## *Editorial.*

"They never fail who die in a great cause."

We are approaching the end of another year, but, still, there seems no prospect of the conclusion of the war. The columns of our Honour Board are steadily growing, and, in proportion, increases the sad but glorious number of those who have made the supreme sacrifice, and who now repose, to use the noble words of Rupert Brooke in "a piece of foreign field, which is forever England." We, at school can do but little of all we would like to do, but, "they also serve who only stand and wait," and, meanwhile, we can do our bit by keeping a cheerful face, and by trying to lighten the burdens of all. Later, perhaps, if the war lasts, some of our names may find a place on that board, which, now, we can only watch with admiration.

It is now the fourth and last term of the year; that one of bustle and of toil, which seems an Eternity; which, with its examinations, appears like a fiery dragon, past which the brave knight, armed with a sword of zeal and shield of ingenuity, must go to reach the enchanted castle of the holidays. The apple of knowledge evidently does not agree with those of weak digestion, of whom many are to be found in the Lower School.

The Annual Athletic Sports took place at the Exhibition on the 14th September, and some very fine running was seen, the ardour of the competitors being in no way damped by the rain. Collins ran finely amongst the Juniors; but the chief interest was centred in the struggle for the "Courier" Cup, between Anderson and V. C. Clarkson. We wish to congratulate Anderson for his win, after a strenuous combat, and also the runner-up, Clarkson, who broke the record for the 880 Yards, and won the Old Boys' Cup for 100 Yards.

In the Combined Schools' Sports for the Chelmsford Cup, which were held this year in Brisbane, we obtained quite brilliant results, by winning every event, including the Junior ones, thus defeating both Ipswich and Toowoomba easily.

The First's in football have been very successful this season, at the close of which they were unfortunate in losing C. C. Stewart, one of their best backs. However, there was a scarcity of matches, owing to the small number of teams in their grade. They were successful in defeating Ipswich and Toowoomba in the matches for the Chelmsford Cup. At the end of the season Honour Caps were given to Lawton, Grenning, Stewart, Leslie and Clarkson, while Grenning, Leslie, Bennett, Darvall, Charity, Julius, Lawton, Stewart, Clarkson and Nothling obtained their colours. The Lower School Football Competition, for the shield presented by Mr. Bousfield, has been won by Form IIIA., who were coached by C. Stewart and T. G. Millar. They well deserved their win by their enthusiasm, both on practice and in matches. Those who specially distinguished themselves during the season were Bassingthwaite, Beeton, Bettanay, Alexander, Amos and Allom.

This year, for the first time, our crew conquered in the All Schools' Race for the Lawless Cup. Our four rowed a fine race, and A. K. Stewart, who stroked them to victory, has been elected captain, on the departure of Baynes. The membership of the Rowing Club has greatly increased this year, and we now possess a shed of our own. A Regatta was lately held to commemorate its completion, and six crews competed in the Trial Fours. Williams' crew obtained a deserved win by their superior style. The tub races have not yet taken place, as we are awaiting the "tub" donated by Mr. J. K. Stewart.

In Tennis, the First's have been rather successful, and a short time ago they journeyed to Ipswich, where, after a very close game, they defeated their opponents. The Tennis Tournament is now going on at School, and large, perspiring crowds throng the courts morning and afternoon. The captain, Wilson, lately distinguished himself by winning the Junior Championship of Queensland, and his skill and enthusiasm certainly deserved the honour.

The Cricket season is just opening, and a grand beginning has been made by the match against South Brisbane, in which Boyce scored 97. As usual, the entrance money from the sports has been handed over to the Red Cross.

We all join in congratulating Mr. Fisher very heartily on his recent marriage, and in wishing that he may live happily ever after. Some of his classes seized the opportunity to display their esteem for him, by presenting him with several articles, useful or otherwise. After a short honeymoon at the sea-side, he is now back at his usual work, even more popular than ever.

There did not appear to be any histrionic abilities amongst the Fifth this year, and as we had no Charlie Dearden, we let the year go without any performance in rivalry with that which the boys, who were in our shoes this time last year, brought forward.

Several promotions were made last quarter in the cadets, and we wish to congratulate Marshall and Millar on having passed for Second Lieutenants.

The Editor of the last number of the Magazine, L. D. Watson, has left the School for Scotland, to complete his education there, followed by the good wishes of all his friends.

## *War News*

We have much pleasure in announcing the following promotions:—

To be Lieutenant and Q.M.—W. O. H. Powell.

To be Lieutenant in Tanks.—L. O. M. Ross.

To be 2nd Lieutenant.—J. Earwaker.

To be Captain.—Lieut. J. Atkinson; Lieut. R. Brenan.

To be Major.—Captain J. Urquhart.

To be Flight Commander.—D. Parry-Okeden.

The circumstances under which Major E. C. P. Plant obtained a Bar to his D.S.O. are thus detailed by Brigadier-General Gellibrand, 6th Brigade,—“I forward herewith recommendations for awards to Officers of the 6th Brigade for the consideration of the G.O.C. A few cases are still under investigation, and will be forwarded as soon as completed.

“One case I trust the G.O.C. will deal with is that of Major E. C. P. Plant. This officer's work has been invaluable to the Brigade throughout the operations, in which he has displayed the highest military qualifications. He has been untiring in his efforts to ensure timely and correct execution of orders for the drafting of which he was responsible. The operations demanded constant exposure to heavy artillery and, at times, machine gun fire, and under these conditions his conduct may be aptly described as ‘cheerful gallantry.’ His cool and decided manner have made him universally respected and admired.

“I recommended Major Plant for work of the same nature at Pozieries, but it was held that the case was rather one for the half-yearly gazette.

“For this reason, I ask for action by the G.O.C. to obtain for this officer a well-deserved Bar to the D.S.O. now. All ranks in the Brigade will welcome action by the G.O.C. as a compliment to the Brigade, as well as a personal recognition of Major Plant's distinguished service.”

The late Captain W. Avery, of the Engineers, was doing excellent work at the Front, in mining and tunnelling. He and his men were pitted against the best of the Royal Engineers, and succeeded in establishing a reputation of which we may well be proud.

Captain J. S. R. Macdonald, of the Artillery, who was recently killed, gained the esteem of officers and men alike by his efficiency and devotion to duty. The letters which have been received from his commanding officers speak of him in terms of the highest praise.

Lieut. David Parry-Okeden, of the Flying Corps, was one of a party of four who attacked twenty-three hostile aeroplanes. This brave officer was severely wounded in the fight, but he and his companions gave a good account of themselves in the encounter.

The temporary Honour Board, on which are recorded the names of the Old Boys who have enlisted in the Great War, is rapidly filling up. In June, 58 names, and early in October, 52 names were added to the list. There are now 858 names inscribed there. Moreover, the list is never complete. No sooner is one list inscribed, than another list is formed of names of new volunteers, or old ones, whose record has only just been discovered. Of these volunteers, 108 have given their lives, and over 100 have been wounded. We extend our sympathy to those who grieve over the loss of departed heroes. While we mourn the losses, we feel a glow of pride in the splendid spirit that has actuated the Old Boys. The School must be better for the example they have set.

Something, however, remains for us to do—us, who have not taken part in the actual fighting. These Old Boys have fought, and are fighting to preserve our freedom, and it is our duty, as well as our privilege, to do what we can to perpetuate the memory of their work. We shall not be satisfied till a noble permanent memorial is erected on the School grounds. All of us who are interested in the School, past and present boys, parents, friends of volunteers, and friends of the School, must feel the call to take our share in promoting this memorial. It will come, whether we do our share or not; but what will be our feelings if we find that, after owing so much to the School, we have left others to pay this part of our debt.

On May 5th, a sum of £660 1s. had been received or promised. Since then, a further sum of £330 4s. 0d. has been subscribed, but the committee require much more than this, to provide a fitting memorial. They appeal to all Old Boys to do what they can by sending to the Secretary their subscriptions, or an intimation of what they are willing to do. Each Old Boy can help, too, by spreading the knowledge of the proposal, and enlisting the sympathy and support of others. The following is the list of additional subscriptions up to October 25th :—

### *Library Notes.*

We were sorry to bid farewell to L. D. Watson, who left us soon after the Midwinter vacation, for the Old Country. His place has been filled by N. Craigie. This half-year, owing, no doubt, to the proximity of the Public Examinations, the Library has not been patronised as it might have been by the Upper Forms. Members of the Lower School, however, attend regularly. We would like to remind borrowers that books must be brought in more promptly. Any intending donors of books will please forward all contributions to Mr. J. G. Cribb.

## ***Football Notes***

(By the Captain).

