

ELEMENTARY CAMPUS DISMISSAL

Easily notify campus staff of dismissal changes, absences, early dismissals and late arrivals – all online!

Eanes ISD uses Smart Tag's Elementary Campus Dismissal (CDM) platform so parents of elementary students can utilize web-based technology (desktop or mobile) to make the after-school pickup process safe and organized. **It is also the official way to report absences for your child.**

**IMPORTANT - SIGN UP
AUGUST 12TH!**

**Every parent must log in
and set up their
elementary child's
dismissal instructions so
teachers will know where
to take your child at the
end of the day.**

Beginning August 12th:

(note: CDM enrollment opens August 12th for new students. Student online enrollment must be completed first)

1. Register through Parent Portal at <https://parent.smart-tag.net>

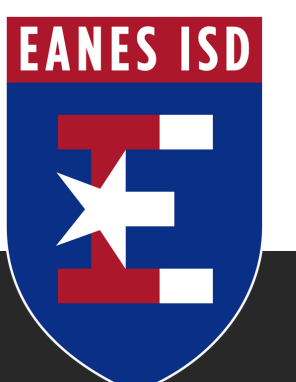

- If you already have a Smart Tag Parent Portal account for bus riding, skip registration and login with that account
- Registration requires your child's Student ID # and date of birth

2. Check your child's dismissal setting to ensure accuracy

- Most default dismissal settings are set to bus rider. Contact your child's campus to change how your child will leave the school on most days, if it is not by bus

3. Set up your child's dismissal instructions

- Set up any known dismissal changes for the entire year (grandma picks up Mondays, Chess Club every Wednesday, etc.)
