

## Immunization Information

All incoming 7<sup>th</sup> graders must be fully immunized before the start of the upcoming school year. For children whose parents claim an exemption to immunizations for medical, religious, or personal reasons, their legally responsible individual must complete an online immunization education module at [www.immunize-utah.org](http://www.immunize-utah.org) or in-person consultation at the local health department. A copy of the certificate must be presented to the school or childcare official.

**Immunization exemptions do not transfer from Elementary into Junior High, a new exempt certificate is required for Junior High. Please bring your student's immunization record into the office as soon as possible.**

**Immunizations may be received from your doctor or a health department clinic:**

### **Davis County Health Department**