Commencing with a victory over Nudgee College, and finishing up with a win over Toowoomba G.S., the football season, a very successful one, seems to have ended before it had well begun.

The season provided some excellent games, and, although there were only three teams playing in the grade at the end, we managed to play nine matches, of which we won eight.

The team showed considerable improvement upon last year's form, especially among the backs, most of whom played last season. The forwards, at times, lacked that dash which marks first-rate players, but in some matches they played excellently.

Grenning was the pick of the forwards, as usual, but Leslie showed talent much improved upon last year's form. Darvall, Charity, Julius, and Bennett, other "colours" men among the forwards, have distinguished themselves by good play.

Among the backs, Nothling at full, has shown a sound knowledge of his position, at times displaying a dash which would make one inclined to place him in the three-quarter line. C. Stewart, the best of the three-quarters, played as soundly as usual, while Clarkson has improved out of sight.

Wilson, much to our disappointment, left us at midwinter. He was a great loss, having shown great promise. A good kick with either foot, he was very smart with the ball, had pace, and showed shrewd judgment in both attack and defence work.

We have been indebted to Mr. Connal for much valuable coaching throughout the season, and desire to thank him heartily for the interest he showed in the team.

We wish to thank Mrs. Bousfield, too, for the interest she has shown in us, and for the way in which she entertained us at the Ipswich and Toowoomba matches. Colours have been awarded this season to Grenning, Leslie, Bennett, Darvall, Charity, and Julius, among the forwards, and to Lawton, Stewart, Clarkson, and Nothling, among the backs.

Honour Caps.—Best forward : Grenning ; best back : Lawton ; next best player : Stewart. Two other caps were awarded, which were won by Leslie and Clarkson.

### CRITICISMS OF THE TEAM.

**NOTHLING, O. E.** (full back).—Has played well throughout the season ; he shows skill in handling the ball, and kicks well with both feet. He should remember to take the ball on the full every time ; tackling good. Colours, 1917.

**JULIUS, S.** (centre forward).—Works well in the scrum, but is better in the ruck ; kicking is weak ; passing could be improved. Colours, 1917.

FIRST FIFTEEN.

Back Row—Avery, Bennett, N., Evans, Charity.

Second Row—Cribb, J. G., Boyce, Darvall, Free, Anderson, Lamb, Millar, T. G.

Front Row—Julius, Clarkson, Grenning, Lawton, Stewart, C. C., Leslie, Nothling.

- LESLIE, W. S.—A very good forward, with plenty of dash ; follows up well, but should learn to tackle harder ; kicking is fair ; a very good player in the loose. Colours, 1915-16-17. Honour Cap, 1917.
- STEWART, C. C.—The pick of the three-quarters, has been a serviceable player throughout the season ; his defence work is particularly good ; tackles splendidly ; kicks well with either foot ; runs strongly. Colours, 1915-16-17. Honour Cap, 1916-17.
- CHARITY, J. W.—A very strong forward who ought to make a first-rater when he grows bigger ; is good in loose play ; kicking is fair ; gives and takes a pass well. Colours, 1917.
- CRIBB, J. G. (right hook).—Follows up the ball well, and has plenty of staying power ; kicking is still weak, and tackling could be improved ; a strong forward in the scrum.
- CLARKSON, V. C. (right wing).—Has improved considerably since last year, and is now a splendid player ; good at attack, has pace, and runs very strongly ; clever at handling the ball ; is a good kick with the right foot. Colours, 1917. Honour Cap, 1917.
- GRENNING (lock).—The best of the forwards ; has kept the pack working well together ; is good in the ruck and in loose play, and has started several passing rushes among the backs ; has good weight, and uses it to advantage. Colours, 1915-16-17. Honour Cap, 1916-17.
- ANDERSON, H. W. (centre three-quarter).—Has pace ; can kick with either foot ; when in possession should run straight, instead of across the field ; he is on the light side, but tackles well, and gives a good pass.
- LAMB, J. (left wing).—Kicks well with both feet ; running needs improvement, and passing could be improved ; he could show a great deal more keenness ; a good tackle.
- BOYCE, C. R. (left hook).—Has played centre when needed ; runs strongly when he has the ball, and handles the ball well ; tackling fair ; has plenty of grit, but should follow up with more dash.
- EVERY, W. B.—Has proved a good scrum half, and with a little more experience will become a useful player ; kicks and passes well ; when securing from a scrum or line out, should be quicker in letting the ball out.
- DARVALL, W. E.—Plays second row in the scrum ; tackles and kicks well ; is good in the ruck and in the loose, but is inclined to butt into the ruck when it would be better to let the ball out to the backs. Colours, 1917.
- EVANS, T. R.—Played half-back while Avery was disabled, and filled the position well, but generally plays forward ; is rather slow off the mark, but a fair player in the ruck.

LAWTON, T., Captain (by a member of the team), in-centre.—

His rapidity in taking advantage of any opening offered, his ingenuity in originating passing rushes, his clever "raking in" of wild passes, and his sure foot, combine to warrant him the position of in-centre in any team. Without in any way detracting from the merits of the other backs, he was undoubtedly superior to them all, and times innumerable, he saved a dangerous situation, so that, in fact, the others began to rely so much upon his ability that far more than his portion of work was always thrust upon his willing shoulders. A splendid kick with both feet, he could "find the line" to a nicety. Colours, 1915-16-17. Honour Cap, 1916-17.

#### ACCOUNT OF MATCHES PLAYED.

v. VARSITY II., May 12th.—Won 31—0. In this match our combination and condition were far too good for our opponents. Lawton was in splendid form, and scored four good tries. His kicking was also excellent, and reminded the 'Varsity of the play of their champion, Brown. Clarkson also shone, for he scored three tries.

v. NUDGEES, May 19th.—Won 10—0. This game was described by the Press as the best Rugby game of the season, and, when one considers the excellent passing rushes of the Grammars, and the solid defence of Nudgees, the eulogy is not exaggerated. The forwards, in the first half, played with great dash, and the work of Leslie, Grenning, Charity and Bennett, was excellent. The backs did not combine well at first, but they greatly improved as the game proceeded. The first score was the result of a cut in by Lawton, and an excellent passing rush, which eventuated after the skipper had been grassed, Clarkson being the man to carry the ball over the line. At the beginning of the second half, the play was mainly characterised by individual effort, and the Grammar forwards were being beaten both in pace and in the scrum work. The backs, however, were constantly on the alert to start passing rushes, which were well executed, and were only blocked by the solid tackling of Nudgees. Stewart, at this stage, kicked a penalty goal. The same player also dropped an excellent field goal from a long distance and an awkward angle.

v. VARSITY I., June 2nd.—Won 11—10. This was the second game we had against our heavy opponents, and was played with more skill by our side, so that we managed to win instead of being beaten by 12 points, as we had been in the first match of the season. Our forwards played with great dash, and fed the backs well. Herzig scored for 'Varsity, and Clarkson, after a beautiful run across the field, scored for Grammar. In the second half, Paterson scored a sensational try, from his own 25, and Lawton nearly repeated the performance shortly afterwards, but he was

