

Lemont High School Educational Foundation

Providing revenue and support to Lemont High School in order to enhance educational opportunities and enrich the overall experience for its students, the Lemont High School Educational Foundation fosters the district's ongoing and systemic efforts to attain the next level of success in all areas of a comprehensive high school education for all students.

Operating independently from the school, its mission is **to partner with the community to make lasting improvements to Lemont High School that will enhance the total educational experience for all of its students.**

The Foundation's goals include:

- Promoting a partnership between Lemont High School, the Lemont community, and the greater southwestern suburban area
- Cultivating additional sources of revenue to encourage innovative educational programming and opportunities
- Enriching all students' high school experience by providing a focus on the future

The LHSEF Board of Directors awards Educational Foundation Grants to Lemont High School's faculty and staff in order to support programs and opportunities that aid students' growth, both academically and as citizens of the Lemont community.

Date Installed _____

The Lemont High School Educational Foundation is creating a beautiful natural grove and path leading to a brick walkway outside the school's Performing Arts Center and athletic building entrance.

Alumni, parents, students, faculty and local businesses can pave the way for Lemont High School students to receive enhanced educational opportunities by taking part in this unique opportunity. By purchasing a tree, shrub, bench or personalized brick, you can pay tribute to a graduate, teacher, coach, sponsor or the school.

With each contribution, you can help build a path to the future for Lemont High School students.
