

2020-2021
Lake County Public Schools
VPK Registration
March 25, 2020

If you have a child that will be four (4) years old either on or before September 1, 2020, then VPK is the place for them!

Come visit us on the web www.lake.k12.fl.us [click on the Parent Resources button on the home page and then click on Voluntary Pre-K(VPK)] for more information on our exciting program. You will need to contact your zone school for registration times and classroom availability. Let's work together to get your child kindergarten ready!

***Please note that VPK students are not eligible for before and/or after school care**