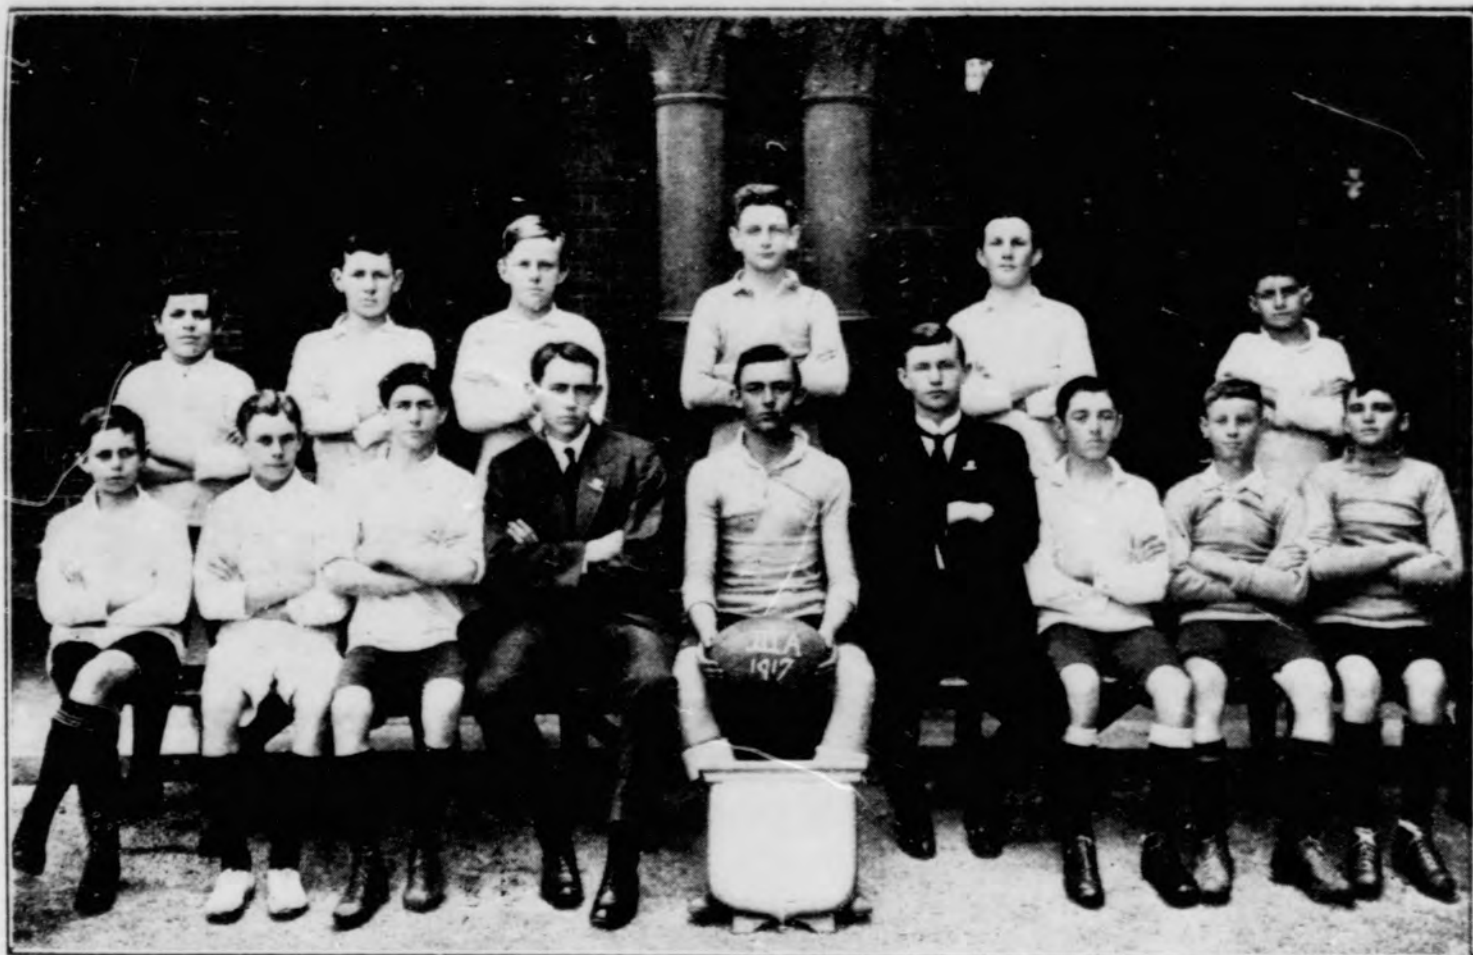

grassed. Wilson, however, followed him up, and he secured and passed to Stewart, who completed the effort. Lawton converted. Julius also scored, and we just won by 11—10.

v. NUDGEES COLLEGE, July 28th.—Won 11—6. On July 28th, we took the field against Nudgee, after a long spell during the holidays. In the first half, the forwards played excellently. Their dash in the loose beating the opposition forwards, and blocking any attempt of the Nudgee backs to execute attacking movements. In spite of this, our backs did little combined work, probably because of the want of a game. The first try came through a dashing individual effort from Lawton, who gathered the ball prettily, and beating the opposition, scored in a handy position. Clarkson and Lawton were responsible for a very pretty try shortly after this. Lawton worked the blind side, and Clarkson, racing up in good position, took the pass and scored. In the second half, our forwards were hopelessly beaten, and our backs were kept constantly on the defensive. Waldby, the Nudgee captain, who was playing centre three-quarter, made some fine runs, and eventually scored a fine try, by beating nearly the whole of our back brigade. Later on, he had the bad luck, in making similar run, to get his foot outside the line. Towards the end of the game, Lawton started a rush, and transferred to Anderson, who ran Clarkson into a good position, and the fast winger scored his second try. The game thus ended by 11 to 6 in favour of B.G.S.

v. IPSWICH GRAMMAR SCHOOL, August 22nd, 1917.—Won 13 to 8. This match was marked by a lamentable want of combination by our backs in the first half. We were not in good form, as we could not get many matches in the second half of the season. Ipswich forwards also were exceedingly nippy, and bothered our backs considerably. In the first half, Clarkson scored, and Lawton converted; but Ipswich also scored, as a result of some bad mauling by one of our backs and a nice bit of passing by Ipswich. As the shot at goal was successful, the scores at the end of the first half were even.

Immediately at the beginning of the second half, Ipswich forwards rushed and scored. Our backs brightened up, and we were constantly knocking at the door, but our attack lacked fire, and Darvall scored from the forward line after oppressives by the backs. When the whistle blew, we were the winners by 13 to 8.

v. 'VARSITY, August 25th.—Won 9—0. This was the test match with the 'Varsity, as both teams had a victory to their credit. Both forwards and backs put up an excellent performance throughout the game. The first half did not produce any scoring, but early in the second half, after some good passing among the forwards, Clarkson secured and scored. The same player did a very fine sprint down the line, and scored once more. Our third try was due to a fine bit of attack initiated by Lawton, who

"dummied," dodged through the defence, and gave Darvall who followed up well, the chance of completing the effort. It is to be remarked that though we scored three tries, there were no goals kicked.

*v.* TOOWOOMBA GRAMMAR SCHOOL, September 1st.—Won 8—5. In this game we had the misfortune to lose our tower of strength, Lawton, after the first few minutes of the game. His leg had been hurt in a school game, and also against the 'Varsity the Saturday before, and a nasty buster incapacitated him. Stewart went into five-eighth position, and Free is to be complimented on the excellent game he put up at centre three-quarter. Toowoomba forwards showed great dash, and in spite of their being a lighter pack they worried us considerably. Nothling started the rush for the first score. He kicked, followed hard, and collected again. However, he was grassed just on the line, but not before he transferred to Leslie, who had followed up hard. Shortly after this Grenning bustled well, and passed to Boyce, who passed to Clarkson, who scored. Stewart converted this try. The scores at half-time were 8—0.

We failed to score in the second half, though we made repeated rushes. The backs were, however, greatly hampered by their new positions. Toowoomba backs, however, did some fine rushes, and they scored through the agency of Kent, Martin and Ballantine, after some very pretty short passing and re-passing had been witnessed. Shortly after this the whistle blew, and for the third consecutive year we beat Toowoomba by three points.

### SECOND FOOTBALL TEAM.

We have had a fairly successful season, winning four matches and drawing one, out of ten. These results reflect very creditably on the team, seeing that many of our best men were from time to time promoted to the first fifteen. The following are the results :

GRAMMAR II	<i>v.</i> NUDGE II.—Won.
"	<i>v.</i> IPSWICH I.—Lost.
"	<i>v.</i> GREGORY TERRACE II.—Won.

## ***Athletics***

(By T.C.)

On Friday, 14th September, the Annual Athletic Sports were held on the Exhibition Grounds; a successful meeting. A heavy fall of rain, unfortunately, spoiled the tracks, and the times, as a result, were not very good, but some excellent performances were put up.

Great enthusiasm was displayed by both officials and competitors; the fields were large, the contests keen, and some of the finishes remarkably close.

Considerable interest was shown in the contest for the title of Champion Athlete, which carried with it the trophy presented by the Hon. E. J. Stevens, M.L.C. This was won by H. W. Anderson, with V. C. Clarkson runner-up, and C. C. Stewart third.

The 100 Yards Championship, for the cup presented by the "O.B.A.," was won by Clarkson, from Anderson, with Stewart third.

Four new championships were instituted this year,—a half-mile and a 220 Yards Senior, and a 100 Yards and High Jump under 15 years, to enable representatives to be picked for the School contests. Clarkson holds the record for the 880 Yards, which he won in 2 min. 12 sec. The record for the 220 Yards is held by Mr. E. F. Lord, who in 1888, won the 220 Yards Handicap from scratch in 24 secs.

The Sixth Form held a "supplementary championship," open to all members of VIth Form who were not competent enough to start in the open championships. This was won by J. G. Cribb, Millar being runner-up.

