SUBMITTED	NAME	EMAIL	ELEMENTARY	MIDDLE	HIGH	OPTIONS	COMMENTS
03/07/2020 1:39 PM	A Richell Chiu-Yap	richell@blessingland.com	Springville K-8	Stoller MS	Westview		Dear Committee Members,I am a mother of two 4-year olds twin girls. Though it is still a long ways until they will attend middle school, I still feel concerned about them being sent on a long commute to a school that is not within our neighborhood and community. We often go with my mom friends from Sato and Pirate Park area to PCC Park, Pirate Park, Polygon Park as well as Hansen Ridge Park near Stoller. We shop, attend preschool and go to our library at Bethany Village. North Bethany is our community. Please do not ISOLATE us and SEGREGATE us from our community and ONLY Middle School Option-- STOLLER. The long commute & distance to Five Oaks would be detrimental for our kids development, well-being and family life. Thank you to the committee members who voted for the Feb 25 Working map that splits less elementary schools and keeps communities together. For those who are on the fence, please consider recommending this map as it hits the 2021 objectives. Stoller will still sustainable for 2025 (without Summa) , given the overprojections in the Springville area.Best regards,Richell Chiu-Yap
03/07/2020 1:44 PM	A Richell Chiu-Yap	richell@blessingland.com	Springville K-8	Stoller MS	Westview		Dear Committee Members,I attended the last two boundary meetings and I am glad that Summa is no longer being prioritized over regular students. Many claim that Summa is growing exponentially, hence keeping it is Stoller is not a sustainable and futuristic solution. It needs to go to a school that has SPACE. With the limited Middle schools in the northern part of the district, due to the wrong location of the new Timberland school, it makes sense to move this OPTIONAL and by INVITATION program to the new middle school or to another school that has space for it, just like how it is with other OPTIONS programs. Thank you to the committee members who realize this and voted for the Feb 25 working map to keep regular Springville students in Stoller. Best regards,Richell Chiu-Yap
03/07/2020 2:02 PM	A Richell Chiu-Yap	RCHEWEY88@YAHOO.COM	Springville K-8	Stoller MS	Westview		Dear Committee Members, Please don't be offended by Springville's presence and red shirts at the meeting. The red shirts say "We are here. Please do not forget the Springville kids and our concerns." It is not bullying or trying to be the loudest voice. We are trying our best to be respectful and follow the rules. I attend the meetings because I just want to have my concerns heard and addressed in this process where we have no committee representation. Please double check the data and projections as there are some questionable projections and over-inflated growth numbers. Please don't be swayed by members who only seem to think of their own agendas at the expense of a whole community. Thank you for your time and hard work in trying to come up with a map that is FAIRER for all. Best regards,Richell Chiu-Yap
03/07/2020 10:20 PM	Aarnav	Aarnav85@gmail.com	Springville K-8	Stoller MS			MS boundary objective is 90% Permanent capacity in 2021 at Stoller. Do not punish Springville or any school kids based on non-objective , unrealistic and aggressive future projections.As you know BSD has past reputation of over projecting enrollments.
03/07/2020 10:24 PM	Aarnav	Aarnav85@gmail.com	Springville K-8	Stoller MS			Please do not punish regular middle schoolers over OPTIONAL SUMMA program at Stoller. Do not isolate Springville from North Bethany community.
03/07/2020 10:38 PM	Aarnav	Aarnav85@gmail.com	Springville K-8	Stoller MS			Springville brings the most economic diversity to Stoller. Free reduced lunch numbers will drop significantly at Stoller without part or Full Springville.I request WE empower the kids who really deserve better. Do not punish them by sending to a school that has double commute than current situation.
03/07/2020 10:50 PM	Aarnav	Aarnav85@gmail.com	Springville K-8	Stoller MS			Dear, Feb 25th map with out Summa at Stoller leaves 200+ JW Non-Summa kids. This feeder pattern and numbers are similar or better than other schools. There is no comparison of this to East Oak-hills SINGLE-DIGIT MS-HS Feeder pattern.Please do not buy the exaggerated and false testimonies given by JW.Please vote for Feb25th map as it is the BEST MAP that meets all the 4 MS Objectives.
03/07/2020 1:11 PM	Aishwarya Sreenivasan	aishsreeni@gmail.com	Jacob Wismer Elem	Stoller MS	Sunset		388 total Jacob Wismer students attending Stoller. We have 97 Summa jw kids and 42 options like isb, Rachel Carson kids. If Summa is removed we will be left with 245 kids in which 65 kids feed into Westview. Only 180 Sunset bound JW kids will be left at Stoller if our Summa goes. This is about 16 percent of Stoller Population and about 9 percent of Sunset Population. Our Non Summa Sunset bound kids who are left behind will be all alone at Sunset. If our Summa kids stay back we will have a better feeder pattern. This is the only reason we are requesting BSD to have Summa at Stoller. To help JW sunset bound kids with a better feeder pattern. All our kids 100 percent walk to Stoller. By moving Summa from Stoller 97 kids who can walk or bike will be bused and virtually JW having single digit feeder pattern when the kids go to Sunset. These Jacob Wismer to Stoller to Sunset kids will face academic isolation. Summa should be at Stoller
03/07/2020 2:27 PM	Aishwarya Sreenivasan	aishsreeni@gmail.com	Jacob Wismer Elem	Stoller MS	Sunset		Jacob Wismer elementary neighborhoods surround Stoller. 100 percent of Jacob Wismer kids walk to Stoller. If Summa is moved elsewhere 97 JW kids who walk to Stoller will be bused. Relocation of Summa to Timberland would undermine the safety, walkability and academic development of our Jacob Wismer children, and doesn't support Policy JC. The Summa heat Map shows a large concentration of Summa kids around Stoller. Summa should be at Stoller

