SEWING, CONSTRUCTION & TEXTILES 1 & 2

ABOUT

The Designer Sewing courses introduces students to basic apparel design and construction skills. These skills prepare students for the exciting global apparel industry and entrepreneurial opportunities. Students will sew apparel and accessory projects. The second course will further strength and broaden apparel design and production techniques. Students will design and construct intermediate level projects using various construction techniques. These skills prepare students for the exciting global apparel industry and entrepreneurial opportunities.

CAREER PATHWAYS
