CENTERVILLE HIGH SCHOOL SUMMER SCHOOL 2020

COURSE DESCRIPTIONS

PHYSICAL EDUCATION - OFFERED BOTH SESSIONS

Physical education strives to promote through total body activity the health and general welfare of the total individual. Students enrolled in this three-week course will participate in activities such as bowling, golf, hiking, sand volleyball, Frisbee, tennis, rafting/canoeing, weight training and jogging. Most of these activities will take place off of school grounds. Failure to attend and participate in the class everyday will result in loss of points and a 1 letter grade reduction.

(3 weeks – ¼ credit)

STUDENT GRADE LEVEL 9th, 10th, 11th, 12th.

\$100.00 PARTICIPATION FEE BILLED TO YOUR STUDENT FEE ACCOUNT

UNITED STATES GOVERNMENT - OFFERED BOTH SESSIONS

A study of the structure, agencies, and activities of the government units that play a significant role in the American way of life and particularly their impact on the individual is the goal of this course. The nature of the study at all levels – the Presidency, the Congress, the Court, the electorate, the bureaucratic agencies, and the local units – focuses on actual behavior of individuals in these roles rather than on their theoretical functions.

(3 weeks – ½ credit)

STUDENT GRADE LEVEL – 11th & 12th

MODERN WORLD HISTORY 1688 – 20TH CENTURY - OFFERED 1ST SEMESTER ONLY

This course will focus on significant world events, people, and places from 1688 through the 20th Century. It will introduce students to historical ideas and events that have shaped the world today. The historical content covered in the class will be studied for a social, political, and economic perspective as students learn about regions across the globe. Content will include subjects ranging from the enlightenment to world revolutions to the cold war. Emphasis will be on establishing skills to critically analyze and interpret events from various time periods and regions. **Required for all freshman.**

(3 weeks – ½ credit)

STUDENT GRADE LEVEL - 9th

CHEMISTRY

This class is designed for those college bound students intending to pursue a career in science, mathematics, or related fields, or for those students who want a more in-depth chemistry course. Chemistry I will provide an introduction to the science of chemistry with an emphasis on the scientific method, problem solving, and precise laboratory procedures. **Due to the accelerated nature of this course a strong work ethic is needed.**

****Students must have successfully passed Geometry.**

(6 weeks – 1 credit)

\$20.00 LAB FEE BILLED TO YOUR STUDENT FEE ACCOUNT

PHYSICS I

Provides a thorough introduction to topics from both classical and modern physics, including mechanics, electricity, magnetism, waves and basic nuclear physics. This college preparatory course, while rigorous, emphasizes conceptual understanding and real-life applications of physics. In addition to problem-solving, students should expect to participate in hands-on demonstrations and laboratory experiments. Prerequisite is completion of Geometry. **Concurrent enrollment in Algebra II is recommended.**

(6 weeks – 1 credit)

\$20.00 LAB FEE BILLED TO YOUR STUDENT FEE ACCOUNT

GEOMETRY

Placement from Algebra I

Geometry is a one-year course that is aligned with the Ohio CORE curriculum and follows the successful completion of Algebra I. Areas of focus include congruence, similarity, proof, trigonometry, circles, and probability. **Ownership and use of a scientific calculator ** is required. Students enrolled in this course are required to take the End of Year State Assessment. (Year course – 1 credit)**

(6 weeks – 1 credit)

STUDENT GRADE LEVEL – 9th, 10th, 11th.

ALGEBRA I

Placement from 8th Grade Math

Algebra I is a one-year course aligned with the Ohio CORE curriculum. Areas of focus include number and quantity, functions (linear, absolute value, quadratic, and exponential), statistics and probability. Real world application and modeling is woven into all areas of focus. **Ownership and use of a scientific calculator** is required. Students enrolled in this course are required to take the End of Year State Assessment. Year course – 1 credit)**

(6 weeks – 1 credit)

HEALTH - OFFERED BOTH SESSIONS

Every student must pass the state required one semester Health Education during his or her high school career. It may be taken in grade 9, 10, 11 or 12, although it is preferable during the freshman or sophomore year. During the semester, units on mental health, human sexuality, human relationships, nutrition and fitness, eating disorders, use and abuse of potentially harmful substances, CPR, and violence prevention will be studied.

(3 weeks – ½ credit)

STUDENT GRADE LEVEL – 9th, 10th, 11th, 12th.

\$4.00 LAB FEE BILLED TO YOUR STUDENT FEE ACCOUNT

COMPUTER APPLICATIONS & DIGITAL LITERACY- OFFERED 1st SESSION ONLY

Students develop skills in computer concepts such as file management and digital citizenship. Students will learn formatting for school, personal and business use. Using word processing, desktop publishing, spreadsheets, database software, presentation software, and photo editing. Students will learn to use a digital camera and scanner and work with electronic mail and organization software. The software used includes Microsoft Office, CheckPro, online photo editing and Google Drive and Suite. This course is a **required prerequisite** for any other computer class, such as Web Design, Digital Art and Design and Introduction to Programming.

(3 weeks – ½ credit)

STUDENT GRADE LEVEL – 9th, 10th, 11th, 12th.

DIGITAL PHOTOTGRAPHY – OFFERED 1st SESSION ONLY

This course introduces students to the art of photography. Students will develop a vocabulary for describing, analyzing, interpreting, and judging photographic images. They will understand and apply the elements of photography and the principles of composition in developing their own sense of style. Students will use artistic intent and processes to capture, develop, print, and present multiple images. Students explore photography's historical and cultural context, along with contributions of important photographers to the art form.

(3 weeks – ½ credit)

STUDENT GRADE LEVEL – 9th, 10th, 11th, 12th.

\$70.00 LAB FEE BILLED TO YOUR STUDENT FEE ACCOUNT
