial airs. However, in justice to the piper, we must confess that he has greatly improved, and will soon be a second Piper McPherson.

Old Boys' Association

(Hon. Secretary and Treasurer, Mr. J. G. Nowlan, "Ky-vam, Bismarck Street, Clayfield, or B.G.S.)

Just as in most other directions, so also in matters connected with the Association, the cloven footprint of the demon of war has been in evidence. We had great hopes, and indeed there was every indication, that the present year was going to be one of keener activity than usual. Proposals of considerable interest, such as that pertaining to the School Building Fund, were to have been pressed for all they were worth; but alas! events have provided other channels for our energies, which must take precedence. At the first and only meeting so far, of your Council, it was unanimously decided that, in view of the public strain caused by the war, it would be in the best interests of the Association that any consideration or arrangement of fixtures for the year should be postponed for the present. Hence no steps were taken

to organise the usual Annual Dinner, which otherwise would have been held in September. It was hardly a time for joviality and rejoicing. What may happen after Christmas, it is impossible to say ; but, in any case, many well-known faces will be absent from our midst, for as we note with keen pleasure and satisfaction, the old School will be strongly represented at the front, or wherever duty calls, to work or do battle for the Flag. An effort is being made through official quarters to collect the names of all Old Boys who have joined, or are joining the Expeditionary Forces, and these will be not only published from time to time, but also otherwise recorded as memorials to future generations. But here and now we offer them our heartiest good wishes. Whether he be in command as Lieutenant-Colonel, or in the ranks as plain private ; whether he be doctor, engineer or army-serviceman, we have every confidence that the name and fame of the Empire, of Australia, of our State, and of our School, will be safe in keeping the Old Boy of the B.G.S. The Honour Board records the names of 72 Old Boys who helped in the great struggle against the Boers some years ago. Many of them will probably be able to use their old campaigning experience in the present war. We expect the School's quota of volunteers to far exceed the number of those who went to South Africa.

We have to congratulate Lieutenant-Colonel Hubert Harris on his appointment to the command of the 5th Light Horse. Lieutenant-Colonel Cannan in command of the Infantry section of the Second Expeditionary Force, and Lieutenant-Colonel Stodart, already gone in command of the Light Horse of first section, are well known Old Boys. Captain J. Laverack of the Australian Garrison Artillery, son of Major Laverack, has graduated at the Imperial Staff College in England. Lieutenant F. N. Miles on H.M.S. "Theseus," has had his baptism of fire. There are on the lists several other prominent Old Boys gone or going to the front that we should like to talk about but more anon when definite lists are available.

The usual notices calling up subscriptions are just now being issued ; for alas, associations like individuals, cannot live on air. Several members have taken the " delicate " hint we gave in last issue, and have not sat shyly waiting to be asked, but have stumped up like true business men. Must we remind the " arrear guards " that magazines and such like have to be paid for (yea ! and stamps and stationery too for that matter) ?

The strain of the war is bound to affect subscriptions to some extent, and those who are gone to Europe will have more pressing matters to attend to. Hence, there is a very special reason for those who are left, and who can pay, to be very prompt in doing so.
