The Headmaster writes:

It is often asked how we pack as much into a term as we do. The proof of the pudding is in the eating and also in this wonderful final Aldrolink of the year. We wanted to make sure that we celebrated as much of the past month's fun as we could and I am indebted to the many staff who led the boys on activities and expeditions last week. This edition showcases the incredible spirit of adventure, curiosity, leadership training and friendship. We are very proud of all the boys for embracing the opportunities of excellent character development. These past few weeks have been amazing for the concerts, productions of Pirates, Grandparents' Day, Sports Day, leavers' events, culminating in the end of term Prize-Giving. The fact that we require two days to give out prizes, badges, books, medals and certificates shows just how much the boys have achieved and how much we love to reward their industry.

Jenny and I would like to take this opportunity to thank you, our wonderful Aldro families, for your enormous support of your boys and our staff, as well as both of us personally, throughout our time here. Whether through the FoAA, attending our key events like Match Days, Sports Day, Chapel, plays and concerts: we have so enjoyed spending time with you and watching the boys at work.

Jenny and I thank you again for your support, generosity and so many kind words.

We wish you all a wonderful family Summer.

James Hanson
Headmaster

Prize Giving

We were delighted that Mr Michael More-Molyneux DL and OA-64 agreed to join us for this years Prize Giving and to present the prizes on the last day of the Summer Term. There was a speech from Mr Brian Kirkpatrick (Chairman of Governors) as well as a tribute to the Hansons from Mr Rod Hughes (Parent) and gifts from the Friends of Aldro.

Form 8 Leaver's Trip to Brecon Beacons Wales

Thirty nine Form 8 boys enjoyed lots of sunshine in mid Wales during the last week of term. The week involved boys in groups taking part in a variety of activities—gorge walking, canoeing, high ropes, climbing, raft building, caving and plenty more. What a fantastic way to end their time at Aldro.

Form 8 Leaver's Trip to Brecon Beacons Wales

End of Term Squad Treat—Chapel Choir, Prefects, Chapel Wardens and Chapel Tech Team

As a reward for their contributions to various areas of Aldro life over the past year, 78 boys were treated to a morning at Liquid Leisure Aquapark on the penultimate Friday of term. There was much talk in the buses on the way there of various tactics to ensure the Student Masters and Mr Rainer spent more time in the water than out of it, and the following games did not disappoint! A brilliant time was had by all!

Aldro says goodbye to staff

At the end of the Summer Term we said our farewells to Aldro's leaving staff. A delicious lunch was served after Prize Giving which was attended by Governors and staff so say our sad farewells. As well as Mr & Mrs Hanson we said goodbye to Mrs Sue Rush after 10 years of teaching Form 3 boys at Aldro. Miss Becca Higham, Head of Junior Departments, Mr Rob Lawes, Assistant Head Academic & Head of Maths. Mr Bart Callaghan, Head of Latin, Miss Eliza-Jane Whitlock our Head Matron and Miss Hannah Garton who has been one of our assistant matrons. They will all be much missed.

Success for our Shooters

Congratulations to Max Sheridan-Oliver who won his Gold Tie for scoring 100/100 with the rifle. The last Aldro boy to achieve this was in 2013

Many congratulations to the team of L. Thompson, P. Hughes, F. Weir and E. Britton who have managed to bring the St Andrews shield back to Aldro.

