

Lighthouse Academies of Northwest Indiana, Inc.

March 12, 2020

Dear Parents and Guardians,

As news about the Coronavirus (COVID-19) and new cases increase daily, it is our responsibility to keep our school community informed. Currently there are **no** reported or confirmed cases of COVID-19 at our schools, but we remain proactive and are monitoring scholars and staff for signs of any symptoms.

At this time, our schools will remain open and we will send an update should anything change. In the meantime, we ask for your support and remain vigilant regarding reducing the transmission of illness in general:

- Wash your hands frequently and cover your mouth when sneezing/coughing. Encourage your child(ren) to do the same.
- Look for signs of illness in yourself, your child(ren), and family members.
- If your child is ill, notify the school immediately. If they do not feel better in 24-48 hours, contact their doctor.
- Keep your child home until fever free for 72 hours without the use of fever reducing drugs like Tylenol or ibuprofen.
- Pick up your child(ren) who become ill or develop a fever at school.
- Seek medical guidance from your primary care physician as needed.
- Stay up to date: Indiana State Department of Health (ISDH) has a 24-hour call center 317-233-7125 [317-233-1325 after hours] if you, child(ren) or family member(s) are showing any symptoms.

We want to remind all families to verify your contact information with your school in order to receive the most up-to-date information and to be contacted in case of an emergency. Should you have any questions or concerns, please contact your school's main office.

Sincerely,

Jessica Beasley
Superintendent