The officials were,—Referee, Mr. F. S. N. Bousfield; judges, Messrs. R. H. Roe (president of the O.B.A.), F. Conellan, J. Cowan, E. M. Evans, J. G. Nowlan, G. M. Potts, S. Stephenson, W. F. Swynny, R. E. Thwaites, B. Wright, and B. Porter; timekeepers, Messrs. J. G. Cribb, A. J. Mason, and S. W. Pennycuick; starters, Messrs. N. S. Connal and W. R. Dovey; check starters, Messrs. E. M. Fisher and H. Allen; committee, H. W. Anderson, W. Atthow, V. Grenning, T. Lawton, W. S. Leslie, A. K. Stewart, and C. C. Stewart; Press stewards, J. Lindsay, J. A. Cosh and C. R. H. Macdonnell. ### INTER-SCHOOL SPORTS.

On the following Friday, September 21st, the combined schools' meeting was held on the Exhibition Grounds, and some well-contested events were witnessed.

In the senior events, 5 points are given for first, 3 for second, and 1 for third; in the junior events, the points are 3, 2 and 1.

In the Schools' Championship, Brisbane came first with 51, winning every event. Ipswich came second with 15 points, and Toowoomba with 6 points third. In the Chelmsford Cup competitions, Brisbane defeated Ipswich, and Ipswich beat Toowoomba.

Collins, who won the 100 Yards Championship, under 15, also won the 440 in the record time of 59 3/5 secs. The open 440 proved an exciting race, Foote, the Ipswich representative led all the way round till the straight was entered, when Clarkson passed him, followed closely by Pettigrew, who made a fine effort to pass Clarkson. The latter, however, was first to reach the tape, Pettigrew second, and Leslie, who had run a fine race, third, passing Foote almost on the tape.

The start of the mile saw Leslie and Clarkson running again, Leslie leading the field all the way to the finish, winning from Morganstern in 5 min. 5 sec.

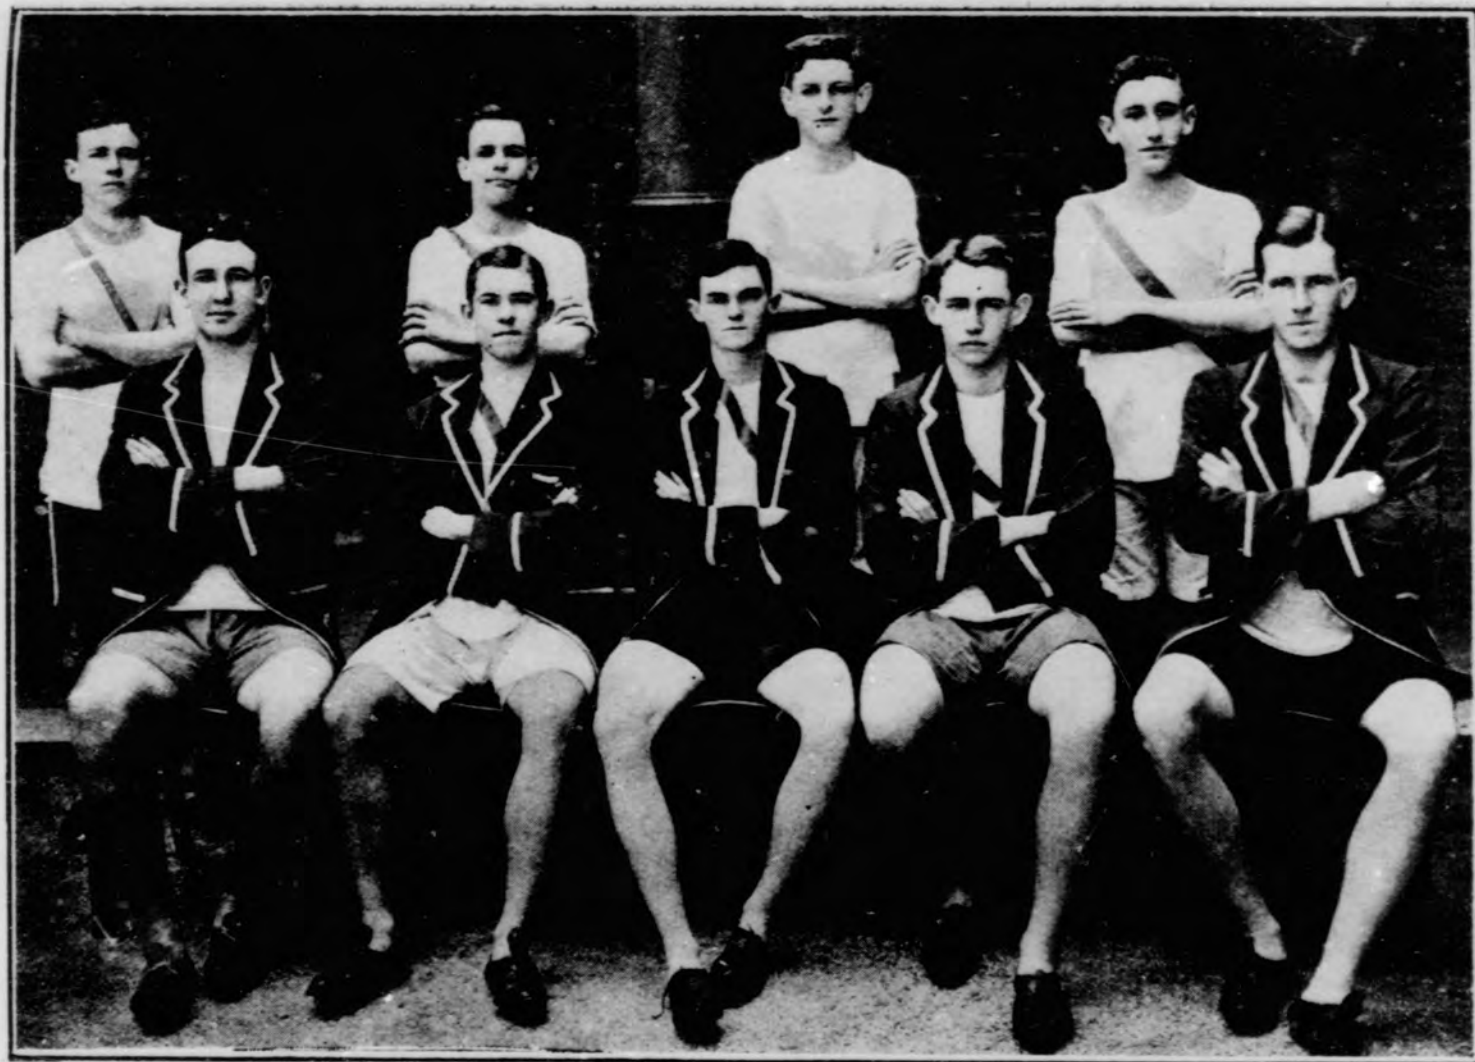

The officials for the afternoon were,—Starter, Mr. J. Reid (Q.A.A.A.); judges, Miss H. Keeahan, H. Fattorini, and E. W. Snider (P.A.A.); timekeepers, Messrs. J. G. Cribb, A. J. Mason and W. R. Dovey (B.G.S.) Results:—

**100 YARDS.**—V. C. Clarkson (B.G.S.), 1; Williams (I.G.S.), 2; Pettigrew (I.G.S.), 3. Time, 10 3/5 sec.

**440 YARDS.**—V. C. Clarkson (B.G.S.), 1; Pettigrew (I.G.S.), 2; V. S. Leslie (B.G.S.), 3. Time, 53 2/5 sec.

**MILE FLAT RACE.**—W. S. Leslie (B.G.S.), 1; F. Morganstern (T.G.S.), 2; Marshall (I.G.S.), 3. Time, 5 min. 5 sec.

**HURDLES.**—First heat: H. W. Anderson (B.G.S.), 1; S. Hunter (T.G.S.), 2; Foote (I.G.S.), 3. Second heat: C. C. Stewart (B.G.S.), 1; George (I.G.S.), 2; Kent (T.G.S.), 3. Final: Anderson, 1; Stewart, 2; Hunter, 3. Time, 18 sec.

### THE CROSS COUNTRY RACE.

Interest in the cross country race seems to be growing, for although there were 90 starters last year, well over 200 entered for the race this year, of whom 163 started and 151 finished. The course was lengthened by a good stretch, lying right round the School grounds and up College Road, instead of directly on to Gregory Terrace as before.

The handicaps were again sealed, so that the whole field started together. Boys were lined up in forms, the third form being in front and the sixth form in the rear. Soon after the start, Clarkson went out in front, and with O. E. Nothling and Charity, led till opposite the School. He here increased his lead slightly, but at the Museum Charity and Lawton were seen to come up with him, Leslie being a few yards away.