3.7.20 MIDDLE SCHOOL BOUNDARY PUBLIC COMMENTS

03/07/2020 8:24 PM	Aishwarya Sreenivasan	aishsreeni@gmail.com	Jacob Wismer Elem	Stoller MS	Sunset	Summa is NOT an option, it is a program." Unlike option schools, Summa students also take non summa classes and are engrained in the overall school community offering benefits not only for summa kids but for all students. Removing Summa from Stoller also splits more than 3rd of JW students will have to be bussed. This PROGRAM was designed to exist in neighborhood schools. Why are we discounting clear facts as stated by BSD employees who are at the forefront of the program? The fact remains that the majority of Summa students are concentrated in the North, walkable to Stoller.Please consider that when MANY families may opt out of Summa if it is no longer offered at their neighborhood school, the utilization numbers will NOT work and Stoller will continue to be overcrowded. Many Jacob Wismer parents will opt out of SUMMA if it is moved.
03/07/2020 7:35 PM	Anil K Sreeramsetty	anilkumar246@yahoo.com	Oak Hills Elem	Meadow Park MS	Sunset	Dear Committee,Thank you SO MUCH for voting to support Oak Hills (East) joining Timberland along with others!!! Moving East Oak Hills-Sunset bound students to Timberland will not only end isolation at Sunset but also certainly reduce the depression among the east oak hills kids. As parents our kid[?]s emotional health matters and once again thank you for voting to move Oak Hills (East) to Timberland middle school. We will be so relieved if, when the dust settles. Thank you!Anil SreeramsettyP.S. PLEASE KINDLY ASSIGN OAK HILLS (EAST) TO TIMBERLAND ALONG WITH TERRA LINDA AND END ISOLATION.
03/07/2020 6:24 PM	Ann G	ann.g2613@gmail.com	Springville K-8	Stoller MS	Westview	Keeping Springville students in Stoller means that the school will have a diversified social-economic structure in its student population. The most important reason in doing the above means that the communities will remain intact and neighborhoods will stay as they are today.I could go on and on but that would be redundant. Springville has been muted in that we have no representation in the committee. Please don't allow this non-representation railroad us into submission to the wishes of those who do not have the welfare of our children at heart. Our children also deserve their place in Stoller.
03/07/2020 6:31 PM	Ann G	ann.g2613@gmail.com	Springville K-8	Stoller MS	Westview	Please explain the projections for 2021-2025. The projections for the said years are NOT accurate.
03/07/2020 5:01 PM	arun	arun_koroth@yahoo.com	Springville K-8	Stoller MS	Westview	Do not split elementary schools[?]. Springville, Sato, Findley, Rock Creek and Oak Hills have all been shown split in various maps proposed by the committee or BSD. Studies have consistently shown that minimizing transitions results in better academic performance and emotional health for children. We are strongly supportive of the current Feb 25th working map which does not introduce any additional ES splits. Do not divide communities[?]. Springville cannot be separated from its eastern neighbors, Sato, whom they are closely intertwined with. Rock Creek is naturally tied to Springville and Bethany; it should not be removed from both. If any portion of Rock Creek is removed from Springville, it should be placed with Bethany. West Oak Hills is part of the Bethany Elementary community and should remain so. East Oak hills is part of the Terra Linda community and should remain so. We should also not use uncertain 2025 projections to divide existing communities especially when populations decline after 2025. Summa should not split communities[?]. [?]The Summa program should go where the highest concentration of feeding school kids go, in order to minimize splits. We across these four schools agree that the entire North Summa program should go to Timberland with Findley who constitute ~40% of Summa students in Stoller.
03/07/2020 6:46 PM	arun	arun_koroth@yahoo.com	Springville K-8	Stoller MS	Westview	SUPPORT MAP A. FOCUS ON 90% FOR 2021 why is the committe going back and forward between maps. There were 7 votes in favour of MAP A. Shoudln'tcommitte be focusing on it with certain revisons like moving some part of Jacob Wismer or SATO to Timberland.When you move the entire SUMMA to Timberland, then load on Stoller will reduce.Why is map A considered not favourable for 2025. There were some members saying they want 90% capacity for 2025 in Stoller. WAS 90% STOLLER CAPACITY EVER POSSIBLE/MENTIONED IN ANY OF THE PREVIOUS MAPS C AND B FOR 2025. There are other schools with more than 90% capacity in 2025. So why only Stoller is being brought into picture.FINALLY THERE WAS MORE THAN 7 VOTES FOR MAP A, YET WHY IS THE COMMITTEE TRYING TO THINK BACK INTO MOVING SPRINGVILLE TO FIVE OAKS FOR WHICH THERE WAS LESS THAN 5 VOTES. IF THE % OF VOTES IS A CRITERIA THEN THE MOVING SPRINGVILLE TO FIVE OAKS SHOULD NOT BE CONSIDERED AT ALLBASED ON VOTES.
03/07/2020 11:46 PM	arunk	arun_koroth@yahoo.com	Springville K-8	Stoller MS	Westview	Donot split other schools for Jacob Wismer to Sunset feeder.In Feb25th MAP A, Even without SUMMA, Stoller to sunset feed will mor ethan 200 kids...kids won't be isolated.That is well in line with the other feeder patterns and way better than Oakhills situation.The Jacob Wismer feeder pattern can be easily fixed my moving all of JW to sunset which has enough spaceand will also address Westview overcrowding.

3.7.20 MIDDLE SCHOOL BOUNDARY PUBLIC COMMENTS

03/07/2020 5:02 PM	arunk	arun_koroth@yahoo.com	Springville K-8	Stoller MS	Westview	MAP A IS THE BEST APPROACH.a) It avoids splitting of communities.b) It avoids Springville having to travel the maximum distance along the unsafest route to Five Oaks.c) BSD will also gain in transportation costs by keeping Springville at Stoller.d) It will further help to move the entire SUMMA from Stoller to Timberland.e) Rockcreek will need to travel to Meadow park but they will have Bethany Elem with them. Also SUMMA is also there in Meadow park.f) JW , SATO and Springville minus SUMMA meets the objective in 2025 and is totally sustainable in 2025.g) The 2025 projections doesn't seem accurate. There is no further development in Springville. The estimate FOR 2025 NEED FURTHER CLARIFICATION. IN LAST BUDGET REVIEW MEETING BSD INDICATED THAT NUMBER OF STUDENTS ACROSS BSD HAVE BEEN STABLE LAST YEAR AND TEND TO DROP IN FUTURE DUE TO SMALLER MEMBERS PER HOUSEHOLD IN NEW GEN. So it doesn't clarify how does the Stoller increase drastically in 2025. There is no new growth in Springville. Also there are houses with more than 3-4 rooms but with single kid. PLEASE DON'T GIVE PRIORITY TO SUMMA SOVER NEIGHBORHOOD STUDENTS - The Summa program should go where the highest concentration of feeding school kids go in order to minimize splits. The entire North Summa program should go to Timberland with Findley who constitute 40% of Summa students in Stoller. H) The Jacob Wismer to Sunset feeder at Stoller is about 18% or over 200 kids in the Feb 25th MAP A. Its not a single digit percentage as MISREPRESENTED by one of the Jacob Wismer testimonies. Its well in line with high school feeders across the district.
03/07/2020 11:50 PM	avarsha	a.varsha26@yahoo.com	Springville K-8	Stoller MS	Westview	Feb 25th MAP A does the following and is the OPTIMAL ONE 1) Reduces Stoller from over 1600 students in 2020 to less than 1000 in 2021 2) Even the increase in 2025 is only to around 1200 students after which it falls and gets below 1100 in a couple of years again even with aggressive projections. 3) MEETS OBJECTIVE 1 Fills Timberland efficiently with all of Findley and most parents don't want to split even most of the walkable areas 4) MEETS OBJECTIVE 2- 80% permanent capacity with all of Jacob Wismer, Sato and Springville minus SUMMA 5) Even the increase in 2025 is only using 1 or max 2 portables, this is even with the over projections. 6) Maintains free reduced lunch at Stoller at 10%. Any other config brings it down to less than 7% even further in an area where it is hard to fix because of the geographic distribution of poverty. This combination will not call for another boundary adjustment in 2025. It doesn't make Stoller overcrowded. 7) BSD will gain in transportation costs by moving Springville to Stoller instead of Five Oaks. Below analysis is by transportation in BSD site. Springville to Stoller \$30,487 Springville to Five Oaks \$56,071 ---- NOTE THIS AMOUNT BSD will be losing \$25,584 by moving Springville to Five Oaks instead of Stoller Findley to Stoller \$22,454 Findley to Timberland \$30,742 . Increase of \$8288 Even if you net out the difference (\$25584- \$8288) BSD will save more than \$17000 by moving Springville to Stoller.
03/07/2020 11:41 PM	avijay	vijayanarun@hotmail.com	Springville K-8	Stoller MS	Westview	Just for an optional SUMMA program, lot of time being wasted to talk about retaining it in Stoller and going over walkability issues back and forth. Stoller capacity required is 90% for 2021 which is already met by MAP A. For 2025 the projections are over estimated besides none of the maps A, B nor C drastically reduces Stoller capacity to less than 100% by 2025. Even without SUMMA, Stoller to sunset feed will more than 200 kids... kids won't be isolated and it is unlike Oak Hills situation. So move the entire SUMMA to Timberland
03/07/2020 11:17 PM	Ben Levy	zydecolevy@yahoo.com	Springville K-8	Stoller MS	Westview	Springville, Sato, and Jacob Wismer can fit into Stoller. Move Summa off to the side and let Teaching and Learning decide where its location should be. We need to have a scenario where Stoller gets to 90% in 2021, and this is the only way we have seen that it can be done.
03/07/2020 1:19 PM	Bradley Wright	rtin3@yahoo.com	Jacob Wismer Elem	Stoller MS	Sunset	Stoller 4 Neighborhood Kids.. Firstly, I am not a Summa parent. Please support a consistent and cohesive feeder pattern for JW children. The 2016 high school boundary adjustment changed the HS feeder for my neighborhood from Westview to Sunset and split ES feeder 70/30 Sunset to Westview. With Findley is proposed to go to TL for MS this further reduces the HS cohort down to 17%. Any consideration of removing Summa to another school would effectively reduce the JW kids going to Sunset to single digits. How is it that JW children are asked to shoulder the majority of the North Bethany growth burden? Perhaps it is because our community is civil, trusting of the BSD process, and not litigious. However, I do know that the the close-knit, walkable and healthy academic community that I joined would be eroded with recent proposals appears to be eroding. I request that all of our JW children, including Summa, feed into Stoller.. Stoller 4 Neighborhood Kids
03/07/2020 1:34 PM	Bradley Wright	rtin3@yahoo.com	Jacob Wismer Elem	Stoller MS	Sunset	Neighborhoods Before Capacity.. At the 2/25 public meeting entertained feeding a portion of JW to TL. Recent discussions call my neighborhood the [?] triangle of growth [?] as 8 homes filled in the last buildable lot in this neighborhood and new residents were reinvigorated with new families. As a resident of this area of JW I strongly oppose any such action to divide the JW community. Relocation of my neighborhood to TL would undermine the safety, walkability and academic development of my children, and doesn't support Policy JC. Our neighbors are the communities of Parc Bethany, Bethany Village, Bethany View, Oakridge and Arbor Heights. These are the community members that we meet with, play with and study with in ways that enrich my children's development. Cleaving a part of the JW neighborhood to support future capacity would be detrimental to my children and is not in line with the Policy JC guidance. I strongly urge the committee and the Board to continue to seek solutions that maintain a cohesive JE community at Stoller and through to high school at Sunset.. Neighborhoods Before Capacity