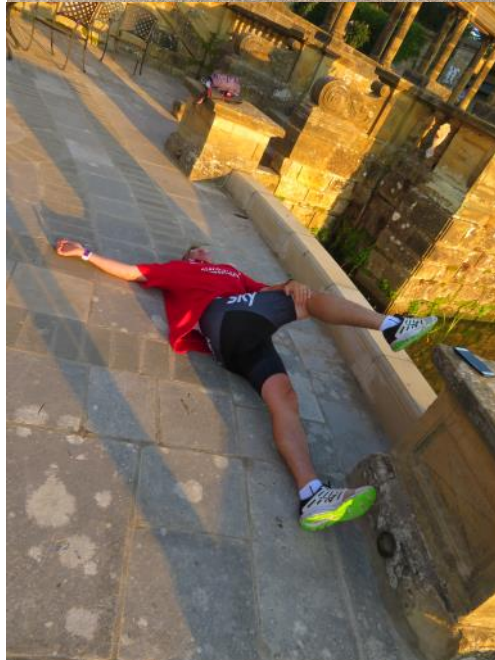

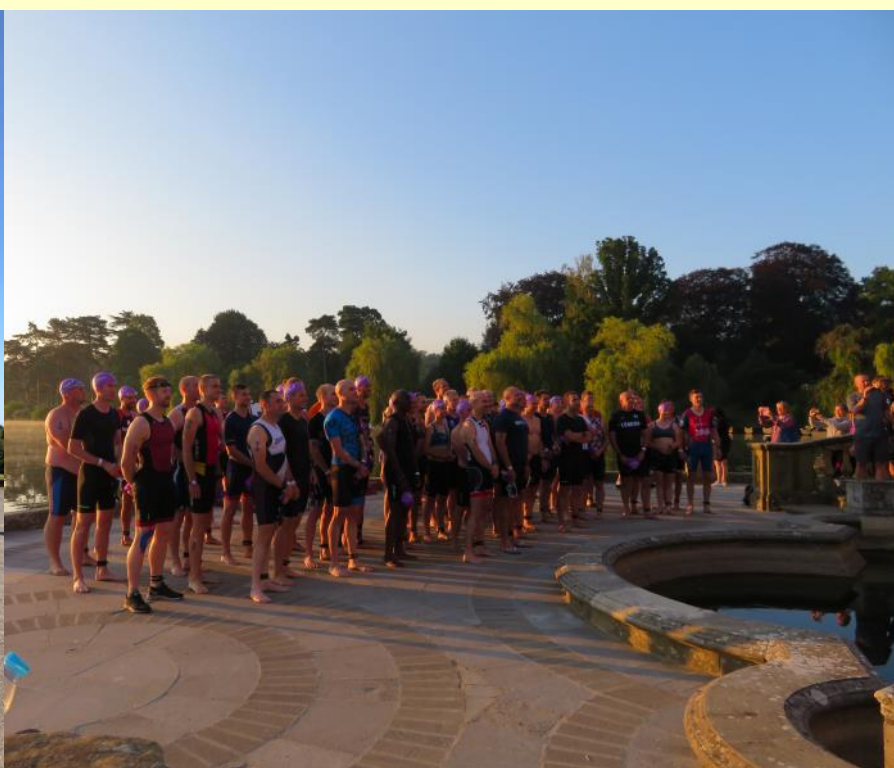

Charity News—Ironman in aid of Dusty Yak Foundation

On the day after Speech Day, Mr Lawes, Mr Rainer and Mr Arnold completed a Team Ironman Relay at Hever Castle in an incredible 13 hours and 39 minutes.

Mr Lawes kicked off at 6am with a 3.8 km swim around the Lake and River Eden before handing the baton over to Mr Rainer for his 180km cycle. Mr Arnold took over for the last leg, a 42km run (marathon). All of this was completed in 32 degree heat, which did not let up all day!

It was the most incredible effort from each one of them, with each of them pushing themselves to their limits to complete their section.

All of their efforts were in aid of the Dusty Yak Foundation, our school charity for this year. They have raised a significant amount of money already, and they are so grateful for all the support they have received so far. Following Miss Higham's recent trip to Nepal to visit the girls in the orphanage, we know exactly how much the money raised will mean to them and what it will be able to do. The boys all learned more about it in her assembly just after half-term, so please do ask them to talk you through where the girls came from and what their life is now like. Any further donations would be hugely appreciated – the link for the Just Giving page is: <https://www.justgiving.com/fundraising/aldro>