When the park was entered, the dash for home began, and Clarkson took the lead again, which he held till the finish, followed by Leslie, Charity, Lawton, and the two Cribbs, who finished in that order.

A form premiership was again decided, taking the places of the first six in each form who finished. The result of the Form Competition was as follows:—

1. Form VI.—1, 2, 4, 5, 6, 15	—	33
2. Form IV.—3, 7, 10, 10, 10, 14	—	54
3. Form III.—8, 22, 30, 33, 34, 36	—	163
4. Form V.—8, 21, 26, 50, 55, 58	—	218

The Championship of the Fourth Form was won by Form F., with D. second; and the Lower School Form Championship was won by Form IIIC.

The results of the handicap were as follows:—

	Actual Time.	Allowance.	Net Time.
1. Robinson, A. N.	22 min. 5 sec.	10 min.	12 min. 5 sec.
2. Bassingthwaite	21 min. 1 sec.	8 min.	13 min. 1 sec.
3. Carson	21 min. 37 sec.	8 min.	13 min. 37 sec.
4. Beak, A. T.	21 min. 24 sec.	7 min. 30 sec.	13 min. 54 sec.
5. Shaw, E. A.	21 min. 58 sec.	8 min.	13 min. 58 sec.
6. Hawkins, W. J.	20 min. 17 sec.	6 min.	14 min. 17 sec.

Fastest Time.—Clarkson, Leslie, Charity, 18 min. 24 sec.

## ***The All Schools' Race***

The morning of June 2nd dawned bright and clear, an ideal day for rowing. The water proved quite calm, with a strong ebb tide. Crowds of spectators lined the bank at the Domain. The Commercial shed also, was crowded. At about 10.15, the crews embarked, and took up their positions at the start; motor boats churned up the water at this point, making a neat start difficult. Southport drew No. 1 position, on the north bank, with Brisbane in No. 2, Technical College in No. 3, and Clayfield College in No. 4, on the south bank. Punctually at 10.30, the crews got away to an even start. Southport took the lead for about a dozen strokes, when Grammar's, rowing a steady 38 per minute, made up their lee-way, and on passing the Commercial shed, were about a canvas to the good. It was soon seen that the race lay between Brisbane and Southport, for when passing under the Bridge, Grammar's led Southport by three-quarters of a length, the latter being about 2 lengths in front of the Technical College. The Grammar's rating now dropped to a long and vigorous 34, and at the Lucinda they were seen to be drawing away fast. From this point Brisbane continued to draw away, and although Southport were rowing their hardest, won comfortably by  $2\frac{1}{2}$  lengths, in 4 mins. 48 secs. Clayfield College were 4 lengths behind Southport, with Technical College another half a length away. Clayfield College are to be congratulated on their excellent effort put up in their heavy boat. This is the first time the Brisbane Grammar School have won the Lawless Cup, and they are to be sincerely congratulated on their excellent performance. Seven years ago, we succeeded in winning the Smith Cup, but have not won the event since. The personel of the crew was:—

A. K. Stewart, 12st. 11lb. (stroke)

A. A. Baynes, 11st. 6lbs. (3)

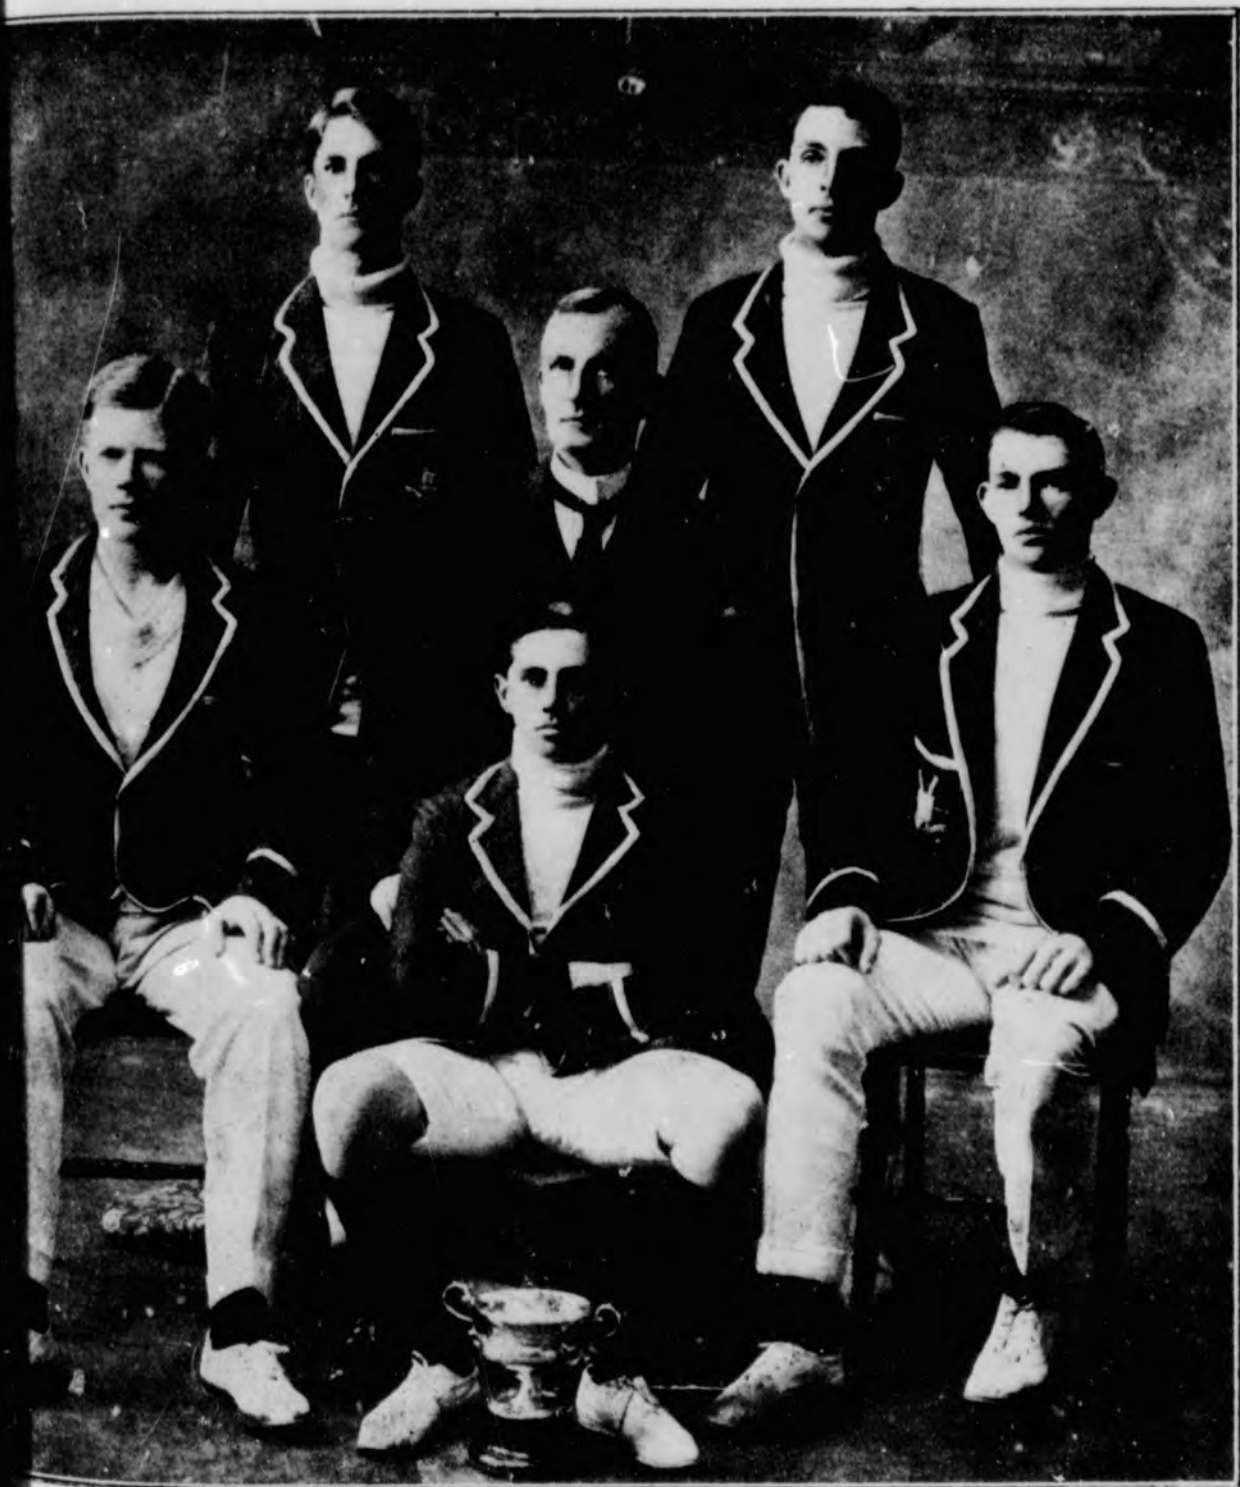

T. Lawton, 12st. 0lbs. (2)

C. R. Boyce, 10st. 8lbs. (bow)

J. G. Hoare, 7st. 6lbs. (cox.)

After the race, Mr. J. Clark, President of the Queensland Rowing Association, presented the Lawless Cup and Clark medals to the winning crew. The stroke suitably responded. Our sincere thanks are due to Mr. E. Colclough for his excellent services as coach, and to him we largely owe our success. Our thanks are also due to Mr. A. Baynes for his unceasing efforts on our behalf.

we hope to hold a tub race and an open regatta. Seeing that training for the Trial Fours had to be carried out in one boat, some of the poor form shown may well be excused.