3.7.20 MIDDLE SCHOOL BOUNDARY PUBLIC COMMENTS

03/07/2020 11:33 PM	Bridget	brgolf@gmail.com		Stoller MS			At the last meeting, it felt like many neighborhoods were being volleyed across existing boundaries in hope of having Summa be at a particular middle school. Committee member Abhijit is lobbying for SUMMA to be at Timberland. However, with so many students in the program from both Findley and JW, it totally makes sense for Teaching and Learning to provide a split summa at Stoller and Timberland. A SUMMA at Stoller is much needed to cater to the needs of the growing communities like SPV and Sato that are proposed to feed into Stoller whose SUMMA numbers are likely going to rise. SPV and Sato children will all be together at Stoller while all of JW is already walkable, this will reduce considerable transportation costs. #KeepSUMMA@Stoller
03/07/2020 12:58 PM	Chris Jones	chrissynjones@gmail.com	Jacob Wismer Elem	Stoller MS	Sunset		I continue to hope the district comes out with a map that allows students who live in the community to remain at their community school. Those kids who are not bused to Stoller should remain at Stoller. This committee should stop focusing on SUMMA since it was stated that Teaching and Learning are the ones who will decide if this program is moved. The safe way then to work with the numbers is to plan that SUMMA remains since it not within the committee to change this. This committee should continue it's objectives and one of those is reduce overcrowding at Stoller. Those communities who are bused to Stoller should be the ones to bus to another middle school. Not the students who live next/near and can walk. It does not make sense to add more buses than necessary. Since those students have to get on a bus, then they get on a bus. Do not make students who do not have to get on a bus, get on a bus. Thank you for your time.
03/07/2020 11:49 PM	D. A.	sagittareansrock@gmail.com		Stoller MS			For a committee that has been really supportive of not splitting elem. schools, it was shocking to hear a committee member propose Oakridge Estates be split from Findley elementary and be moved into Jacob Wismer, while the Arbor Heights neighborhood be split from Jacob Wismer to become a part of Findley Elem. This is a proposal to split 2 elementary schools, it is not acceptable to Jacob Wismer. There are enough Findley comments as well that consider this unacceptable. Firstly, Arbor Heights is currently a walkable subdivision. BSD recently granted Jacob Wismer with the District walkability award, where one of the two routes that sees maximum kids walk to school, happens to start from Arbor Heights. Moving Arbor Heights into Findley-Who does this benefit? Secondly, Arbor Heights has a high number of SUMMA eligible kids. Is this why the swap was proposed? Why would Jacob Wismer (currently split unevenly between Sunset and Westview) swap its highest-summa-numbers-neighborhood comprising known friends FOR unknown friends from Oakridge Estates? Who will this benefit? JW requests the Committee to keep all of JW's students together at Stoller.
03/07/2020 11:39 PM	David Lee	ralliant_kei@hotmail.com	Springville K-8	Stoller MS	Westview	Springville K-8	Dear committee, thank you for hearing our feedback and come up with map Feb25 which is brilliant. One important thing it addresses is transportation. Assuming Summa will be moved to Timberland to get Stoller 2025 enrollment down to a favorable value. This means there be no change to Springvill, Sato and JW current transportation. The only change is Findley bus will East bound to Timberland instead. To connect Summa student to their school only a new bus route from Stoller to Timberland is needed that's it. Overall, the transportation pattern will stay the same as we have today so no disruptive traffic changes and unfair long routes. The only concern the committee had was busing Springville to Stoller and then switch to Timberland bound Summa bus. From a Springville parent perspective we are totally fine with that since Summa is option like ACMA and health science. Furthermore from BSD angle, this new bus route is more sensible than other proposal like driving Springville to FiveOak and then to Meadow Park Summa which is very awkward and long commute and disruptive to existing Aloha community.
03/07/2020 11:00 AM	Dina Jones	Dina.n.jones@comcast.net	Elmonica Elem	Five Oaks MS	Westview		Dear Committee, Five Oaks MS has the highest F/RL % in the district by far. Up to this point, the maps proposed have added schools north of the freeway to Five Oaks MS which improves the demographic at this school. The latest map leaves FO as is and is completely unacceptable. When you have an opportunity to change boundaries you can't ignore F/RL and our community. The only statement by the committee that addresses this basically states that yes, it's very high, but it's already high. The new proposed map circulating on the petition is much better for Five Oaks and I'm grateful that someone took the time to address our F/RL issue. It's shocking to me that the committee thought the Feb. 25th map was the best solution for Five Oaks.
03/07/2020 10:52 PM	Dong	dongidx@gmail.com	Jacob Wismer Elem	Stoller MS	Sunset		Read the facts, not listening to the stories please, BSD. For the best learning environment, I urge everybody to establish the healthiest ES-MS-HS feeder pattern and reserve walkability. The neighborhoods who are closest to Stoller should be welcomed to join stoller, not being sacrificed for accommodating any other communities.
03/07/2020 7:21 AM	Dssada	hundredrabh@gmail.com	Springville K-8				Hi, Thank you committee to put in so many hours for this process. I will like to highlight for that feeder pattern for JW is not unusual. Even without summa there will be over 240 JW kids in sunset and they will be go together, where they will be United with their ES school mates. Thanks!
03/07/2020 1:41 PM	Gauri Trivedi	Gauritri@gmail.com	Springville K-8	Stoller MS	Westview		Mr. Sparks & Committee Members, Every time there is a meeting, Discussion on the Summa Student Numbers at Stoller and their proximity takes up a lot of time. Looking at the increasing number of summa students at Stoller, it is best to move the program to some other school that has space. More than Springville & Sato, Summa aspirants in the Bethany area are growing at an exponential rate and it would be best to host the program at a less crowded school. keeping in mind the future numbers which are predicted to be half the students of some Bethany area schools, Stoller will not have the needed capacity. Thanks.

