

Meet

Mrs. Mattie

About Me

Hello, my name is Mrs. Mattie! I have been teaching for 10 years in Special Education and 5 of those years were here at Kohl Elementary. I have two grown children of my own. My daughter just graduated from Regis University and my son attends Colorado School of Mines. My amazing husband and I love spending our weekends riding bikes, driving to the mountains, or relaxing at home with the cat!

I love teaching and helping all students succeed and I look forward to another productive year!