## *Rowing Notes.*

(By A.K.S.)

Since midwinter, rowing has been steadily progressing, and seeing that we have just taken up our quarters in our new shed the sport ought to receive an impetus. On Tuesday, 25th September, we held our Trial Fours Regatta, for which there were six crews entered. The event was rowed in three heats, two semi-finals, and a final. The weather could have been better, as a strong west wind was blowing, making the north bank course very choppy, and giving a considerable advantage to the competitors on the south bank. The first heat was rowed between crews stroked by Julius and J. G. Cribb. Cribb, rowing in No. 1 position, got the best start, but Julius soon made up the lost ground, and won comfortably by 2 lengths. No. 2 heat was rowed between F. S. Marshall and A. K. Stewart. Stewart, rowing in No. 2 position, took the lead from the start, winning easily by 2 lengths. In the third heat, Williams and L'Estrange contested. The latter, having the heavier crew, took the lead from the start, and led to the Bridge, where he was overhauled by Williams, who won by a length, with L'Estrange pushing him hard. For the first semi-final, Julius and Stewart faced the starter. Julius' weight proved too much for Stewart, who was also at a slight disadvantage in having the north course. Julius finished about 3 lengths in front. For the second semi-final, Williams had to row a crew of old Sixth Form oarsmen; this crew comprised (str.) V. Grenning, (3) C. R. Boyce, (2) W. S. Leslie, (bow) J. B. Cribb, (cox) N. Geaney. The two crews got away to an even start, but at half-way Williams' crew crabbed, and Grenning, taking advantage of this, quickened up, and won easily by 3 lengths. N. Geaney is to be congratulated on steering the best course during the afternoon. After their crews had rested, Williams and Julius faced the starter for the final, Williams having a very slight advantage as to course, seeing that the wind had almost dropped. Both crews got away nicely, and at the Bridge, Williams was seen to have a slight lead. The race finished in a great struggle, Julius coming up fast but being beaten by three-quarters of a length. The style was rather poor on the whole, but in some cases a marked improvement was noticed. The officials were,—Judge, Mr. Fisher; starters, Messrs. Allan and Potts; steward, Mr. Pennycuik; umpire, Mr. Colclough. Two crews will shortly be picked, from which next year's four will be chosen. The coxing, on the whole, was poor, and the coxes could do well to improve their steering.

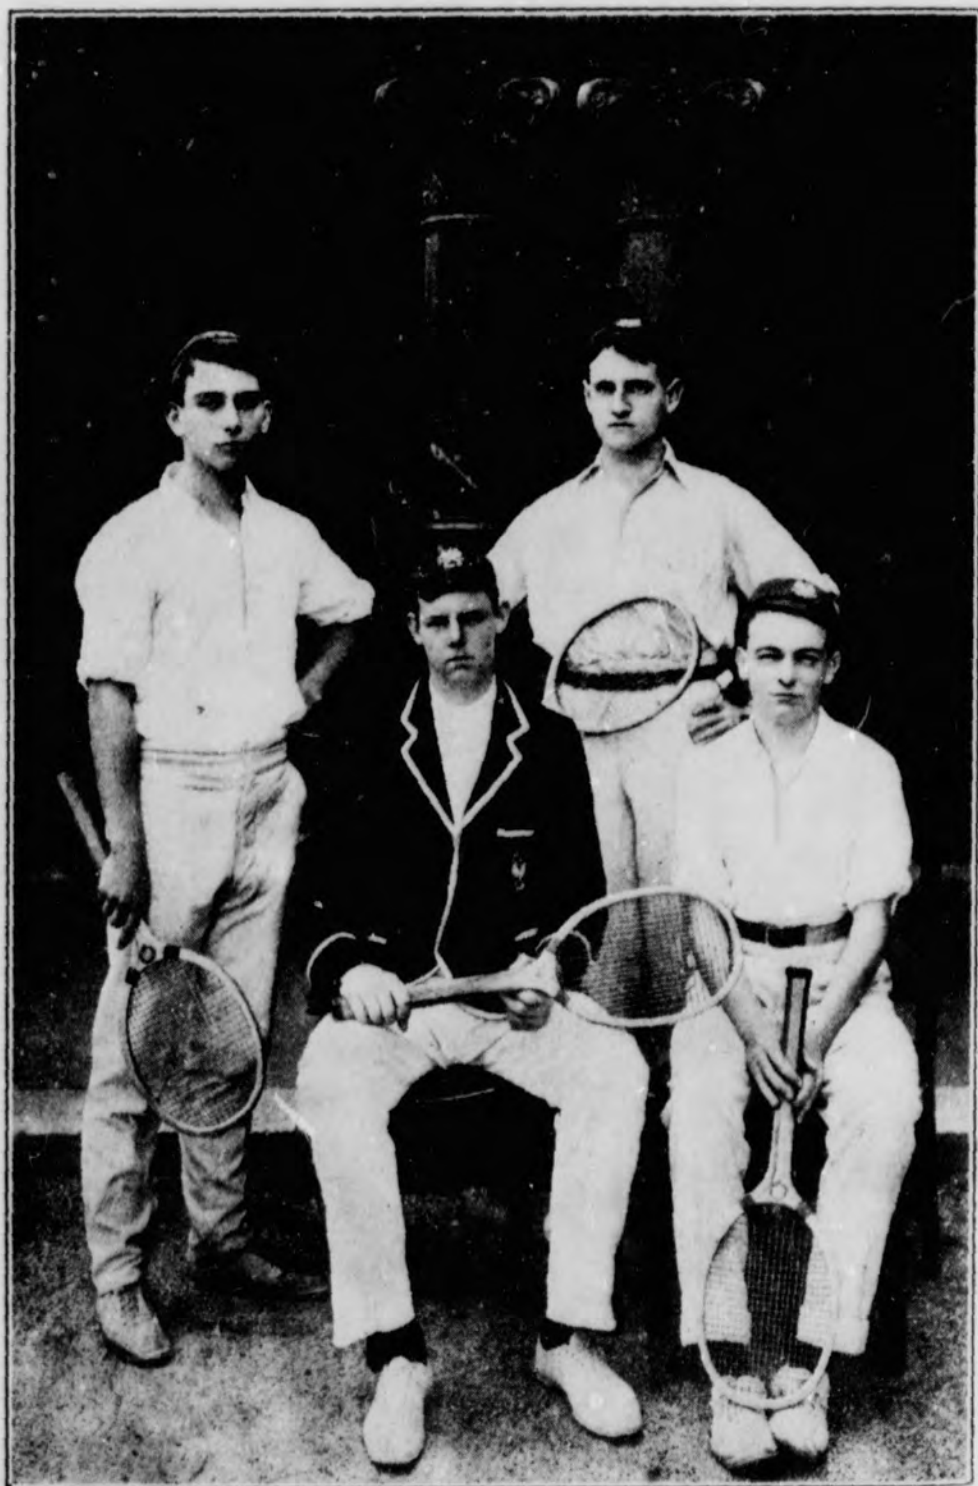

We are shortly expecting two new boats, a four and a tub, the latter being donated by Mr. J. K. Stewart. On their arrival

(By H.N.W.)

July 21st, B.G.S. I. v. ITHACA II.—Won by 1 game.

N. GEANEY (colours).—Good reliable service; drives well both forehand and backhand; safe on volley and smash; ought not to get disheartened if he is being beaten.

## FIRST TENNIS TEAM.

*Fegan—photo*

Standing—Marshall, Geaney.      Sitting—Wilson, H., Maxwell.