3.7.20 MIDDLE SCHOOL BOUNDARY PUBLIC COMMENTS

03/07/2020 2:49 PM	Haddy El-Mansy	elmansym@gmail.com	Cooper Mountain Elem				As the committee moves towards a final recommendation on middle school boundaries, I urge you to re-consider the idea of placing all of Cooper Mountain into Mountain View. I understand that these suggestions came from the pleas of two random people's testimony, however, this opinion does not reflect the majority of Cooper Mountain families whose children are slated to attend Highland. I am a long standing resident of Cooper Mountain. I grew up here and attended Cooper Mountain Elementary myself. In fact, my son's PE teacher was my PE teacher! All seven of my nieces and nephews attended Cooper Mountain and Highland. When the high school boundaries changed, we accepted this change because they built Mountainside to ease overcrowding and help with new growth in the south, much like what is happening with Timberland now. Therefore, I am not opposed to change. However, I am opposed to unwarranted change. The committee's goals are clear, even if they get muddled in the back and forth of meetings. We all have a copy of these goals. Changing Cooper Mountain to feed into Mountain View does not meet a single one of these goals. In fact, it disrupts two of these goals: it makes for a more disjointed middle to high school feeder pattern and it has the potential to create over crowdedness at Mountain View. Right now, there are no glaring issues with the current Cooper Mountain splits. If changes aren't warranted, then please don't make them.
03/07/2020 8:45 AM	Haitao zhao	zhaohaitao8800@hotmail.com	Findley Elem	Stoller MS	Sunset		EVERYONE KNOWS THAT spv and sato can not be in the same MS as both communities are growing fast. Therefore, pushing findley to TL is not a long term solution. ALSO, the cost of pushing FE to TL is way high. The whole world is trying to be greener but some proposals are putting walkable kis, like kids from bethany heights, on bus and hurting our green effort. BETHANY HEIGHTS is almost right next to the stroller and kids walk to MS play yard almost daily in the summer time. please keep the walkable kids in stroller!
03/07/2020 12:14 PM	Jagadevi Chikkalli	jagadevi.chikkalli@gmail.com					ONLY ONE REQUEST FROM JW:PLEASE DON'T SPLIT US, EITHER SUMMA OR NON-SUMMA.KEEP FULL JW TOGETHER.
03/07/2020 1:57 PM	Javier Turek	javierturek@gmail.com	Oak Hills Elem				Dear committee,We are close to our next meeting. Now it is time to start converging on the solution of some of the issues. The first one is your vote to move Oak Hills East to Timberland. The second is to keep Bethany and Oak Hills West together. The third one is to avoid a third minority issue by sending Stoller Summa to somewhere else will create another minority of a few students from Stoller to Sunset. It would be great if at least you allow Summa for the JW sunset bound kids to stay in Stoller. They also leave in walkable zones to Stoller so moving them will be more expensive.
03/07/2020 10:59 PM	Jay	jays24@gmail.com	Jacob Wismer Elem	Stoller MS	Sunset		I want the committee to understand the current STUDENT:TEACHER ratio at Stoller, I received an absent call from BSD notifying my daughter missed the school on Friday 03/06/2020. I dropped her at school and she is a 6th grade kid. The teachers using Black and White pictures to recognize kids, poor teacher because of large student in her class, she recognized my kid as other kid and made my daughter absent. My daughter has to write an email to the teacher what she learnt in his class to prove that she was present. What a pethatic situation, Stoller is overcrowded by Sato and SPV, and they are GROWING exponentially, SATO and SPV cannot feed to any middle school together. SPLIT SATO and/or SPV, or send SPV to FO. STOLLER IS OUT OF CONTROL. If you need PROOF that I get the call and My Daughter send the email to teacher, let me know. And if Committe and BSD need PROOF that teachers use BW pictures of kids to recognize them, its know by principal and the kids will testimony it. Please Send SPV to FO or other middle school, they hurting Stoller and its ranking.
03/07/2020 11:52 PM	jithin	jrathod81@gmail.com	Springville K-8	Stoller MS	Westview		Donot split other schools for Jacob Wismer to Sunset feeder.Just for an optional SUMMA program, lof of time being wasted to talk about retaining it inStoller and going over walkability issues back and forth.In Feb25th MAP A, Even without SUMMA, Stoller to sunset feed will mor ethan 200 kids...kids won't be isolated.That is well in line with the other feeder patterns and way better than Oakhills situation.The Jacob Wismer feeder pattern can be easily fixed my moving all of JW to sunset which has enough spaceand will also address Westview overcrowding.
03/07/2020 5:11 PM	jithin	jrathod81@gmail.com	Springville K-8	Stoller MS	Westview		PLEASE DONOT SPLIT SPRINGVILLE. Human relationships matterPlease donot split Springville based on a few percentage points over in 2025 based on aggressive projections (and FLAT options numbers), based largely on empty lots. We are talking about real children with real relationships here. These are real children that do not have a voice of their own and are looking to this committee to be their voice. Springville children across Arbor Oaks, Abbey Creek and Noyce have real relationships with each other. They play cricket, soccer and baseball with each other at the PCC grounds. They play with each other at the Springville playground. They play with each other at the neighborhood park. Springville and Sato children have real relationships with each other. They play at pirate park. They are neighbors with houses right across from each other. These used to be one school not too long ago! They have only one middle school with proximity given their extreme Northern location.The Feb 25th MAP A preserved human relationships. It kept Rock Creek together with their Bethany neighbors. It kept Springville intact and together with its Sato neighbors. It kept Findley intact with no splits. So it went over in 2025 by a few percentage points, even with aggressive projections. The question is so what? We are meeting the actual board objective of 90% in 2021. We are still going down to 1200 kids in 2025 from 1600 kids in Stoller in 2020, and the population is actually projected to drop after that. Is that not worth preserving communities and relationships over? The children of North Bethany need to have their voices represented and their relationships preserved. Please do not chase arbitrary 2025 targets and punish them. Human relationships matter.

