What is Coronavirus?

The Coronavirus is a virus

that will make people feel

unwell. It is caused by

germs called a virus.

People who have the  
Coronavirus may have:

Sore Throat/  
Dry Cough

Fever

Shortness of breath

Most people who have the Coronavirus will stay at home to get better.

Some people who have the Coronavirus will go to the hospital to get better.

I can help stop the spread of germs by washing my hands with soap and water.

I can take my time when I wash my hands, making sure I wash between my fingers and all over my hands.

If I can't use soap I can use Hand Sanitizer.

My

school

staff

and

family

will

feel

happy

and

proud

when

I

remember

to

keep

my

hands

clean

to

stop

the

spread

of Coronavirus.