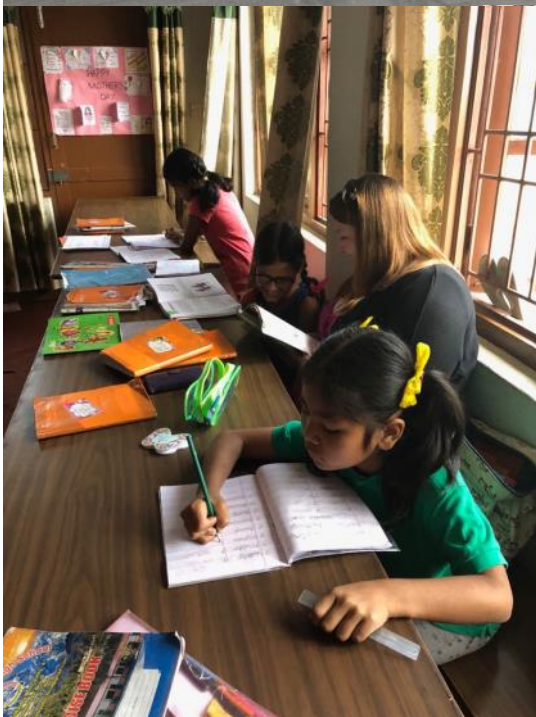

Charity News—Ironman in aid of Dusty Yak Foundation

Miss Higham's Visit to Dusty Yak in Nepal

Words cannot really express my recent trip to Nepal! I spent a week there in May, partly out of my own personal interest, but also to work for Mr and Mrs Hurley, completing a review of the educational provision the 11 girls are receiving. I spent a day in their school, observing lessons and meeting their teachers, as well as a day in two other schools comparing them. In addition to this, I sat in on all the activities that the girls are given the opportunity of, from karate, to music, dance to tutoring and managed to fit in a little bit of sight-seeing too. I was taken to the orphanage that the girls came from before moving to Dusty Yak and visited a government funded baby orphanage too. All I can say is, the money that is being raised to support this charity is so needed. Even a few pounds can make such a huge difference. It was an honour to visit, and I can't wait to go again!

Design & Technology at Aldro

This year the Form 3 boys have worked hard on PENPALS, developing card pen pots, with an initial prototype using paper and scissors, followed by second card prototype using craft knives, safety rules and cutting mats, and finally their finished product cut by the CAMM1 following the CAD design they have created on the computers.

Here are some fabulous examples from Zachary and Arthur.

They also worked really hard In a Textiles project, developing their sewing skills to be able to sew on their own badges. They put these sewing skills to great use creating this fare-well gift for Mrs Rush.

Design & Technology at Aldro

The boys in Form 4 were very excited about using these completed name plaques in the locker rooms this term.

They all designed their own font, and created a personalised logo on CAD, using the CAMM1 vinyl cutter to create the vinyl 'Stika's' TM. These were applied to the forex backing plate they added a magnetic strip so that they fix onto the metal lockers.

Form 5 delighted many Dads this year with their combined Food Technology and Graphics project for Father's Day. With great support from our 2 celebrity Chefs (Mr David McCoy and Mrs Maddie Hatton) the boys created Scoffins, Flapjacks and Rocky Roads which they then packaged in their own packaging design. They particularly enjoyed the nutritional analysis and evaluation lesson at the end when they got to taste the fruits of their labours, as it would seem did our assistant Chef, Mr Cope!

Design & Technology at Aldro

Once again the boys in Form 5 have shown great versatility in the many varied designs of clocks. Here is a taster of the first 14 to be completed.

Top L-R Alex, Max, Jamie, 2nd row L-R Jed, Archie 3rd row L-R Harrison, Scott, Luke, Tom
Bottom L-R Jack, Zac, Charlie and Alfie.

Design & Technology at Aldro

In the spring term all the Form 6 boys worked collaboratively to produce a dazzling array of over 40 pieces of sparkly giant cutlery for our amazing Beauty and the Beast show.

They made small prototype versions to start with to develop the skills involved with using templates and scalpel blades, as well as spray mounting. They then set to creating large MDF templates, constructing a giant spray booth and batch producing all the props to wow the audience!

Their most recent project has been aluminium keyfobs and pendant necklaces, which will be on display in the DT cabinet at the start of the new term.

The summer sun shone to help showcase the stunning array of bright and cheerful beach hut themed bird huts this year. Every Form 7 boy completed the standard house required, and it is incredible to see how many boys were also able to embellish their outcomes with their own personalised designs.

