DIGITAL MEDIA

ABOUT

A series of courses introducing students to the process of analyzing, designing, and developing interactive media. Students will create and learn digital media applications, while using elements of text, graphics, animations, sound, video, and digital imaging for various formats. The more advanced course is designed to teach the process of planning, instructional design, development, and publishing of digital media and interactive media projects. **Concurrent enrollment available.**

CAREER PATHWAYS

Video Game Designer
Computer Programmer
Computer Systems Analyst

REQUIREMENTS

Semester courses for
Sophomores, Juniors
and Seniors

LOCATIONS

All high schools have
access to take Digital Media
