

Name: _____ Class: _____ Date: _____

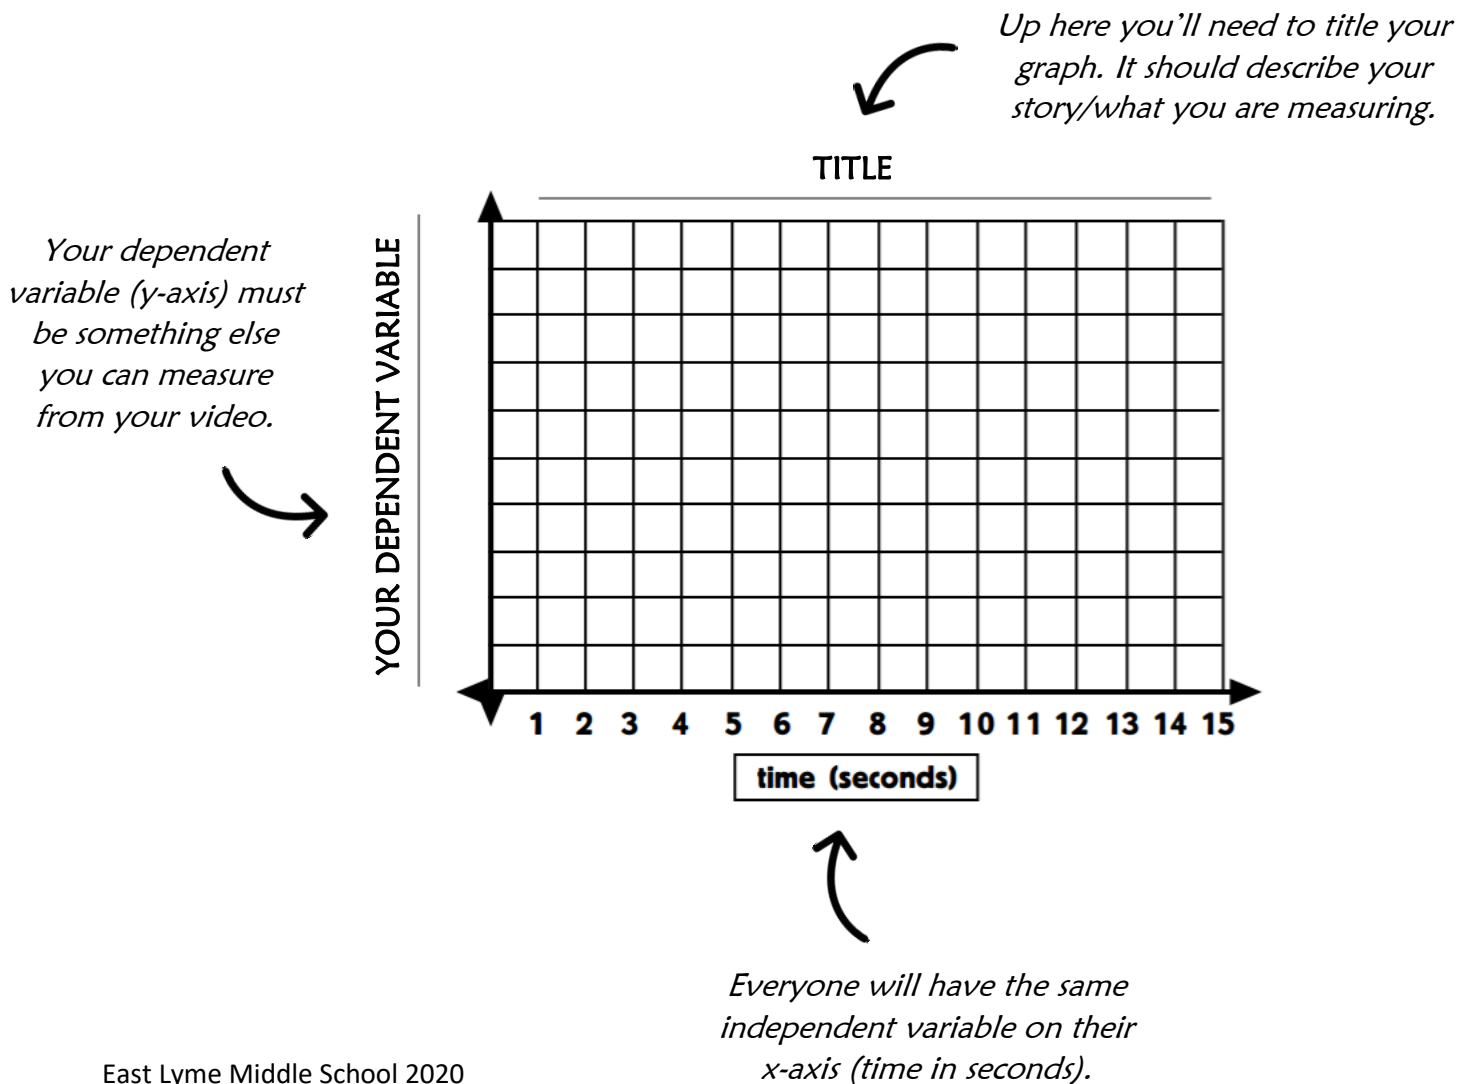

Create Your Own Graphing Story

Your Task:

1. Create a **15-second** video (or skit) of *something happening*.
2. Create and explain graph that *describes* what's happening.