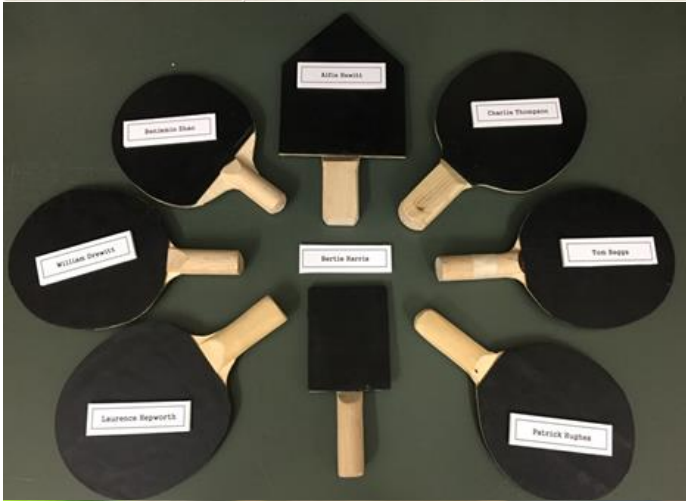

Form 8 also worked on an acrylic storage product, which again is available for you to view in the DT cabinet just off the vestibule.

Another resounding success once again, has been the hardwood veneered chessboard from this year's Form 8 boys We hope they will treasure these for a long time to come, along with the table tennis bats and LED mood lighting that they also undertook prior to the leavers programme.

Any images/logos replicated from existing companies are being used for educational purposes only. We kindly ask parents not to distribute the images further including all forms of social media.

Charterhouse Design and Innovation Scholarship

The Design and Technology department is incredibly proud of what every Aldro boy has achieved in DT this year, but a special mention has to go to an extraordinary young man who had received the ultimate accolade for his talents in this subject. We are delighted to formally congratulate Max on his amazing achievement in being awarded a Design and Innovations scholarship at Charterhouse. Max took along a bulging portfolio of work from in and out of school and clearly wowed them with his passion for DT at the interview. We wish Max the very best and look forward to hearing lots from him in the future and seeing what he produces in the years to come.

Max had this to say about the scholarship:-

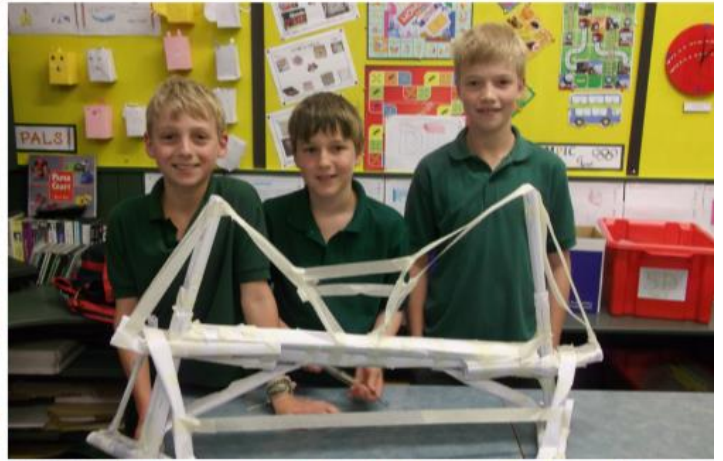

For my DT scholarship portfolio I put together a range of different items to showcase all of the DT things I have done over the years. This included: 2 photobooks, 2 architectural projects, A sketchbook of future projects and My Aldro DT folder.

In addition to my DT class work I had to show all the work I had done outside of lesson time. One photobook showed the products I made in 2016 and before and the other featured the things I made in 2017. These included photos of each creation and what it was about, for example; the type of market/consumer the product aimed at and how I made it. I also included 2 architectural projects, these were about replacing the garage at my house and building a new one, this project was done in detail and could be given to a builder to build. The other architectural project was about totally redesigning our garden; this was in a similar format. Finally my portfolio concluded with a sketch book with some products that I am planning to build in the future.

On the day the other 3 shortlisted candidates and I went to Charterhouse's DT centre for a quick build and an interview. For the quick build we all had to build a bird feeder that met some specific requirements for example, it had to be easily accessible and easily refillable.

2 weeks later I received the letter informing me that I got the scholarship!

