

Minutes from Community Council Meeting

2.20.2020

Attending: Jodi Strong, Terra Lechtenberg, Lindsay Geilman, Lisa Harrison, Michelle Porter, Shelli Arthur, Jerilee Jones, Millie Bahr, Mike Page, Dan Frei, Bekah Johnson

Meeting was held in the conference room at 5:30pm

Welcome: Terra

Discussed:

- White Ribbon Week (internet safety)
 - Week before Spring Break
 - Put student council in charge
 - Purchase digital copy of booklet \$75
 - Possibly buy stickers/bookmarks for kids?

- SIP Goals for 2020-2021
 - SEL: We brainstormed some ideas—Could we do a goal where we possibly have a week focusing on socio-emotional health? Possibly teach a certain amount of lessons/presentations to kids? A calm-down corner for kids? Something visual to remind them—i.e. a kindness chain?
 - We will have a full-time counselor next year at Oak Hills
 - We agreed that we would like Sharon, the school counselor to come up with an idea and present it to teachers.
 - Our expectation is helping to give kids tools to self-manage themselves.
 - We need to involve parents so they can reinforce.

 - Reading goal: Difficult to do it per person (higher leveled reading kids don't progress as much as the others)
 - Breaking into groups and early intervention seems to be very positive.
 - Dibels scores—TA's seem to be really helping

 - Math: 62-64% proficient last few years.
Discussed importance of multiplication fluency

*Had to leave the meeting a little early and did not get the rest of the notes taken on what was discussed.

Next meeting will be in April.