3.7.20 MIDDLE SCHOOL BOUNDARY PUBLIC COMMENTS

03/07/2020 6:37 PM	jithin	jrathod81@gmail.com	Springville K-8	Stoller MS	Westview	Some Jacob Wismer folks suggestings that Springville should go to Five oaks. Its 10 min additional etc etc.THIS IS TOTALLY INCORRECT.If JW can suggest such things why can't they move to Five Oaks?Distance - Jacob Wismer to Five Oaks(via Bethany Blvd) is 3.7 miles.Distance - Springville schoole to Five oaks Via Springville rd and 185th) is 4.3 milesSO JACOB WISMER IS CLOSER TO FIVE OAKS AND THE ROUTE thru Bethany blvd is MUCH MUCH SAFER for them.Also it will decrease the load on Stoller.	
03/07/2020 6:38 PM	jithin	jrathod81@gmail.com	Springville K-8	Stoller MS	Westview	MAP A shows reducing Stoller overload and filling up Timberland. In addition theentire SUMMA shoudl eb moved to Timberland. SUMMA is just an optional program so it shouldnot be given preference over regular programs. JW , SATO and Springville minus SUMMA meets thE objective in 2025 and is totally sustainable in 2025.Also the estimates for 2025 at Stoller doesnt look correct. There is no new growth in Springville now. Also a house with 3-4 bedrooms doesnt mean it has 3-4 kids. There are many houses in Springville with only one kid. IN SHORT HOUSES WITH 3-4 rooms DOESN'T ALWAYS CORRELATE TO 3-4 kids.Please don't sacrifice our children's well-being over what-ifs and empty lots.The 2025 numbers are merely projections. and don't get anywhere close to total capacity andcan be managed.In 2025 even with the over projection, stoller is less than 90% total capacity. So even in worst case scenario, only 1 or 2 portables might be needed in 2025.	
03/07/2020 11:36 PM	jithinr	jrathod81@gmail.com	Springville K-8	Stoller MS	Westview	THERE ARE MORE THAN 14 ELEMENTARY SCHOOLS WHICH ARE CLOSER TOFIVE OAKS THAN SPRINGVILLE.I find it very strange and UNLAWFUL to expect Springville to travelsuch a huge distance, hop around 14 TRAFFIC SIGNAL STOPS, have leadtime for bus stop pick ups, spend time on 185th road which is designatedas the highest prone accident route in Washington county.Even Findley and Jacob Wismer are closer to Five Oaks via Kaiser Road andthey don't have to travel thru 185th.	
03/07/2020 2:27 PM	Kamini	kaminimoorthy@gmail.com	Jacob Wismer Elem	Cedar Park MS	Sunset	ISB	My son walked to school as a BSD student and I can not stress the importance of that.We should keep all of JW together, allow the walkable Findley kids walking to Stoller all while keeping Summa in Stoller. This seems to be the most practical solution. We can not bring a growing elementary school such as Springville to Stoller as this will not help with the overcrowding and we will be back in this same overcrowding predicament in a few years. KEEP JACOB WISMER IN STOLLER ALONG WITH THE SUMMA PROGRAM.
03/07/2020 1:33 PM	kelly roby	roby.kelly@yahoo.com	Jacob Wismer Elem	Stoller MS	Sunset		Hello Committee I am asking as we go into this weeks planning meeting you keep the fundamentals top of mind as you decide:1. School feeder programs that they are healthy and right for our kids2. Walk ability almost all of jw and Findley can walk as we focus on our environment and healthy living for our children this can[?]t be ignored.3. Established neighborhoods. Our entire school is a community we live and will grow up together. Thatls important to me that we keep in tack as we look to the future.I trust you will make the right call.BestKelly
03/07/2020 12:59 PM	kiran	kiran_uict@yahoo.com	Springville K-8	Stoller MS	Westview		Dear committee members, please focus on sending Springville kids to Stoller as this is the only school in close proximity as compared to other elementary schools. Long commute times have adverse affects on kids personal, physical and academic activities. Please prioritize regular program over optional Summa program.
03/07/2020 10:24 AM	Lori Near	lori.near@yahoo.com	Jacob Wismer Elem	Stoller MS	Sunset		Dear Committee - thank you for continued work through this difficult boundary adjustment process. Today, there are 2 elementary schools in North Bethany that have a split feeding pattern to HS; Oak Hills and Jacob Wismer. At the 2-25 meeting, your committee and the community agreed that Oak Hills Sunset feeding students should be moved to Timberland to maintain healthy feeding patterns to HS and NOT isolate the 20 or so students who would essentially be alone at Sunset.Taking a closer look at Jacob Wismer, historically about 25-30 percent of our graduating class have been SUMMA eligible and this year that number is closer to 45 percent. By moving SUMMA completely out of Stoller, you'd be splitting Jacob Wismer and sending a small percentage of Westview bound kids to a middle school that is 100 percent Sunset bound, essentially putting those WV bound kids in the same situation as Oak Hills. Also remember that ALL of those JW Summa kids ARE WALKABLE to Stoller, so that too would be adding a new bus into the mix of an already bleeding BSD budget. Let's NOT spend money irresponsibly on transportation when it can be better used and invested into our students and teachers.Please also consider that the current map has all of Springville, all of Sato and all of Jacob Wismer at Stoller and the issue of overcrowding is not only a problem on day one, but is even WORSE by 2023 and 2025. We CANNOT shy away from the fact that those 2 Elementary schools are continuing to grow and CANNOT continue to feed into the same middle school. Overcrowding is not fair or just for anyone... staff, students or administrators. Also, by having these 3 schools feed into Stoller, it leaves Jacob Wismer Sunset bound students at a disadvantage with only a small percentage who are Sunset bound. If Summa is moved to Timberland, that small percentage of Sunset bound students gets even smaller VERY quickly.Please consider that MS to HS feeding patterns are important. Don't isolate a small number of students unnecessarily. Thank you.
03/07/2020 11:15 AM	Lynnsey Sitter	lynnseysitter@gmail.com	Findley Elem				I'm posting this again and I hope that someone on the committee or from the district presses for clarification here. The district MUST be clear about the ACTUAL increase in cost for bussing ALL of Findley to Timberland. It's NOT the number that many people keep using in their comments. It logically can't be unless you're putting 400 kids on 4 buses. The difference between bussing the kids who are already bussed to Stoller to Timberland instead is the number (\$21k) they're using, ignoring the amount it will cost to bus the other half of the school who currently walk. Those buses will go FARTHER and, logically, cost even more. The district needs to be transparent about the actual cost especially since the inaccurate numbers are being used to support the questionable idea that it's less expensive to bus Findley to Timberland instead of other potential options.