Charterhouse Design and Innovation Scholarship

Max's most recent exploit that showcases his love of technology and talent in this field is the following fantastic video that he put together for the school from our recent Regatta.

Do click on the link as this is worth watching and captures the spirit of the day to perfection.

Joshua Seigal visits Aldro

At the end of term, we were delighted to welcome Joshua Seigal to Aldro. Joshua is an award-winning children's poet and performer.

The boys in Forms 3-6 participated in his interactive poetry and they laughed as he read various humorous poems from his book, *'I Don't Like Poetry'*.

Joshua talked about his school life and mentioned how he enjoyed table tennis. Subsequently, some of our boys invited Joshua to join them for a game at lunchtime, and as you can see, he graciously accepted their invitation. Message from Joshua following his visit...

'Just wanted to say a big thank you for having me yesterday. I had a wonderful time and was made to feel very welcome.'

Chess Results

A small group of Aldro players took part in the massive UKI Tournament at Sandown Racecourse, rarely do we have tournaments in such plush surroundings and it was a great day. There were over 300 children playing so the competition was tough, wins were difficult to achieve but all of our boys played well and showed determination and skill.

The best of the results was newcomer Jacob K who won 3 drew 1 and only lost 1 game, he was 3rd = in one of the U8 sections 3.5\5

Harry P played very well in the other U8 section scoring a creditable 2.5\5.

James C and Tom O played well in the U10 section and Austin S and Leo H played well in the U9s.

Chess Results—Grand Prix Final Positions

The Grand Prix is designed to reward those boys who play for the school in individual and team tournaments. This is one of the best ways of improving and rapid progress can sometimes be seen. Every point gained at a tournament counts for 10 grand prix points and the end of year the top twenty players are invited to the Jamboree and Prize giving. This year J. Clifford held off a group of strong players to win the title of Player of the Year. The top ten players are as follows; 1st J.Clifford 470 points, 2nd J.Cook 380, 3rd S.Han 350, 4th = G.Starmer-Smith and O.Richards 275, 6th E.Barnes 260, 7th T.Barnes 250, 8th D.Galbraith 240, 9th J.Lake Coghlan 225, 10th G.Hughes 215 At the Jamboree the winning team was H.Hickey, B.Hickey, D.Galbraith, T.Osmond and J.Kalika.

Sports Talk

1st XI Cricket 2018—Tour of Kent

The 1st XI Cricket team visited a couple of new schools over the weekend leave in June, on a mini-tour of Kent. Staying just outside Tonbridge, we travelled down to Dulwich Prep School on the Thursday for an eight-team tournament. The boundaries were short, and so plenty of runs were scored throughout the day, even if the matches were 10 overs per innings. In the morning we had comfortable victories over Sutton Valence and Dulwich, but relaxed a little after lunch and allowed Wellesley House to sneak a win, before defeating Sevenoaks to finish in 3rd place. On Friday we made the short journey to Yardley Court – a wonderful Prep School with terrific facilities – and in a 30-over match we chased down their total for the loss of 6 wickets. A successful trip to round off a busy season – Mr Arnold, Miss Whitelock and I really enjoyed the company of these boys in such a beautiful part of the country.

Sports Talk

1st XI Cricket 2018—Fathers Match

The 1st XI Cricket team took on a Fathers XI on the last Saturday of term, in a bid to finish the season off on a high note. On another blisteringly hot day, there were some outstanding performances from both sides: aggressive batting (from both teams), quick running between the wickets (from the boys mostly), tight bowling, and superb fielding (from Mr Hewitt mostly). As is often the case in these games, it all came down to the final over, and the boys held their nerve to record a well-deserved victory to cap a highly enjoyable season. CPR

Tickets to Wimbledon

With 10 tickets in their hands Mr Streatfeild and Mrs McSweeney took 8 boys to Wimbledon after Prize-Giving. They were so lucky to watch 3 matches—S-W Hsieh who beat S Halep, E Gulbis then beat A Zverev and the beginnings of K Nishikori who defeated N Kyrgios. On the back to school they called in to McDonalds to finish off the most amazing day!

National Athletics

Seven Aldro boys travelled to Birmingham on Tuesday 3rd July for the National Athletics Championships 2018. We competed in a variety of events, having qualified from the West Surrey Athletics meet a few weeks ago.

