How to Use

NAVIANCE

FOR RESEARCHING
COLLEGES AND
UNIVERSITIES

How to Log In:
- Type in your Stevenson e-mail address, which is the first six letters of your last name and last number of your graduation year. For example, Steve Patriot (Class of 2020) would type: spatrio4@students.d125.org
- Your Naviance password is System Password.
- You are encouraged to change this password after your initial log-on to Naviance.
- You are also encouraged to use the e-mail address that you plan to use on your college applications.

COLLEGE REP VISIT NOTES – STEVENSON HIGH SCHOOL

DATE OF VISIT: 9/3/19

DATE OF CAMPUS VISIT: 7/17

ADMISSION INFORMATION:

Undergrad Enrollment: 33,700

Requirements for Admission: Apply by 11/1 for best consideration; look at challenging coursework and top grades and test score; Early Action Notification: Mid-Dec OR Regular notification: March; does not accept October ACT to complete application for Early Action; 2 majors are strongly encouraged (including Undeclared) on application

Application Process: School specific app or coalition application. Self-report grades on application; essay(s) used for admission, honors program and scholarships; DO NOT SEND RECs - will be shredded if sent! Apply directly to college and major; each college has own set of admission requirements; must stay in admitted major for one academic year (apply to internally transfer at end of frosh year); 25% of frosh start as Undeclared (Division of General Studies); several majors in Engineering and some performance majors not allowed as "second choice" majors due to space constraints, recalculated GPA off of sophomore and junior year.

 Statistics:

 Number of Apps: 39,000

College Compare

🔍 Search for colleges

College compare averages are for students from your high school that have been accepted to that particular college from **2015-2018**. Averages have a green checkmark when your number is higher and red "x" when your number is lower. Your PSAT score, if available, has been converted to the equivalent SAT score and compared to the average single SAT score of an accepted student. The column labeled "Acceptance" shows the number of students accepted out of the number of students that applied.

College	GPA	Sggle SAT 1600	Single SAT 2400	Combined SAT 1600	Combined SAT 2400	PSAT to SAT 1600	ACT	IB	Acceptance
You	3.77	0	0	0	0	940	0	0	-

Take a few minutes!

*Now it is your turn! Add a few colleges you are currently considering into your list!

*We will give you a couple of minutes to do this as a family.

Careers Tab

Find Clusters and Pathways

Career clusters are a way of grouping careers with common features and skills. Careers grouped into the same cluster typically require similar education and training. Exploring clusters can be a useful way to find a good career match, especially if you have general areas of interest but are not sure what specific careers match those interests. Career clusters can also help you better understand how your coursework in school can prepare you for certain types of careers

CLUSTER

💼 Business Management and Administration

♡ Favorite

🔍 Type a career

Overview

There are many challenging educational and training opportunities within the high-skilled world of Business Management and Administration. Learners need a solid background in math, science and technical skills. Education and training can be obtained in high schools, technical colleges/institutes, and universities. Along the way, career guidance professionals assist learners in assessing their educational goals, interests, abilities and skills to facilitate a good match to the cluster's many pathway options. Learners participate in relevant educational opportunities framed in the context of the cluster. They gain knowledge and skills through coordinated workplace learning experiences such as site visits, job shadowing and internships. If they choose, they may achieve valuable skill certifications that lead to employment. Colleges and universities offer advanced degrees and industry certifications that prepare learners for professional and technical careers. The Business Management and Administration Cluster prepares learners for careers in planning, organizing, directing and evaluating business functions essential to efficient and productive business operations. Career opportunities are available in every sector of the economy and require specific skills in organization, time management, customer service and communication.

This Cluster Contains the Following Pathways

General Management   Business Information Management

Human Resources Management   Operations Management   Administrative Support

Employment Outlook

Nearly half of all jobs are in managerial and professional occupations, and nearly one-fourth of all workers are self-employed. The business management and administration services industry is one of the highest paying industries. Most job openings in the business management and administration cluster are projected to be in occupations assigned to the administrative support pathwayÑincluding customer service representatives, the occupation expected to have the largest number of job openings in the cluster.

Career Key

Completed on Feb 28, 2019

🖨 Print

These are your most dominant personality types.

Conventional 15

Likes to work with numbers, records, or machines in a set, orderly way. Generally avoids ambiguous, unstructured activities.

View Careers

Social 14

Likes to do things to help people -- like, teaching, nursing, or giving first aid, providing information. Generally avoids using machines, tools, or animals to achieve a goal.

View Careers

Realistic 8

Likes to work with animals, tools, or machines. Generally avoids social activities like teaching, healing, and informing others.

View Careers

The Career Key measures how similar you are to six basic types of people. The higher you score, the more you are like that type. For example, if your highest score is on the "Artistic" scale, that means you are most like the Artistic personality type.

Read through these steps:

- Identify the personality type for which you received the highest score.
- View careers for that type.
- Click each of these occupations that interest you, including the ones that you would like to know more about. You may also add them to your favorites so you can easily find them later in the Careers section.
- Then, do the same thing for the "type" that you got the second highest score. You may also want to do this for your third highest score.

Career Exploration Program

Mrs. Diane Willock

Who am I?

