

Introducing ***Guitar to You***: A Course to Enhance Your School

Get Started in Three Easy Steps

Studies have shown that students involved in high-quality music education programs perform better in school and on standardized tests than students who do not engage in music education.

This why Notre Dame Prep is offering a new pilot program to help diocesan schools (K-8) develop superior guitar courses as part of their music curriculum.

The benefits include:

- Regular visits by Mr. Philip Hemmo, world-renowned recording artist, certified music instructor and director of Notre Dame Prep's guitar orchestra
- Offers middle school students an alternative to vocal music instruction
- Develops student instrumentalists who can perform sacred music at prayer services and Mass
- Improves student language, listening and math skills
- Develops student confidence and creativity

1

Attend a three hour workshop
on a Saturday in February 2020
(time and date TDA) at Notre
Dame Prep
9701 E. Bell Road | Scottsdale

2

Collect all your free material at
the workshop and get started!
Remember, you do not need
to be a music instructor. Mr.
Hemmo will assist every step
of the way.