All boys put in exceptional performances on the day, particularly with a long journey, warm weather and many hours of waiting for their event on the day. Well done boys. JA

The overall results were as follows:

- S Huet - 4th overall in U14 200m
- P Hughes - 5th overall in U14 300m
- L Hepworth - 5th overall in U14 Triple Jump
- K MacKay - 5th overall in U14 High Jump
- J Cassar - 7th overall in U13 shot put
- P Suwannakit - 6th in U13 200m heats
- F Bennet - 5th in U12 100m heats

Aldro Golf Championship

We had beautiful weather for this years Aldro Golf Competition and the boys played very well indeed.
Jamie Hume was crowned the 2018 Aldro Golf Champion.

Musical Notes

Summer Concert

This year's music department events ended with a thoroughly enjoyable evening of music. Congratulations to all the boys who took part in this year's summer concert. We had such varying styles from classical to jazz and rock with ensembles playing and a number of Form 8 leavers. It was a fitting opportunity for us to hear and say goodbye to many of our music award winners who demonstrated an exceptionally high standard of music making.

Many thanks to the music staff and parents alike for their huge support over the last year encouraging and helping the boys to discover and fulfil their musical potential.

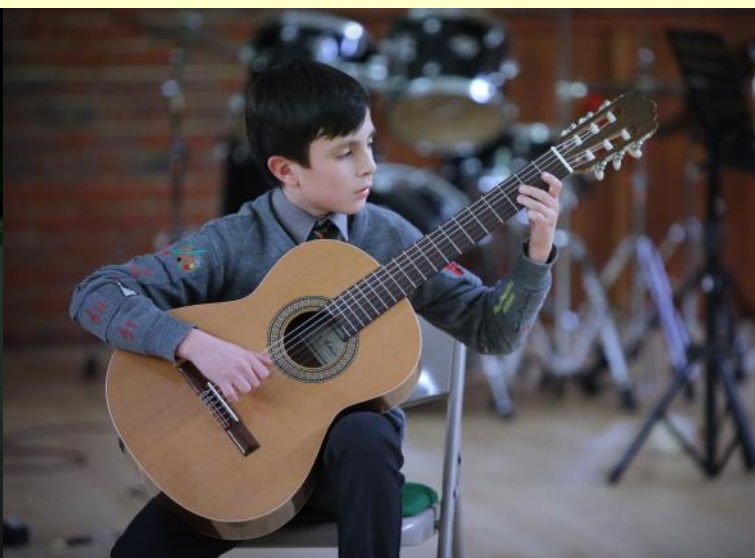

Musical Notes

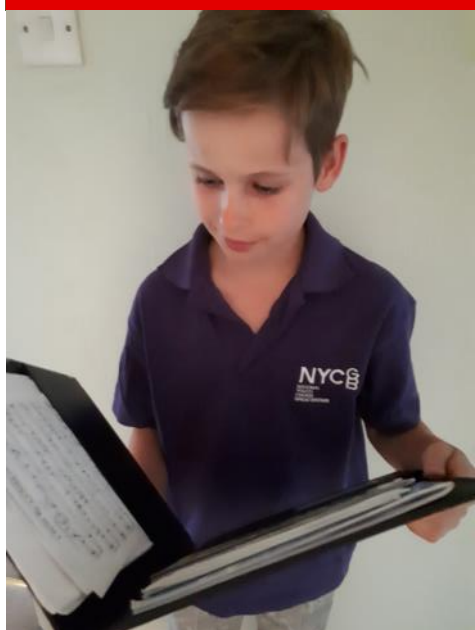

Aldro Boy wins a place in National Youth Guitar Ensemble

Congratulations to Benji B who on the day after we broke up for the summer holidays attended the auditions for NYGE (National Youth Guitar Ensemble) and was absolutely delighted to be offered a place. His Aldro guitar teacher Helen Sanderson said this is a fabulous achievement and will bring on Benji's playing wonderfully and also give him the opportunity to mix with other high-level guitarists.