The Graph:

When you create a graph to describe your story, you will use this template:

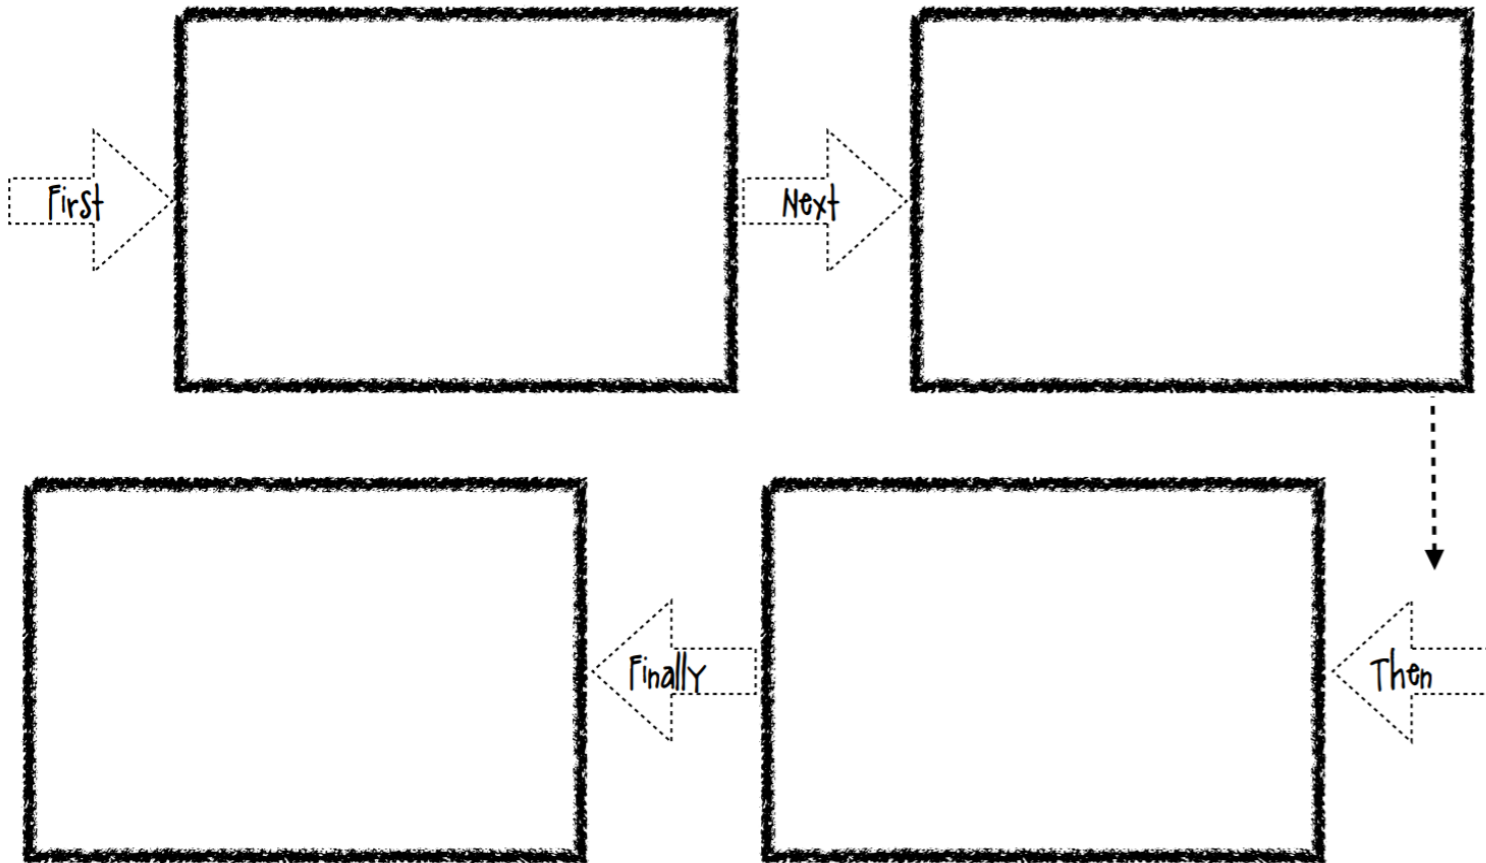

Plan Your Graphing Story

Our Independent Variable: TIME

Our Dependent Variable: _____ (Units: _____)