MARSHALL, F. S. (colours).—Powerful, but sometimes erratic, service, reliable on low forehand drive, but weak on backhand ; safe on volley and smash ; hits very hard, but must remember that he cannot make every shot a winner.

MAXWELL, R. A. (colours).—Drives well both ways, with plenty of length ; strong service ; smashes and volleys with good direction, and tosses well to the back-line.

WILSON, H. N. (colours 1916-17), by a member of the team.—Our popular captain, the only remaining member of last year's team, who has this year proved himself to be a player of much note ; shows great mastery over his racquet. He is equally at home with either backhand or forehand strokes, his ground shots being particularly neat. The "Sports" says,—“If interstate matches were still in vogue, there is no doubt that the young Colossus, Wilson, would get his interstate colours.”

## *Gymnasium Notes.*

(By C.R.B.)

The annual gymnastic competition between the B.G.S. and Nudgee College is now close at hand, and members of each team are working hard ; the B.G.S. team, to retain their supremacy over Nudgee College, and the Nudgee College team, to wrest the laurels of victory from the B.G.S. team.

The Christian Brothers' School have decided to send in a team this year, so that competition will be keener this year than the previous time.

The conditions of the competition will be the same this year as last year, that is, in two parts—a senior and a junior.

The Senior Competition will consist of a fast and of a slow voluntary exercise on each of the following apparatus,—Rings, horizontal bar, and parallel bars.

The Junior Competition consists of one voluntary exercise, one each of the above apparatus.

The Senior Team consists of Williams, I. W. Cameron, Vallely, and Boyce ; while the Junior Team consists of Kay, Price, D. Cameron, and Collins (emergency). Mr. Hannan, of the Y.M.C.A., has consented to be judge, and we have to thank him accordingly. The competition takes place on Thursday night, 11th of this month, at 8 p.m., in the Brisbane Gymnasium.

Since writing the above, the Competition has been held, and the following are the results :—

Seniors : B.G.S., 767 points ; Nudgee College, 767 points ; Christian Bros.' College, 619 points.

Juniors : B.G.S, 308 points ; Nudgee College, 219 points.

This result is very gratifying to the School, and reflects much credit on Mr. Betts and the competitors.

The individual scores of the B.G.S. teams were :—

SENIORS—

	Parallel Bars.	Rings.	Horizontal Bar.	Total.
Boyce .. ..	64	71	64	199
Williams .. ..	45	61	67	173
Cameron, I. W.	64	75	70	209
Vallely .. ..	54	61	71	186

JUNIORS—

Price, H. D. ..	34	39	39	112
Cameron, D. A.	24	39	34	97
Kay, F. D. ..	31	34	34	99

The Highest Individual Scores in the entire Competition were gained by I. W. Cameron (B.G.S.) 209 among the Seniors, and H. D. Price (B.G.S.) 112 among the Juniors.

## *Cadet Notes.*

At the end of last military year, all the 1899 quota left us to enter upon their Citizen Force career. Second-Lieutenant Harris also left us last quarter for the same purpose. We wish them success in their new sphere of action.

In June, an examination for appointment of N.C.O.'s took place, and all the successful candidates have since been gazetted. An examination for commission was also held, and C.S.M. Marshall and C.Q.M.S. Millar were successful.

The Musketry Course for the current year has been completed, and some good scores on the different ranges were recorded. A team has since been chosen to represent 6B. Area in a Miniature Range shoot for a kettle drum, to be competed for by all suburban areas.

Our Area Officer, Captain Andrews, who left us in 1915, to go to the Front, is back again, and has taken over his office, previously held by Lieut. Campbell. We here take the opportunity of wishing him every success in his old position.

The roll of officers was increased in June, 2nd-Lieutenant Darvall, who has come back to school resuming duty with the School Corps, and 2nd-Lieut. Harris, whose commission was gazetted from March. He has since left us to enter the Citizen Forces.

The Shooting Team is practising regularly for a miniature-competition under the guidance of Mr. Fisher.

## ***Junior Cadet Notes***

The Junior Cadets were greatly reduced in number after midwinter, owing to many of them joining the Senior Cadets; but, nevertheless, some useful work has been put in by the remainder. About a quarter of an hour's marching or physical drill, is, for the most part, put in in the morning, generally with a very good attendance. After Michaelmas, to the delight of most, the weekly visit to the baths re-commenced, and the cadets then had a good time, as there were but few of them. It is to be hoped that the New Year will bring with it more cadets.

## ***Fifth Form Notes***

We would like to know if a certain boy has taken up games. It would certainly improve his voice!

Our two worthy representatives in the 3rd Tennis Team, "Ferg" and "Mungo" ought to be a crack pair. "Ferg" makes a capital partner, and as for "Mungo," his experience with the fair sex, ought to be invaluable to him in a "love" game.

Can A.K.S. explain all the "parrot talk" often heard in the room, without getting the "huff"?

Was Harold's (No. 6) attention all on the Toowoomba match? We think not. Perhaps he will also explain why he did not enter for the obstacle race, also (now don't blush Harold) who is Penelope?

We are well provided with motor mechanics—for, example look at James. His patent silencer fitted on to his luxurious limousine, if fitted on to a tin can "super" would "improve" the latter immensely.

Poor Tom! We are all very sorry to hear that he has been dangerously ill, and all join in wishing him a safe and speedy recovery.

How glad we are, Jacka, to see you get the "cane" at the pictures. Serves you right old son! You ought to learn Lollé's motto.

The athletic sports offered H.W.D. a grand opportunity to practise for his future vocation, viz., letting passengers know the names of stations called at by the "Lucinda."

You're a foine mon, Ernie! Undoubtedly, you will be chosen for next year's crew.

Edwyn could not understand how "Our POPULAR Captain" beat him in the Tourney; but perhaps he didn't tell you his weak spots, eh, Edwyn? Never mind, better luck next time.

We have been wondering why Normie has given up scissors and now uses a razor. We hope it is not a case of "cherchez la femme."

Since "Fat" has been trying to catch parrots, he now wears gold laurels, which harmonise beautifully with his hair. He has adopted a new pronunciation of "y," pronouncing it like "j," so that when he speaks to another member of the form with his "Yes, dear," we now think that he means what he says.

## *House Notes*

---

We were all sorry to lose Mr. Fisher at the end of last term, when he was married, and we wish to convey to him our heartiest congratulations and best wishes for his future happiness.

This year, the House has reason to be proud in that fact that it holds the Championship Cups for Swimming and Athletics. The latter was won by R. W. Anderson, who carried off the Broad Jump and 220 Yards Championship, and tied with Atthow in the High Jump Championship. Congratulations go also to C. C. Stewart, who won the Hurdles Championship. Others to gain places in events were Avery, Jones, Short, Hales, Bartholomew and Kay.

Lawton and Stewart, who have given all boarders such delight throughout the football season with their brilliant tactics, have added another date to their Honour Caps, and Nothling, who filled the position of full-back, has gained his colours.

A mock court was arranged for a Saturday night some time ago, and a breach of promise case was to have been tried, but somehow the couple at variance must have made it up, and the jury were dismissed.

During the Michaelmas holidays, those who stayed at the House, indulged in a tennis tournament, of which the Singles Handicap was won by Mrs. Bousfield, and the Doubles by Nothling and White, S. H.

## *Old Boys' Association*

---

The Nineteenth Annual General Meeting of the Association was held on Friday, 27th July, at the rooms of the National Political Council of Queensland, opposite the General Post Office in Queen Street. The attendance was not very solid, although a special appeal had been made to older members to make an extra effort to put in an appearance, in order to supply the places of those absent at the war.

The President (Mr. E. R. Crouch) was in the chair, and others present included Mr. F. S. N. Bousfield, Dr. Kerr-Scott, Dr. C. A. Thelander, Messrs. S. Stephenson, R. M. King, T. E. Jones, C. R. Gregory, W. T. Evans, the Hon. Secretary (Mr. J. G. Nowlan), Messrs. F. J. Heussler, B. Wright, G. S. Crouch, G. B. Forrest, T. C. Troedson.

Apologies for absence were received from Messrs. R. H. Roe, Jas. Love, W. R. Parker, E. J. Caine, F. Holland, C. A. Mutch, A. A. Baynes, J. W. Heussler. Nearly 500 notices and annual reports were issued to members, including, of course, country members, and many of those at the front.

After the minutes of last year's annual meeting had been read by the Secretary, and duly confirmed, the following Old Boys were placed on the roll of the Association :—Messrs. J. G. Bayley, M.A., M.H.R., P. M. Bayley, M.L.A., T. Dickson, J. E. Broadbent, H. B. Lucas, G. E. Jackson, H. S. Ralph, L. W. Tunley.