Aldro Boy chosen for National Youth Choir

I was selected for The National Youth Choir of Great Britain (NYCGB) this year and had my first experience at Easter by going on a residential week in Oxford. I am singing with the specialist boys ensemble for young boys whose voices are changing. When I arrived at my residential, the first thing I had to do was go for a 'range check' so that they could listen to how my voice sounded and assign me to a singing section for the week. With no time to even unpack we then started on warm up and musicianship training. Every day we worked for 8 hours, starting with an hours warm up and musicianship, followed by section practice before joining together as a whole choir to rehearse harmonies. It was hard work, we were given our folder of music and just had to get on with the job of learning pieces, words and parts. It was fun too, sharing a dorm with other boys my age and making new friends. At the end of our week, we performed in an amazing venue with all our parents and families there, before going home to catch up on some sleep! I'm looking forward to representing GB at a number of venues and events next year including The Royal Albert Hall. I was nominated for NYCGB by my Choral Director

at Farnham Youth Choir (FYC) who is a musicianship tutor at NYCGB. Consequently, Farnham Youth Choir have now put me into their Senior Choir who are competing internationally over the next two years. Next year I will travel to Gothenburg for the European Choir Games and then (voice permitting?) to Flanders in 2020 for the World Choir Games.

J.Cook (Form 6)

Junior Department

Pirates!

Pirates! was a show that none of us had ever heard of before we came across it. After a read through and listen to the songs, it quickly became clear that this was the perfect Junior show for this year. With catchy songs, and everyone being involved on stage all the time, it allowed all the boys the opportunity to create their own character and develop their performance skills. There was a lot of laughter in the early rehearsals as the boys came up with character names, profiles and unique 'walks'! Once on stage, the boys really rose to the occasion and worked hard to convey what life on board a pirate ship might be like. The performances themselves were fantastic, with each and every boy giving their all to create something very special. Their singing has come on hugely since September and I could not have been prouder of them all. As my last Aldro production, their encore will long ring in both the CHC and for me: *'Though we might be many miles apart, they'll be a place for you within my heart... It's wonderful, wonderful, it's wonderful to have some friends'*.

Junior Department

Pirates!

Junior Department

Grandparents' Afternoon

Grandparents' Afternoon is always a highlight in the Junior calendar, and this year was no exception. With a slightly different format to previous years, the Grandparents and guests were welcomed straight to the CHC with a performance of the Junior production of *Pirates!* When the applause had died down, the boys had a quick change before joining their guests for a delicious afternoon tea. The catering staff outdid themselves and the atmosphere was wonderful; boys happily chatting to their grandparents about their school and catching up with family, some who had travelled a very long way to be with us. When no more sandwiches or cakes could be eaten, the boys then took their guests on a tour of the school and were able to show off their work and projects – they spoke with pride of all they had done and many comments were overheard from grandparents about the boys' impressive handwriting. The afternoon was not complete without a visit to Monsieur and a game of petanqué, and this proved a real hit with both boys and guests... although I finally understand where some of the boys get their competitiveness from!

Junior Department

Activity Week

The final week of term, saw the whole school embark on Activity Week. For the Junior boys, this meant a trip to Hove Lagoon to take part in paddle boarding, sailing, kayaking and raft building, a variety of activities in school, a music concert and a trip to Marwell Zoo! The boys had a brilliant time and numerous people, both from Aldro and members of the general public commented on their excellent behaviour and manners on more than one occasion. What a fantastic end to a busy year!

Mr Rainer and Mr Jordan helping Robbie into his wetsuit!