3.7.20 MIDDLE SCHOOL BOUNDARY PUBLIC COMMENTS

03/07/2020 12:30 PM	MadhuR	mrangar@yahoo.com	Springville K-8				EXPONENTIALLY GROWING COMMUNITIES LIKE SUMMA CANNOT FIT IN STOLLER:Dear committee, we have heard a few times now that exponentially growing communities cannot fit in Stoller for a long term "futuristic" solution. Perhaps this is right. Springville is actually not a growing community. But, Jacob Wismer and Findley Summa seem to be exponentially growing communities and will need to be placed elsewhere for a long term sustainable solution for Stoller.
03/07/2020 10:48 AM	Melanye Thompson	melanye.thompson@gmail.com	Oak Hills Elem				Please ensure Oak Hills kids are not isolated. Please send Oak Hills (East) to Timberland with Terra Linda and Oak Hills (West) to a middle school with Bethany. Oak Hills students need to attend middle school with at least one surrounding elementary schools from their community and then attend high school with kids from middle school. This supports the social and emotional experience of these students, which ultimately impacts academics. Thank you.
03/07/2020 1:51 PM	Narender	narendermr@yahoo.com	Springville K-8	Stoller MS	Westview		Afternoon BSD Team,Please give preference to regular school over SUMMA and send all the kids to their near by Middle school.Please DO NOT punish them by sending to long bus ride school as we parents are worried being all the Middle school kids are almost TEENAGERS, bullying and other things take place, so we request you to keep this SAFETY into consideration before taking any decision.Please give equal opportunity to all kids, which will be taking place sending kids to their near by schools.To all BSD adjustment committee: please judge honestly before giving any of your decision, DO NOT bias to any other members as YOU ARE DECIDING bright future kids life[?], so please think you are giving decisions to your own kid.Thank you for all your time.WISHING TO SEE A DECISION on this Middle school adjustment which will give equal opportunity and NOT PUNISH a community kids SENDING them 5 miles away school
03/07/2020 11:15 AM	priya	priyatelang@gmail.com	Jacob Wismer Elem	Stoller MS	Sunset		Dear Committee members, Please don[?]t isolate Jacob Wismer with poor HS feeder patterns. JW ia laready split 2 ways and unevenly so, between Sunset and Westview. Bringing in Sato and SPV overwhelms HS feeder balance, as both are westview feeders. It certainly looks like all committee members want no ES to have splits, as far as possible. We at JW, understand that SPV needs a home, however please please ensure that JW kids are all together at Stoller. Our kids that qualified for SUMMA are a big number of our school. Relocating our SUMMA elsewhere creates another split- puts our Sunset feeding population at Stoller- at a mere 8%, you have the numbers at your disposal. I sincerely hope you will not create another Oak Hills like situation for JW. Keep all of JW together at Stoller, we are not asking for any more than other bigger or smaller schools have asked for, keep our school intact!
03/07/2020 11:12 PM	Priya Mani	heypriya@gmail.com	Jacob Wismer Elem	Stoller MS	Sunset		Jacob Wismer community is exhausted in trying to prove to you that relocating SUMMA would be rock bottom for us. I know there are committee members that have revealed that they would rather not talk about summa, but given that Jacob W is the ONLY Sunset feeding school at Stoller, that too PARTLY- another crack at this school is not only unwarranted, but downright inhuman. After Oak Hills (ok wit split), the only school split in the North is Jacob Wismer. Comprehending that part of our school may be relocated just because a big % of our kids passed a qualifying test, with the consequence was that they would have to give up their friendships and move to a different school is ridiculous. SUMMA kids are first JW kids, and deserve to keep their friendships. Not to mention 100% of these children come from walking able communities. This is simply us asking no different than what every other school has asked for – keep our school all together. If this amounts to splitting SUMMA between Timberland and Stoller, so be it. It is after all a neighborhood school program, that should be offered where a need for it exists. Our kids deserve better from you!
03/07/2020 7:59 PM	PRP	pram125@yahoo.com	Jacob Wismer Elem	Stoller MS	Sunset		Dear committee,Thanks for reading comments and taking community feedback. I would like to let you know that Jacob Wismer community wants a right middle school to high school feeder pattern. The current numbers for Stoller to Sunset in the existing map are too low and would get worse if you want to move Summa program to Timberland. Since all of Jacob Wismer walks to Stoller, it would be prudent to keep Summa at Stoller. This would be one way to improve feeder pattern numbers. Another way is to add Findley walkable kids to Stoller but not sure if that community wants to be at Stoller. We as a community are counting on you to make right decision. Thanks for your time.
03/07/2020 1:15 PM	Rabia Ishaq	rabiarashid@aol.com	Springville K-8	Stoller MS			Dear respected members please please don[?]t split schools . It will not be good for our growing kids . It effect their emotional growing . They play together , learn together, take extra activities together. Please don[?]t break their bonds. Thanks .
03/07/2020 1:25 PM	Rabia Ishaq	rabiarashid@aol.com	Springville K-8	Stoller MS			AC members. Please don[?]t make springville kids travel 2.5 times more just because Jacob whismer school believes their feed pattern will be disturbed if summa is moved elsewhere. At 25 feb meeting their testimony claims their kids will be strangers in sunset school . On the other hand they claims they have 50% of summa population. Then I can[?]t digest how they will be strangers. If we count from the grid map their will be around 200 students who will attend sunset . I don[?]t think 200 students can be strangers for each other. Please summa is not priority. General education is more important. Please choose something that benefits majority. Thanks .
03/07/2020 1:30 PM	Rabia Ishaq	rabiarashid@aol.com	Springville K-8	Stoller MS			Dear members. Working map is the best solution to achieve objectives. It utilized timberland and helps relieve stoller. It brings stoller 90% capacity for 2021. One of the main objective. We might end up little over 100% in 2025 but that[?]s according to assumptions. It might not happen. Please don[?]t punish 400+ kids based on projection. Please don[?]t force them to travel 2.5 times more . Please don[?]t break the communities. Working map is the best solution. Please consider it . Thanks

3.7.20 MIDDLE SCHOOL BOUNDARY PUBLIC COMMENTS

03/07/2020 11:01 AM	Robert Jones	rjones.public@gmail.com	Elmonica Elem	Five Oaks MS	Westview	I was disappointed to see that the Feb 25 map undid the previous maps' progress toward restoring some balance in the FRL numbers across the district. Five Oaks is currently the highest at ~60%, and this proposal does nothing to address that. This was a major consideration during the high school boundary process; I hope to see better consistency.
03/07/2020 1:36 PM	SANJOY K SAHA	sanjoy123@gmail.com	Springville K-8	Stoller MS		EXPONENTIALLY GROWING COMMUNITIES LIKE SUMMA CANNOT FIT IN STOLLER:Dear committee, we have heard a few times now that exponentially growing communities cannot fit in Stoller for a long term "futuristic" solution. Perhaps this is right. Springville is actually not a growing community. But, Jacob Wismer and Findley Summa seem to be exponentially growing communities and will need to be placed elsewhere for a long term sustainable solution for Stoller.
03/07/2020 2:41 PM	SANJOY K SAHA	sanjoy123@gmail.com	Springville K-8	Stoller MS	Westview	Mr. Sparks & Committee Members,Every time there is a meeting, Discussion on the Summa Student Numbers at Stoller and their proximity takes up a lot of time. Looking at the increasing number of summa students at Stoller, it is best to move the program to some other school that has space. More than Springville & Sato, Summa aspirants in the Bethany area are growing at an exponential rate and it would be best to host the program at a less crowded school. keeping in mind the future numbers which are predicted to be half the students of some Bethany area schools, Stoller will not have the needed capacity.
03/07/2020 2:44 PM	SANJOY K SAHA	sanjoy123@gmail.com	Springville K-8	Stoller MS	Westview	feeder pattern for JW is not unusual. Even without summa there will be over 240 JW kids in sunset and they will be reunited with their ES friends too.
03/07/2020 2:51 PM	SANJOY K SAHA	sanjoy123@gmail.com	Springville K-8	Stoller MS	Westview	Please do the right thing, and select the Feb 25th workmap with minimal changes. You will find out very quickly that you can either make a much richer Stoller with ripple effects across the entire district. Or, you can approve the Feb 25th workmap, with a marginally over permanent capacity Stoller in 2025, still under total capacity, still, 400 students less than 2020, after which the population drops, even based on the most aggressive projections.I know there are concerns about JW Middle->High School feeders and that is valid. But I do want to point out that there will still be over 220 Sunset kids in Stoller. It is by no means similar to the OH-E situation and must not be used to unravel the maps
03/07/2020 2:52 PM	SANJOY K SAHA	sanjoy123@gmail.com	Springville K-8	Stoller MS	Westview	Dear Committee Members,I could see the hesitation in approving the last working map at the previous meeting. Here are the most important things to be considered :1) it is the best map for all communities - so far no other map has come as close to keeping Communities together as this one2) diversity and economics are nicely balanced out.3) 14% in 2025 is not a huge number of students worth breaking communities over. That too, projecting on empty lots. BOARD OBJECTIVE ISTO MEET 2021 TARGET which the current working map meets. Believe me, the communities will forever be grateful that they could be together instead of the other way round.4) with the slight change of moving East oak hills to Timberland, this map will be the best possible solutions under the given circumstances.5) Please get this done with so that communities can get over this uncertainty, animosity and fighting over boundaries. Insecurities and the thought of losing their neighbors is bringing out the worst in people, we just want to go back to being friends again.
03/07/2020 2:53 PM	SANJOY K SAHA	sanjoy123@gmail.com	Springville K-8	Stoller MS	Westview	Springville MS kids should not be bused all the way for no fault of theirs.PLEASE do not uproot all or portions of Springville from its North Bethany community
03/07/2020 2:54 PM	SANJOY K SAHA	sanjoy123@gmail.com	Springville K-8	Stoller MS		We realize that this map is not perfect, but nothing ever is, and this is the most balanced path going forward with broad support across a large group of northern families. We need to understand that all of us have to sacrifice something for the greater good. Jacob Wismer is not ready to sacrifice anything. Jacob Wismer want walkability, Jacob Wismer want Summa in Stoller, Jacob Wismer want Findley in Stoller. Jacob Wismer parents need to understand they are not getting split and have walkability to Stoller. If we discard the current map, multiple northern school will be SPLIT.This final working map provides the most optimal path forward, given all the difficult constraints. We all hope that the committee and the superintendent will move forward with the Feb 25th workmap with minimal changes.
03/07/2020 3:53 PM	SANU K MATHEW	SANUMATHEW@YAHOO.COM	Jacob Wismer Elem			Dear Committee Members, I would like to bring to your attention a negative consequence to middle-to-high-school feeder patterns if SUMMA is moved out of Stoller. Today 41% of Stoller feeds into Sunset. With the current working map, this drops to 17% representation as Findley moves out to Timberland. On top of this, if SUMMA is moved out to Timberland, our Sunset-bound JW kids representation in high-school would drop down to single-digit percentages. I would urge you to take this unhealthy JW-Stoller-Sunset feeder pattern into account while considering moving SUMMA to Timberland. Please leave Stoller at SUMMA. It not only maintains a healthy feeder pattern, but also fulfills the walkability goal that we have been stressing on all along. All 97 SUMMA kids from JW are in the walkable zone to Stoller. Lets keep our kids together and save BSD some dollars in transportation.Thank you.
03/07/2020 6:27 PM	Sarat Thaduri	thaduri_chandra@yahoo.com	Springville K-8	Stoller MS	Westview	Afternoon BSD Team,Please give preference to regular school over SUMMA and send all the kids to their near by Middle school.Please DO NOT punish them by sending to long bus ride school as we parents are worried being all the Middle school kids are almost TEENAGERS, bullying and other things take place, so we request you to keep this SAFETY into consideration before taking any decision.Please give equal opportunity to all kids, which will be taking place sending kids to their near by schools.To all BSD adjustment committee: please judge honestly before giving any of your decision, DO NOT bias to any other members as YOU ARE DECIDING bright future kids life[?], so please think you are giving decisions to your own kid.Thank you for all your time.WISHING TO SEE A DECISION on this Middle school adjustment which will give equal opportunity and NOT PUNISH a community kids SENDING them 5 miles away school