What do I do?

How can your student (and you) take

advantage of the Career Program while here at Stevenson?

Why is Career Exploration important?

Why is career exploration important?

Students who choose majors that are a good fit based on their interests have higher GPAs at college, are less likely to change their majors, and are more likely to persist in college and complete their degrees in a timely manner.

Studies show that individuals who develop career navigation knowledge and skills are more likely to:

• Have expanded education and career opportunities

• Make education and career decisions that better fit them

• Increase their motivation to learn and achieve

• Experience more positive outcomes in both school and work settings

The goal of early career exploration is to encourage students to attach *value* to their interests and create a sense of *purpose* for their post-secondary experience! (college or otherwise)

Having an *"initial" road map*, (a career road map) creates confidence and a sense of direction.

The "navigation" may change slightly...

But having *some direction* is better than no direction at all!

The Career Program is designed to educate and guide the students on career directions and choices

- Professional Career Presentations
- Career and Job shadowing
- Summer Job Fair-March 13th all lunch periods
- Career Expo (every other year-November 5th 2020)
- Outside Career Events
- SPARK co-coodinator: summer research internships
- Career Exploration Summer School Courses. Careers in Healthcare and Medicine, Careers in Business and Technology, Careers in STEM, Careers in Law
- General Career Planning and Guidance. By appointment with student.

Career Exploration Program Interest Form 2019/2020

Please print clearly and have a parent sign at the bottom. Turn in completed form to the CCC or send electronically to Mrs. Diane Willock, Career Program Manager, at dwillock@d125.org

Date: _____

Name _____ Student ID_____

Student email _____Counselor_____

How did you hear about the program? _____

I am interested in (you may check more than 1)

__*Setting up a Career Shadow, Career e-mail mentorship, Career Interview and/or other career opportunities (*see box below)

__Career Development Action Plan
Participate in a career assessment(s), discuss interests and career options and develop a year by year plan to keep on track for career exploration. Will include discussion on possible career shadows and opportunities. Most applicable to students who have not yet started, or are at the beginning of, the career exploration process.

__Help on resume development, interview skills or personal branding (*how you present or portray yourself to others*)

__Learning about summer opportunities

*Career Shadows will be scheduled on Institute Days, Breaks (Winter/Spring), June, and periodically on school days throughout each semester (1-2x) based on the shadow host's (Business or Organization) availability. **YOU WILL BE LIMITED TO PARTICIPATING IN 1 SHADOW PER SEMESTER.**

Career E-mail mentorships, career interviews or other career opportunities may be available when career shadows are either not available in your area of interest or not conducive to an on-site experience.

*Due to HIPAA LAWS AND HIGH DEMAND, shadows in medicine fields are EXTREMELY difficult AND limited. These shadows ARE NOT GUARANTEED; we will discuss *all* options at initial meeting AND you may be LIMITED TO 1 SHADOW depending on discipline.

Please list at least 2 areas of interest as you are not guaranteed a shadow in your first area of interest. You may list specific careers or general areas (engineering, business, etc)

1.

2.

3.

List any conflicts
Please list any dates/times that would conflict with scheduling a shadow (sports practice days, work days, religious holidays, etc.) and if you are available during breaks: Winter, Spring, Summer (June)

★ www.d125.org/academic/career-exploration
★ Naviance
★ SHS Programs
★ College websites
★ www.collegeboard.org
★ www.finaid.org

How To Do Your Research

Consider Summer Enrichment Programs or exploring on your own

How To Do Your Research

Consider attending College Fairs

March 12th at CLC (Grayslake Campus) from 6pm – 8pm

http://www.clcillinois.edu/events/collegefair

https://www.nacacfairs.org/attend/national-college-fairs/suburban-chicago-national-college-fair/

How To Do Your Research

Consider visiting campuses

Mr. Miller & Ms. English visiting University of New Hampshire!

How To Do Research

Students Visit with College Reps (fall semester) in the

College Career Center Room 1123

College Admission Timeline

Junior Year--First Semester

✦ Develop working list of 10-20 colleges that appeal to you

✦ Come use College Career Center resources and materials

✦ Visit with college reps who come to SHS

✦ Attend Junior College Night program in the fall

✦ Attend National College Fair and Illinois Regional College Fair at CLC

✦ Develop strong grade trends

✦ Develop a good working relationship with your counselor

College Admission Timeline

Junior Year-Second Semester

- Register for a strong senior class schedule
- Take the ACT and/or SAT during your 2nd semester.
- Visit colleges as often as you can!
- Attend Illinois Regional College Fair in March at CLC
- Schedule a post secondary SCoPE with post secondary counselor [late January through June]
- Whittle college list down to 10 schools that are a good fit for YOU!
- Applications open during the late summer/fall of senior year.

Testing at Stevenson

- Sophomore
  - PSAT
- Junior
  - PSAT/NMSQT
  - SAT

Co-curricular Program

Focus on one or two that interest you

✦ Personally rewarding

✦ Change of pace from your studies

✦ Exposure to a career area

✦ Do something out of your comfort zone

Not the number of activities,

but the nature of commitment

Student Communication

With their teachers

With colleges

With their counselor

With themselves

With **you** – their parents
