Learning that works  
for Utah

## GRAPHIC DESIGN 1, 2, & 3

### ABOUT

A three series course including: Intro to Graphic Design, Intermediate, and Advanced Graphic Design. The introduction course provides basic knowledge and skills related to the industry. The intermediate course prepares individuals to apply technical knowledge in the areas of design & layout, related computer software, safety, printing processes, and professional skills. The advanced course will apply effective principles and techniques to project designs.