3.7.20 MIDDLE SCHOOL BOUNDARY PUBLIC COMMENTS

03/07/2020 11:30 PM	Shauna Rakshe	shauna.puhl@gmail.com	Jacob Wismer Elem				Dear boundary committee, There's been a lot of fighting over who gets to attend Stoller Middle School. In light of that, I really only have two requests for you: 1. Please keep JW elementary kids together in middle school to make the transition easier and preserve good feeder patterns (ALL the JW kids: sunset-bound, westview-bound, and summa). 2. Please make sure the middle school our kids get sent to is not overcrowded in the long term as well as the short term. No 40-kid classes, no canceled teacher conferences because there are too many kids. Of course I'd rather my kids went to Stoller--it's walking distance and walkability is both personally pleasing and fiscally sound. But you can stick us wherever you like, really. Thanks!
03/07/2020 6:43 PM	sidhu	sidhu.arun@comcast.net	Springville K-8	Stoller MS	Westview		Feb25th MAP A is the OPTIMAL ONE1) Reduces Stoller from over 1600 students in 2020 to less than 1000 in 20212) Even the increase in 2025 is only to around 1200 students after which it falls and gets below 1100 in a couple of years again even with aggressive projections.3) MEETS OBJECTIVE 1 Fills Timberland efficiently with all of Findley and most parents don't want to split even most of the walkable areas4) MEETS OBJECTIVE 2- 80% permanent capacity with all of Jacob Wismer, Sato and Springville minus SUMMA5) Even the increase in 2025 is only using 1 or max 2 portables, this is even with the over projections.6) Maintains free reduced lunch at Stoller at 10%. Any other config brings it down to less than 7% even further in an area where it is hard to fix because of the geographic distribution of poverty. This combination will not call for another boundary adjustment in 2025. It doesn't make Stoller overcrowded.7) BSD will gain in transportation costs by moving Springville to Stoller instead of Five Oaks8) Springville is already a stable area with no more new developments in its boundary. By moving SUMMA out of Stoller and redirecting all of Findley to Timberland, the committee would be able to achieve BSD objectives to fill Timberland and bring Stoller to 80% capacity.
03/07/2020 1:34 PM	SM	Shipanmis@gmail.com	Jacob Wismer Elem	Stoller MS	Westview		Dear committee members, Thanks for your hard work! We JW parents are counting on you to be fair to our children. JW's non-Summa and Summa kids are walkable to Stoller. Please keep them in Stoller and do not move them to TL. If Summa is moved to TL, JW's Westview bound kids will have less than 1% Westview bound kids in TL and Stoller will have 9% Sunset bound kids. Which are not ideal numbers at all from any point of view. Please do not split JW!! JW Summa and non-Summa both belong in Stoller!! Thanks!
03/07/2020 5:07 PM	Sonia Lall	Sonia1.lall@gmail.com	Jacob Wismer Elem	Stoller MS	Sunset		Dear Committee, I am sure you are exhausted by now with going back and forth with the decisions and numbers. Really appreciate your selfless decision making process. Putting the entire community's needs before your own gains needs a special kind of person. Thanks for being selfless. I am writing today to let you know that it is in the best interest of the Jacob Wismer community to stay as one community, that all our 5th graders feed into ONE middle school. We want our SUMMA and non-SUMMA, kids to stay together since as it is, there are such few sunset feeders in Stoller. Please do not split our children. JW's situation is worse than Oak Hills. Please think about our community. I implore each of you to listen to the voices of the older community. As a mom I am worried for my child to be in a huge school without familiar faces. Thanks for your time Sonia
03/07/2020 7:36 PM	Subhashini Sreeramsetty	s_subhashini123@yahoo.com	Oak Hills Elem	Meadow Park MS	Sunset		Dear Committee, Thank you SO MUCH for voting to support Oak Hills (East) joining Timberland along with others!!! Moving East Oak Hills-Sunset bound students to Timberland will not only end isolation at Sunset but also certainly reduce the depression among the east oak hills kids. As parents our kid's emotional health matters and once again thank you for voting to move Oak Hills (East) to Timberland middle school. We will be so relieved if, when the dust settles. Thank you! Anil Sreeramsetty P.S. PLEASE KINDLY ASSIGN OAK HILLS (EAST) TO TIMBERLAND ALONG WITH TERRA LINDA AND END ISOLATION.
03/07/2020 11:49 PM	varsha	varshasuren@yahoo.co.in	Springville K-8	Stoller MS	Westview		Do not split other schools for Jacob Wismer to Sunset feeder. Just for an optional SUMMA program, a lot of time being wasted to talk about retaining it in Stoller and going over walkability issues back and forth. In Feb25th MAP A, Even without SUMMA, Stoller to sunset feed will more than 200 kids... kids won't be isolated. That is well in line with the other feeder patterns and way better than Oak Hills situation. The Jacob Wismer feeder pattern can be easily fixed by moving all of JW to sunset which has enough space and will also address Westview overcrowding.
03/07/2020 5:05 PM	varsha	varshasuren@yahoo.co.in	Springville K-8	Stoller MS	Westview		MAPA SHOULD BE REVISED. FOCUS ON 90% FOR 2021 NOT 2025 IN FEB25TH MEETING we had 8 members voting for MAP A. Towards end of meeting there was an additional member (Abdul) who also preferred MAP A. Considering that the total vote count will be 9. So request committee to focus on MAP A rather than thinking of different maps at this stage. a) The Feb25 MAP A with summa moving to Timberland is the most balanced approach for Stoller and Timberland b) Springville, Sato and Jacob Wismer fit into Stoller in a long term & sustainable manner declining after 2025. c) It avoids multiple community splits into elementary school splits. Has support across a large group of Findley, Sato, Springville and Rock Creek parents. d) Even with aggressive growth numbers, it shows modest growth to 2025 well under total capacity which will then decline and will get below permanent capacity.
03/07/2020 5:06 PM	varsha	varshasuren@yahoo.co.in	Springville K-8	Stoller MS	Westview		a) The Feb25 MAP A with summa moving to Timberland is the most balanced approach for Stoller and Timberland b) Springville, Sato and Jacob Wismer fit into Stoller in a long term & sustainable manner declining after 2025. c) It avoids multiple community splits into elementary school splits. Has support across a large group of Findley, Sato, Springville and Rock Creek parents. d) Even with aggressive growth numbers, it shows modest growth to 2025 well under total capacity which then declines and will get below permanent capacity. serves the objectives a) Reduce Stoller to 90% of permanent capacity in 2021 b) Fill Timberland

