

Every week children should be:

- Reading every night. This could be reading a book sent home from school, a book from home, a book from the local library or a book on Bug Club. Reading every day will have a positive impact on your child's progress.
- Signing your child's reading record if they have not read does not benefit anyone! It isn't about getting prizes, its about learning to read and nurturing a lifelong love of reading!
- Logging onto Mathletics and TT Rock stars and complete the assigned tasks.
- Children need to practise their spellings every week – this will support their reading and writing.
- Complete one piece of homework each week. Thank you for supporting your child's learning, progress and future 😊

Instructions

1. By the end of the term you must make sure that you have completed **at least four pieces**. Please bring homework in every **Thursday**. Place homework books in the homework tray each Thursday. You will be given your homework book back on Friday morning.

Maths

3×4

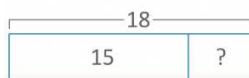

5×8

6×4

Draw a bar model and bead string to show you would answer each calculation

Challenge: 60

How many different ways can you represent 60 on a bar

model?

Writing

Imagine you are the pioneering Egyptologist Howard Carter. Write a diary entry explaining

what you have discovered and how you feel about this.

Topic

Design, create and build an ancient Egyptian pyramid. You can use ANY materials you like, try to be creative and have some fun!

The River Nile is the longest river in the world. The Ancient Egyptians would have seen the river teeming with deadly crocodiles. Which would you prefer to cross – River A with 50

hungry crocodiles or River B with 1 crocodile on the first day but the total doubles each day until

Dictionary and Thesaurus activities.

1. What is the definition of the word "alluring" ?
2. Use a thesaurus to find and write down alternative words for 'big'. Write a paragraph about the Pyramids in Giza using them.
3. What is the definition of the word 'pioneer'?

Draw a message in hieroglyphics – can your parents/carers break

the code?

<p>the 10th day? Explain your findings.</p>		
<p>Times Tables Learn your 6, 7 and 9 times tables (or a times table you do not already know). Learn the division facts for each of these times tables. For each times table test you pass on a Friday you shall receive 10 reward points and a times table sticker.</p>	<p>Typing Skills On a computer or laptop (you can use library computers for free) write your own adventure story. Remember to plan your writing before you begin typing. Think about the setting and characters. Use a story mountain boxing up grid to support you.</p>	<p>Art Draw and colour the mask of the Egyptian Pharaoh Tutankhamun. List which metals you would make it out of and which precious gems could be used to adorn it.</p>
