

First Grade home learning-

Reading-Read 20 minutes aloud to a parent each day. Record the book title that you read.

Math-Practice writing your numbers by 2's, 5's, 10's. Try starting from different numbers. Also, practice writing numbers from 100 on...How far can you go?

Practice telling time from different clocks around your home.

Writing-Pick an animal to research. Learn what they look like (characteristics), what they eat, and where they live. Write down what you've learned using complete sentences.

We've attached paper to use if needed.

Art/Science-draw a diagram of your animal and label the parts. Make sure that you take your time and do a neat job.

Technology-Go on Lexia for 20 minutes a day.

Happy Learning!