3.7.20 MIDDLE SCHOOL BOUNDARY PUBLIC COMMENTS

03/07/2020 6:40 PM	varsha	varshasuren@yahoo.co.in	Springville K-8	Stoller MS	Westview	There are inconsistencies from the Committee in the direction to push Chehalem to a non-walkable Highland Park middle school. There were several members who previously advocated for walkable Findley Summa (advantaged) kids to be kept at Stoller but the walkability preference wasn't extended to the mostly Free and Reduced Lunch kids at Chehalem. Can we make these rules be more consistently applied? WE NEED TO BE EQUITABLE.
03/07/2020 5:03 PM	vijay	v_koroth@yahoo.co.in	Springville K-8	Stoller MS	Westview	KEEP COMMUNITIES TOGETHER. SUPPORT MAP A - Sato and Springville students and families make up the North Bethany community. Splitting some of Springville to go to Five Oaks disrupts this community as we currently share the same parks, trails, and local activities. Stoller is the only neighborhood area middle school for North Bethany students. There are 14 OTHER Elementary schools which are closer to Five Oaks compared to Springville. Rock Creek is naturally tied to Springville and Bethany; it should not be removed from both. If any portion of Rock Creek is removed from Springville, it should be placed with Bethany. PLEASE DON'T GIVE PRIORITY TO SUMMA SOVER NEIGHBORHOOD STUDENTS - The Summa program should go where the highest concentration of feeding school kids go in order to minimize splits. The entire North Summa program should go to Timberland with Findley who constitute 40% of Summa students in Stoller.
03/07/2020 5:04 PM	vijay	v_koroth@yahoo.co.in	Springville K-8	Stoller MS	Westview	FOCUS ON MAP A There are many options to relocate SUMMA program but THAT IS AN OPTIONAL PROGRAM. First preference should be given to regular program which IS ABSOLUTELY REQUIRED, OPTIONAL comes second..good to have but not an ESSENTIAL AT ALL. Let us not lose sight of the top two objectives. Fill Timberland and Reduce Stoller. While reducing Stoller, please don't punish Springville, which has only one middle school under 4 miles. Jacob Wismer has two options Stoller and Five Oaks under 4 miles. Findley has five options under 4 miles Stoller, Timberland, Five Oaks, Cedar park and Meadow park. Terra Linda has 4 options under 2.5 miles. Stoller, Timberland, Five Oaks, Meadow park. Please maintain proximity and community for regular middle school education. Shipping Springville to Five Oaks will be unprecedented and a gross injustice. You would be punishing the only school with no other neighbourhood alternatives.
03/07/2020 5:07 PM	vijay	vijayanarun@hotmail.com	Springville K-8	Stoller MS	Westview	STOLLER PROJECTIONS FOR 2025 IS INCORRECT IN FEB 25TH MEETING we had 8 members voting for MAP A. Towards end of meeting there was an additional member who also preferred MAP A. Considering that the total vote count will be 9. So request committee to focus on MAP A rather than thinking of different maps at this stage. There is no further growth in Springville. But BSD projection is showing even more growth for Springville than SATO. How is that possible. Move Jacob Wismer SUMMA to Timberland or full of Jacob Wismer to Timberland. It will serve multiple purposes: a) Make proper utilization of new middle school Timberland which is ONE OF THE MAJOR OBJECTIVE OF BSD b) Jacob Wismer complaints about splits and their kids losing friends will be reduced, since they will be with Findley every time SUMMA or not. c) Reduce the load on Stoller. Just for an optional program, lot of time being wasted to talk about retaining it in Stoller and going over walkability issues back and forth. Stoller capacity required is 90% for 2021 which is already met by MAP A. For 2025 the projections are over estimated besides none of the maps A, B nor C drastically reduces Stoller capacity to less than 100% by 2025.
03/07/2020 5:09 PM	vijay	v_koroth@yahoo.co.in	Springville K-8	Stoller MS	Westview	THERE ARE NINE ELEMENTARY SCHOOLS CLOSER TO FIVE OAKS THAN SPRINGVILLE: It is just wrong to keep bringing this back again and again, especially when the 2025 numbers with SPV in Stoller are around 1200, WELL UNDER the 1600 in 2020, and even that 1200 is based on extremely high projections, and it drops from there after that. All this talk of splitting up Springville over these aggressive projections serves only one cause: An end run to figure out how to keep Summa in Stoller. That only serves a few, and would be a grave injustice. I know we don't have a committee member from our school or neighborhood to defend us, but I truly appreciate all of you who do and thank you for being the voice of voiceless Springville kids in this boundary adjustment. JACOB WISMER CAN BE SPLIT: Jacob Wismer may not want to be split for Timberland, as they may consider it too far (If 4.3 miles is considered too far for them, it should be considered too far for others, though.) But Jacob Wismer could also split to Meadow Park, or they are also only 3.7 miles to Five Oaks, so there are other options for splitting Jacob Wismer. It may make sense for some of their students on the southern end to attend another middle school, and there are a few options.
03/07/2020 7:12 PM	VIJAY AGRAWAL	VIJAY2103@YAHOO.COM	Rock Creek Elem	Stoller MS	Westview	Rock Creek, Bethany and West Oak Hills are one community and we want our kids to stay together. Please DO NOT isolate small schools like Rock Creek from their community. Thank you
03/07/2020 7:14 PM	VIJAY AGRAWAL	VIJAY2103@YAHOO.COM	Rock Creek Elem	Stoller MS	Westview	Keep Rock Creek at Stoller with Jacob Wismer and Sato. This makes sense since Rock Creek is an established community and this way we don't have to displace established communities to accommodate new establishments. This would also reduce the need for split and also balance the numbers out and improve diversity at Stoller. Wondering why is Springville immune from being removed from Stoller when compared to Rock Creek? Or if moved from Stoller move us to Meadow Park with Bethany and Oak Hills
03/07/2020 5:08 PM	vijaya	vijayanarun@hotmail.com	Springville K-8	Stoller MS	Westview	There is a new growth in Jacob Wismer south of Ladidlaw road. There are brand new homes being built for single families. That area is projected to grow to over 100 kids by 2025. That area should be the prime candidate to be zoned to Findley and Timberland.
03/07/2020 7:59 AM	Wei Liu	Xiaoliu86@hotmail.com	Findley Elem	Stoller MS	Sunset	Please keep Findley in Stoller. We live at Bethany Heights in a walking distance to Stoller. My son is going to Stoller in 2021. I saw proposals sending my son and Findley kids to TL. It does not make sense to buy more buses, hire more drivers and burn more gas to send walkable kids, like Bethany Heights kids, to TL, while there is a healthier and greener way.

3.7.20 MIDDLE SCHOOL BOUNDARY PUBLIC COMMENTS

03/07/2020 11:56 PM	Xiaojiao	Stella8561@gmail.com	Findley Elem	Stoller MS	Sunset	ISB	<p>Please encourage walkability when setting up school boundaries. We should use the money for school programs, not on buses. Please do not bus walkable kids to further schools. I hope south schools can also support walkability, not only north schools. Not busing walkable kids and saving money for school programs or to improve under-privileged schools will have more propounding impacts on our children. SPV parents' argument to stay in Stoller can be equally applied to Findley walkable kids. If walkable kids are sent to Timberland, they are isolated from the neighborhood, since we are so close to Jacob Wismer. If our kids can not go to the same elementary school, please give them a chance to stay together in middle school. And, walkables are walkables, there is no one community that is different from others. Please use only 1 criteria and keep all walkables in the neighborhood schools.</p>