The Report and Financial Statement being taken as read, the President rose to move its adoption. He said that, as regards membership, we should be satisfied with the growth of the Association during the last few years. It was but 19 years old, and it was only during the past few years that we had been sufficiently alive to attract boys on leaving the School. Of course, the matter of subscriptions had been affected by the war; a very large number of our younger members, and older ones too, having gone to the front.

He mentioned Mr. Troedson's offer to accept payment of subscriptions at his office in the city, thanking him, on behalf of members generally, who might find it inconvenient to write cheques for so small an amount as 5s. Of the School Magazine, he spoke in terms of high praise. We were all proud of it, he said. It was quite alive and admirable. Mr. Mason certainly merited our warm congratulations on the evidence of growth and progress shown by the last issue. It had developed into quite a book in itself. He thought that two issues per year were amply sufficient. The attitude of the Association in helping so materially towards its distribution among Old Boys was also a subject for congratulation. Alluding to the Costin Memorial Fund, he reminded members that the last time Mr. Costin spoke among us was on the subject of the War Memorial. With regard to Mr. Roe's retirement from his official position, it was very gratifying that he had been asked to continue the inspection of the Grammar Schools of the State, and also that his general health was so much better.

Referring to the Jubilee of the School, on the last day of February next year, he said, that it may, of course, be postponed, but that we should have the celebration when the war was over.

The War Memorial was, so far, a success, thanks to the initiation of the Association. Members did not think sufficiently of the Old School, and how it might be affected by educational measures, which came before the Government. It was really wonderful how the School had grown, and we should keep in constant touch with it. He then formally moved the adoption of the report.

Mr. W. T. Evans seconded the motion, saying that he had been, of late years, more in touch with the School through having a boy of his own there. The School had not changed much, nor were the masters much altered from the old days. The School should be congratulated on its athletic productions. We were proud of our Roll of Honour and War Distinctions. No doubt, the instruction and precept imbibed at the School had done its share in leading to these. It was good to be associated with such men.

Mr. Bousfield said that the examination results had once more shown that there was no falling off in the quality of the boys, or in the way they are brought up to the scratch. Nor was there any falling away in the cricket field. The recent Armidale match showed that we had quite as good men now as at any time. Our principal development had been in rowing. A rather difficult position led to our putting up a shed of our own, and at the regatta we ought to turn out a good crew. A boat had been promised us if we won, and the promise was kept.

He added it was a great pleasure to him to be able to say a few words, as he felt that Old Boys did really watch our progress, especially our sporting successes, and "always take care to let me know." The surest proof of interest was sending their sons to the School.

Mr. Stephenson spoke of the War Memorial, which owed its first incentive to the Old Boys' Association. There were now 821 names on the roll, and more were continually coming in. It was a pity so many were not members of the Association. About 4,000 names were on the School roll, and many of those still living were not traceable. The wrong attitude towards membership had, unfortunately, been adopted by many, viz., "What is to be gained by joining?" Their presence at the war shows how many possess the spirit of sacrifice, and all should be members of the Association, all should help the Association and the School. The more Old Boys see of the School the better. The Association was, naturally, somewhat stagnant just now,—in recess; but in its early days there had been more frequent meetings, and there would be again. He looked forward to the time when the Memorial Library would be a meeting place for various purposes, keeping among us those 820 or more. He trusted that the Association would continue to show interest in the scheme.

A Southern association gave £100,000 to its School Building Fund. We here are, perhaps, not so wealthy, nor so well educated up to giving liberally. Yet it was one of our greatest privileges.

Mr. Bousfield raised the point as to the date of the Jubilee Celebrations, and the President, in reply, said the Jubilee should celebrate the 50th anniversary of Foundation Day, but would, of course, await the termination of the war. He alluded to the School Record, first issued by the late Mr. Francis, and now being revised and brought up-to-date by Mr. Stephenson.

Mr. T. E. Jones, endorsing the principle that Old Boys should keep in touch with the School, thought that annual meetings should be held at the School, that members should be specially notified of School fixtures, such as cricket and rowing matches, sports, plays, etc., and that a great debt of gratitude was owing to Mr. Stephenson for his enthusiasm in making the War Memorial the success it was.

Mr. Troedson, speaking of finance, said that we were really better off than last year. Last year's balance included £15 earmarked for the War Memorial, whereas, this year's balance was clear.

Dr. Kerr-Scott said the amount of the annual subscription was too small. Older members, at least, should be asked to pay more.

The motion before the meeting was then put and carried by acclamation.

The election of officers for the new year was then proceeded with. The Chairman proposed Mr. Roe for the Presidency, and announced that owing to the general improvement in his health, Mr. Roe had expressed his readiness to accept and attend meetings. Dr. Kerr-Scott seconded, and Mr. Roe was declared elected.

Mr. F. S. N. Bousfield was then proposed and seconded for the vice-presidency, and declared elected.

Mr. J. G. Nowlan was unanimously re-elected Hon. Secretary and Treasurer.

Messrs. E. R. Crouch, S. Stephenson, R. M. King, T. E. Jones, T. C. Troedson, W. T. Evans, and C. R. Gregory were elected to Council.

Messrs. A. R. Webb and P. Newman-Wilson were re-elected Hon. Auditors.

A general discussion ensued as to the exact date of the celebration of the School Jubilee, Mr. Bousfield urging that it was time to consider the forming of a committee to take the matter in hand. After an interchange of opinions as to the propriety of taking the date of laying of the foundation stone or that of the opening of the School. Mr. Jones moved that, "A special meeting be called to discuss the question." Dr. Kerr-Scott supported, and after Dr. Thelander and Mr. G. S. Crouch had spoken, the motion was put to the meeting and lost.

Mr. Bousfield pressed for a definite expression of opinion, so as to leave plenty of time for preparations if necessary.

Mr. Evans then proposed that the celebration should be deferred to a more suitable time. Mr. King urged that the Trustees be notified of this opinion, and finally the motion was put and carried in the following terms :—"That it is the opinion of the meeting that the Jubilee of the School should date fifty years from the last day of February, 1868, but that the question of celebration should be deferred, if necessary, to a more fitting time."

Dr. Thelander, referring again to subscriptions, said that our limited financial resources would be a drawback in making preparations for the Jubilee. He suggested that after five years, members ought to have so determined their financial standing as to be able to pay a considerably higher amount than at the beginning. He proposed, therefore, "That with a view to improving the financial position of the Association, the incoming Council be asked to consider the advisability of raising the amount of subscription."

Mr. Bousfield seconded the motion, which, after some further discussion, was put to the vote and carried.

Mr. Bousfield then proposed a vote of thanks to the outgoing President. It would be hard, he said, to find a more patient and tolerant chairman.

Mr. E. R. Crouch, in reply, said he had sat as one of the six members of the first Council that discussed, with Mr. Roe, the foundation of the Old Boys' Association, and he would always continue to be keenly interested in its welfare and that of the School.

Mr. C. R. Gregory proposed a vote of thanks to the Hon. Secretary, saying that, as one who had himself filled the post in past years, he could appreciate the work done by the present Secretary, especially in view of the greatly increased membership.

Mr. J. G. Nowlan having suitably responded, the Chairman declared the meeting closed.

---

The balance to the credit of the Costin Memorial Fund now stands at slightly over £25. Members who intend to subscribe,—and we feel sure there are several only waiting to be reminded—should send in their cheques at once, as we are, naturally, anxious that the memorial should take effect by giving a medal at the end of the current year.

Since above was written, it was decided, at a meeting of Council, held on 23rd October, to close the Costin Memorial Fund at £30, and invest it in the War Loan. It was also decided that no award would be made this year.

Applications for enrolment in the Association have come in pretty well since last issue. We spoke of a score of new names then. We can now speak of more than half a hundred, which is not so bad for an institution that is in recess.

Members will, no doubt, join with the writer in sincere sorrow at the loss of two of our oldest members. There are not many of us who will not grieve at the removal, by death, from our midst of genial "Pat" Fewings, after a rather painful and lengthy illness; while the sudden death, by accident, of T. W. Rabjohns, of Mooloolah, deprives the Association of a member of many years' standing.

### ***Jottings.***

---

T. Hein is doing well at Duntroon. We had a letter from him recently, in which he speaks of hard work and strict discipline, but tells us that he likes the life.

C. C. Stewart has left School and is now a bank clerk.

A Baynes is studying Accountancy.

L. Crawford has also taken up Accountancy.

Cadet Midshipman R. C. Pockley has won the Challenge Cup Championship at the Royal Naval College—the first occasion on which it has been won by a second year student. He has also won first and second year skiff races and second year gig race, and has established a record for throwing the cricket ball.
