LA REINA

Confident • Capable • Compassionate

March 12, 2020

Dear La Reina Families:

As the coronavirus (COVID-19) pandemic continues to unfold, the health and welfare of our students, staff, and community remains our utmost priority. The reality of our evolving circumstances is causing us all to make significant adjustments to our lives and routines. As promised, we continue to actively seek out the most reliable and up to date information about the coronavirus. La Reina remains committed to providing your daughter with a meaningful academic experience while also ensuring that we implement every measure to prevent the potential spread of the virus and keep your family and our community well.

We will be implementing distance learning beginning next week on **Tuesday, March 17th** and continuing until **April 20th**. This has been a difficult decision to make as we know it will significantly impact your family. While we realize that the distance learning experience will not fully replicate the campus learning experience, please know that we will do everything possible to provide direct instruction and support to our students with no less commitment and care than our faculty, staff, and administrators exhibit everyday on campus.

Tomorrow, **March 13th**, faculty and staff will be working with students to prepare them for distance learning. This will be the last day that students will be present on campus until **April 20th**. *Please ensure that your students has her school issued device, charger, and textbook materials when leaving campus tomorrow.*

Please remain attentive to further communications including information about Athletics and community events. Tomorrow, we will send specific details regarding our distance education program and the schedule through **April 20th**. Thank you for your support and patience as together we navigate these dynamic and challenging circumstances.

We wish your family peace and continued blessings.
