What Is the PSAT 8/9?

A person with a backpack is hiking through a forest. The person is wearing a light-colored jacket, dark pants, and a backpack. They are walking on a dirt path, and the forest is filled with trees and foliage. The entire image has a blue tint.

Some Key Facts

-
- The PSAT™ 8/9 is designed for **8th-** and **9th-grade students**.
 - The PSAT 8/9 is a test that will help educators and students figure out **what students need to work on most** so that they are ready for college when they graduate from high school.
 - Scores for the SAT® Suite of Assessments (SAT, PSAT/NMSQT®, PSAT™ 10, and PSAT 8/9) are reported on a common vertical scale, allowing educators and students to **measure progress**.
 - Test length: 2 hours and 25 minutes.
 - There's **no penalty for guessing** or blank responses, also known as “rights-only scoring.”

Benefits of the PSAT 8/9

The PSAT 8/9 establishes a baseline measurement of college and career readiness.

The PSAT 8/9 tests the same skills and knowledge as the SAT, PSAT/NMSQT, and PSAT 10—in a way that makes sense for each grade level.

Personalized practice on Khan Academy® gives students age 13 and over the opportunity to upload their test results to receive targeted learning plans that students can use to learn more about and practice the skills they need to improve.

The score reports will give students comprehensive, personalized feedback on test performance, allowing students to see which questions were answered incorrectly (with exceptions) and which academic skills they should work to improve.

Information on college majors and career exploration is offered by the College Board and Roadtrip Nation.

PSAT 8/9 2020 Test Dates