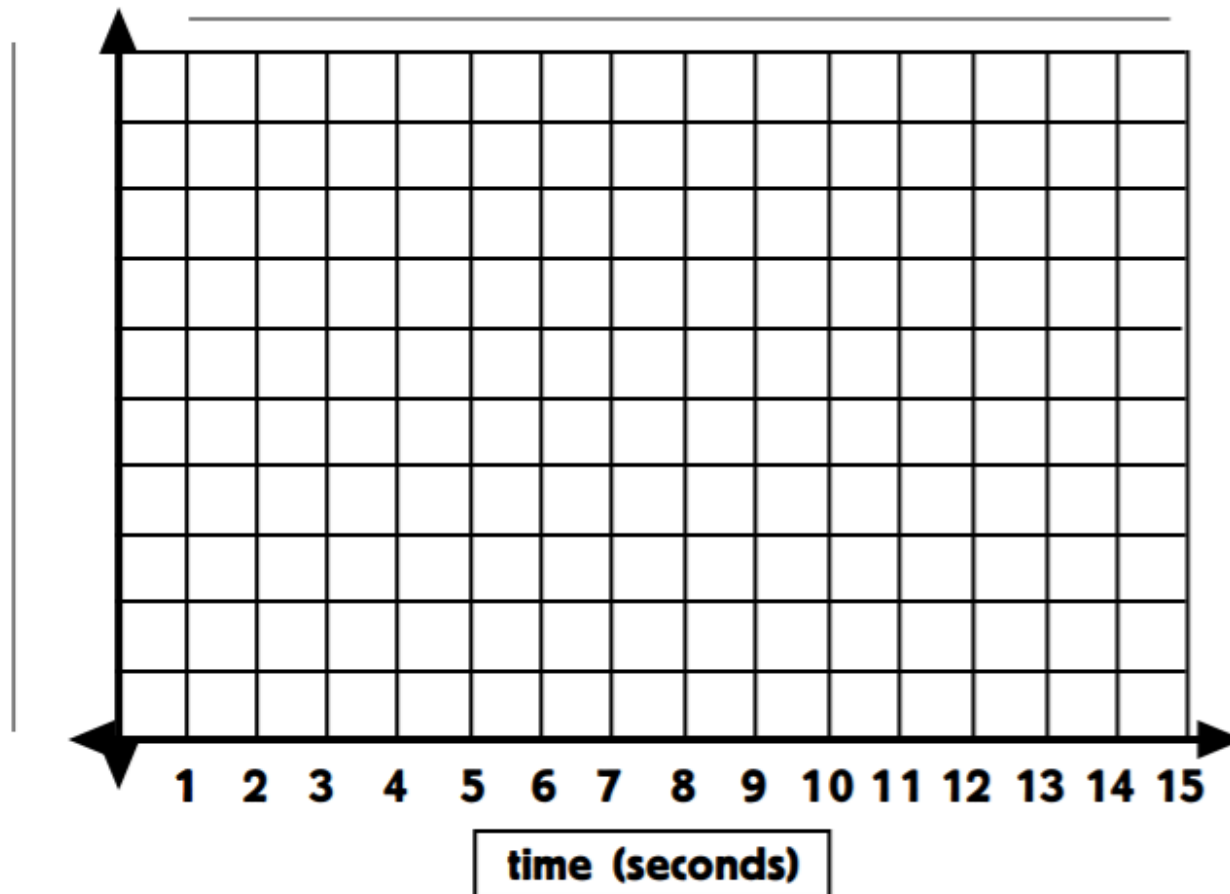

Here's what's going to happen in our 15-second video. (Include details!!!)

Materials Needed:

Graph Your Story (Rough Draft)

1. Once you have filmed (or acted out) your story, sketch a graph to describe what's happening.
2. Play back your video as much as needed to create a completely accurate graph.
3. Once you think you've perfected your rough draft, ask to create your final copy.

Final Graph
