

Meet

Ms. Vanderpol

About Me

Hi, my name is Ms. Vanderpol. This is my first year at Kohl Elementary. I have a unique background of being adopted from China to a large and diverse family in Lynden, WA. I find a lot of meaning and purpose in working with students with disabilities. My heart reaches out to them, connects with them, sees them, and ultimately hopes for them. I am very grateful to be a part of the Kohl community. I am excited to bring fresh and innovative ideas while still maintaining the rich traditions of Kohl.
