<td>$800.00</td>

<td>Showcasing Community Partnerships and Building New Opportunities for the Colonial L.I.F.E and Colonial P.R.E.P. Programs</td>
</tr>
</tbody>
</table>

The grant is designed to expand opportunities for the students who participate in the Transition Skills Programs. The programs are Preparing for Responsible Employment Practices and Learning Independence for Employment (P.R.E.P. and L.I.F.E.). This showcase has the potential to impact a larger number of students as we develop community partnerships for internships. There are 21 students currently enrolled. Thirty+ businesses/departments have or are currently offering our students a Structured Learning Experience. They will be honored at the event, as well as four departments in the Morris School District that provide internships for our students in the areas of Custodian Services, Clerical Services, Athletic maintenance, and Food Services. This grant will allow us to increase our community partnerships and to showcase our comprehensive program.

$1,557.20 HC STEM Wonder Wall
The H.I.L.L is the interactive STEM room at Hillcrest School. The room provides opportunities for collaboration, creativity, discovery, and project-based learning. The STEM Wonder Wall project will fund a new resource. This Lego-base wall is a building foundation for all Lego building to take place. Students will draft, engineer, and create endless structures with their peers. Literature and mathematical enrichment opportunities will be enhanced through engineering in the classroom.

$1,500.00 MHS Salud!
We have many more students for whom Spanish is their primary language. There are very few resources for health information (a required subject for graduation). It is important for these students to be provided with health information in their native language. This database will give these students access to much reliable and credible content on many health topics. It is the Gale Health and Wellness Database.
$8,000.00 MHS Latex Ink “Print and Cut” Printer
The grant will serve to expand the graphics lab capabilities and student experience through the addition of equipment that creates long-lasting high quality, marketable products. The proposal is to purchase a full package (machine, training, and media) for the Roland VersaCutBN-20 for integration into branding, logo, and package design projects as well as design show marketing projects. This equipment can produce permanent weather-resistant graphics on decals. This system assists in expanding the production experience for the students.

MHS - $5,000.00
FMS - $4,000.00
LLC - $2,000.00

Each school may apply for a cultural arts grant up to the amount shown above.
PUPIL SERVICES

OUT OF DISTRICT/HOME INSTRUCTION ROSTER

Motion #1 that, upon the recommendation of the Superintendent, the Board of Education approve placements and instructional services for students with disabilities, including those received by the district and those attending schools for which tuition is charged, for the month of March, as noted in the detailed listing maintained on file in the Board Secretary’s office.

EXPLANATION

Students with IEPs whose needs cannot be met in the programs that exist within the district are placed in outside private and public schools approved by the New Jersey Department of Education for students with disabilities. Attendance is monitored monthly in order to ensure students are enrolled as agreed and the state-mandated contract with each school states that two weeks' notice is required for removal of a student. Case managers make at least two visits per school year for each student enrolled in one of these schools, including one visit that involves the convening of an IEP Team to complete an annual review of the student's IEP. In order to preserve confidentiality, all students are identified only by their local and/or state identification numbers in any listing that is maintained outside the Office of Pupil Services.
