

# AMERICAN LEADERSHIP --- ACADEMY

For Immediate Release: March 8, 2020

Dear ALA families,

Please see the following [press release from the State Health Department regarding COVID-19](#). We have been working diligently and responsibly with state and county public health officials to ensure the information we send you is accurate, timely, and helpful.

Unfortunately, some local media outlets, as well as social media posts have spread misinformation about this situation.

Tomorrow morning, we will send further information to all families, including a list of FAQs, once we receive additional direction from state and county health officials.

Our highest priority is the safety and well-being of our students.