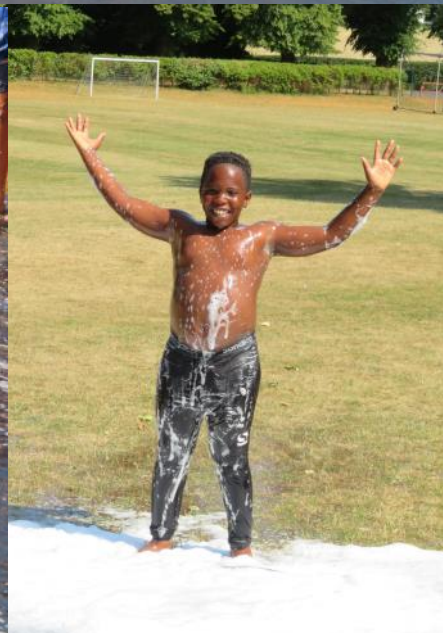

Junior Department

Junior Concert and Farewells

As part of Activity Week, the Junior boys put on their annual Concert, with every boy who learns an instrument performing. It was a fantastic afternoon, with a wide variety of instruments on show, from those only having had a few lessons, to more accomplished performers who have been learning a few years. The musical future of Aldro looks very promising indeed. We ended the main part of the concert with an encore of a few songs from the recent production of *Pirates* as well as an impromptu rendition of *La Marseilles* to showcase the Junior Department as a whole.

We then moved onto a farewell to Mrs Rush. Following a video montage of *'Mrs Rush—this is your life!'* the Junior boys all took to the stage once again to sing a specially prepared song.

Having thought the concert was over, I was quickly told to take my seat and was shown my own leaving video and montage from boys across the whole school, before being presented with flowers from every Junior boy and the most incredible picture of every show I have directed in my time here. It has been a privilege to lead the Aldro Junior Department over the last six years and I wish the school every success for the future.

Song for Mrs Rush!

To the tune of 'Waterloo'

Bye bye!
To Mrs Rush who leaves at the end of this term.
Bye bye!
We know we all will miss you so much, things won't be the same
3R won't exist anymore
We've so much to thank you for

Mrs Rush, you've been in charge of your class Year 3
Mrs Rush, 10 years here now you're finally free
Mrs Rush, a long time ago you coached some sport
Mrs Rush, it made Mr Drayton laugh and snort!
Yeah yeah yeah yeah
Mrs Rush, we are so grateful for your support

Bye bye!
To Mrs Rush who leaves at the end of this term.
Bye bye!
We know we all will miss you so much, things won't be the same
3R won't exist anymore
We've so much to thank you for

Mrs Rush, something we've loved was cookery
Mrs Rush, we think you should open a bakery
Mrs Rush, at times your class might have felt like a zoo
But Mrs Rush, English and Maths were the best with you
Yeah yeah yeah yeah
Mrs Rush, English and Maths were the best with you

So what will happen now
We think you should take a bow!

Mrs Rush, you always dressed smartly and colourful
Mrs Rush, the smile on your face is so cheerful
Mrs Rush, your art is amazing, your kindness too
Mrs Rush, we're just going to miss you, it's really true
Yeah yeah yeah yeah
Mrs Rush, we're just going to miss you, it's really true
Yeah yeah yeah yeah
Mrs Rush, we're just going to miss you, it's really true
Yeah yeah yeah yeah
Mrs Rush, we're just going to miss you, it's really true!

Friends of Aldro

Dates for you diary

FoAA Annual Drinks Party Friday 14th September 8.00pm-9.30pm in the CHC

All Aldro staff and parents are invited to join the FOAA Committee for drinks at the beginning of next term. It's a great way to catch up after the summer break – it's not just for newcomers.

Macmillan Coffee Morning Friday 28th September

We always support this great charity coffee morning with fabulous baking for both the boys and parents – please join us in both baking the cakes and eating them at the coffee morning in the Dining Room.

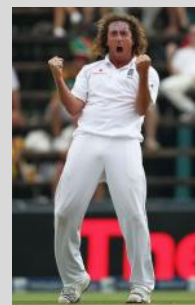

Dog Walk – Tuesday, 2nd October 8.45am

Meet at 8.45am in the Dining Room car park for our lovely walk around Shackleford (about an hour) finishing with coffee at school.

Aldro Sportsman's Dinner Friday 5th October 2018—7.30pm

Guest Speaker, Ryan Sidebottom
Former England international cricketer and now
Bowling consultant for Surrey CC
Tickets on sale at the beginning of term.

Fireworks – Friday 2nd November

The Aldro Firework Display is a great family event, with siblings and friends welcome. Booking forms will be circulated next term.

Aldro Winter Fair Friday 23rd November

The Winter Fair team are doing a fantastic job of ensuring that our Fair will be even more successful than ever. It's never too soon to start collecting for the Jolly Jars or even the Secret Santa!
