

Kindergarten Spanish - 5 Day Plan - March 2020

¡Hola! Hi kindergarteners. These activities can be done in 1 day or in small chunks over 5 days. Begin with one or more of the songs and then review the fruit and color vocabulary using the pictures below taken from our classroom. We've been practicing this vocabulary and these songs in school, and I thought you'd have fun using them with this tic tac toe activity.

Necessary Materials:

Tic Tac Toe template attached, 9 beans or little pieces of paper, colored pencils, markers, or crayons

Songs: [Hola buenos días](#)
[Las vocales aprendes tú](#)
[A mi me gusta la fruta...a mi también](#)

Vocabulary - see attached pictures of fruit and color vocabulary
frutas - fresa, manzana, naranja, plátanos, piña, sandía, arándanos
colores - azul, rojo, anaranjado, verde, amarillo, café, morado, rosado, negro

Activity: Tic tac toe with 9 different fruits

Use the pictures of the fruits to color a fruit in each square. Then you can practice saying the fruit and its color to your adult. For example I draw a red strawberry in a square and say *fresa roja*.

Extension Activities:

- Play tic tac toe, 3 in a row- horizontal, vertical or diagonal. Your adult will say the fruit (una fresa roja - a red strawberry) and you will place a frijol (bean) or piece of paper on that fruit. When you get 3 in a row you win!
- Children say : Yo la tengo - I have it or Yo tengo la fruta - I have the fruit when they put their bean on the fruit.

Azul

ANARANJADO

GRIS

ROJO
